JOHN SCOTT 1811-1876

JOHN SCOTT

John Scott, oldest son of Jacob Scott and Sarah Warnock, was born 6 May 1811 in Armagh, Ireland. He emigrated to Canada with his parents, brothers and sisters, leaving Ireland 5 April 1819. They landed in Quebec, Canada, sometime in May. From there they moved to Toronto, then to Markham County. John's father taught school there one year. The following year, the family moved to Trafalgar on one hundred acres of land given them by the Government. This was given to all British subjects who were actual settlers. They resided in Trafalgar nearly eighteen years. John's father built a nice home in Trafalgar and named it Ebenezer Hall.

John Scott married Elizabeth Meneary on 15 April 1836 in Ebenezer Hall. Elizabeth Meneary was born in Dublin, Ireland, 19 Sep 1815. While still living in Canada, their son, Isaac, was born on 6 May 1837. John and Elizabeth were baptized members of the Church of Jesus Christ of latter Day Saints at Churchville, Canada by Isaac Russel. The next year they, along with the other members of the Jacob Scott family, made arrangements to move with the Saints to Far West, Missouri. They left Canada 7 June 1838, arriving in Far West on 2 Sept 1838. They moved back to Nauvoo 18 May 1840.

John Scott was called to Great Britain on his first mission in 1839 and went with some of the Twelve apostles. He was ordained a Seventy and became President of the tenth quorum of Seventy when they were first organized at Nauvoo. He accepted and adopted the doctrine and the revelation on celestial and plural marriage as it was revealed to the Prophet Joseph Smith. While living in Nauvoo, he took for his plural wives Mary Pugh on 3 Feb 1845 and Sarah Ann Willis 24 March 1846. Mary Pugh was born 10 Nov 1821 in Stretford, Herefordshire, England. Sarah Ann Willis was born 4 Feb 1825 in Pittsburgh, Allegheny County, Pennsylvania.

John was chosen as one of the Prophet Joseph Smith's body guards, which position he held until the Prophet's martyrdom. He very often related his experiences with the Prophet to his family and told how he loved Joseph and would have gone through death for him. He also held the position of colonel in the First Regiment, Second Cohort of the Nauvoo Legion. He was very prominent as a military man in the early days of the church. When the Prophet and his brother Hyrum were martyred, John Scott went with others to get their bodies to bring them back to Nauvoo and he then helped with the burial.

After the Prophet's death, there was great confusion over who should be President of the Church. John Scott and his three wives, Elizabeth, Mary and Sarah, all bore testimonies of the transfiguration of Brigham Young. They had no doubt in their minds that Brigham Young was the right man.

From Heber C. Kimball's history we learn that on Feb 18, 1846, the companies were being organized and made ready to start to the Rocky Mountains. In the exodus from Nauvoo they secured about four hundred wagons. All were heavily loaded, but there were not half the number of teams necessary for a rapid journey. Most of the families were provided with the provisions to do several months. Colonel Steven Markham and about one hundred pioneers were sent in advance of the main body to prepare the roads. Colonel John Scott with about one hundred men and artillery and Josea Stout with about one hundred men acted as police guards, armed with rifles. On the morning of March 1, they were notified to be ready to start at noon. They reached the Missouri River about the middle of June. Here they found the Pottawatoma and the Omaha Indians friendly.

It was then that the call came for 600 men to go to Mexico to fight. They were mustered out and "The Mormon Battalion" started on their trek about the middle of July. The idea of the Saints going to the Rocky Mountains for that season was now abandoned.

The Camp of Israel prepared to go into Winter Quarters. This name was given to their winter settlement on the Missouri River. This place is now known as Florence, Nebraska. President Brigham

Young requested John Scott to remain one more year to assist those who would be in this company to be properly equipped for traveling across the plains. He did this and also went on a mission among the non-Mormons to gather and collect old clothing to help the Saints for traveling. While at this work he converted three people to the Gospel.

John Scott and his family started West 30 May, 1848, in Heber C. Kimball's company. John was chosen as Captain over 10 wagons. Mary and Sarah Ann took turns driving a team of mules. Elizabeth had five small children. Mary had one. At one time John Scott's wagons were surrounded by Indians. They were saved by a white man who had some influence with the Indians. The man had been captured by the Indians and had been compelled to live with them. He had known John Scott while they attended school together in Canada. They arrived in the Salt Lake Valley 24 September 1848.

After their arrival in Salt Lake Valley, John was transferred from the tenth Quorum of the Mill Creek Ward. There, through his influence and help, a school was built. It was named the Scott School and his wife, Mary, was the first teacher. This building still stands in Salt Lake City and today is known as the Pioneer Craft House on 33rd South.

On Friday, April 6, 1855, John received a call to go on his second mission to great Britain. He obeyed the call and left his families to face the hardships of building up a new country and of enduring the famine. During the summer the grasshoppers did serious damage, destroying nearly everything that was growing in many parts of Utah. They endured this and many other hardships. Every week flour was weighed and measured according to the number of children in the family. They gathered roots and Sego Lily bulbs for food. Anything and everything was done to keep their children from going hungry.

When President Young received word that Johnson's Army was on its way to Utah, he sent John Scott his mission release and told him to come home as speedily as possible. He arrived home 19 Jan 1858. The Elders who labored and came home with him were: Elders Orson Pratt, Ezra T. Benson, John Ray, John M. Kay, William Miller and others. John's two oldest sons, Isaac and Ephraim, had been called into service. They had been the family's main help and protection while their father was serving on his mission to England. When John arrived home, he moved the family to Provo with the Saints until the trouble was over.

The people had become almost destitute for clothing by now, but a market was found at the soldier's camp where they bought produce. This circulated the money and enabled the people to supply themselves with clothing, shoes, and other necessities. After things settled down peacefully, people engaged in farming and other ways to make a living for their families.

In 1860, after his return from his second mission, John and Esther Yeates, his fourth wife, were married by President Brigham Young.

On several occasions, John Scott was sent to Southern Utah to protect the settlers from the Indians. Even though he believed that kindness was the best way to handle the Indians, he was obedient to those in authority. He believed that if the Indians were treated kindly and even fed, it was better than fighting them. He was always kind to them and had many friends among them.

John Scott married Roxey Angeline Keller (fifth wife) in 1868. Angeline was born 29 April 1851 in Millcreek, Utah. She was the daughter of Alva Keller and Roxey Lucina Elliot. She witnessed the destruction caused by the crickets and grasshoppers. She was just six years old when Johnson's Army was a threat to their safety. Alva took his family to Alpine for protection until they could return to their home. Though she was seventeen and John was fifty-seven, her parents encouraged the marriage.

John moved his last two wives and their children to Millville, Cache County, Utah, where he

resided most of the time until the summer of 1876. Because of the illness of his first wife, Elizabeth, he moved back to Millcreek.

In December 1876, he went to Millville to visit his family and contracted a severe cold, which developed into pneumonia. In less than a week he departed from this life, on 16 Dec 1876. Before he died, he bore a faithful testimony to the truthfulness of the gospel to those of his family who were at his bedside. He died in full fellowship in the Church. His funeral was held in the Mill Creek Ward, his old home. He was buried in the Salt Lake Cemetery.

His wives were all splendid and honorable women. They lived the lives of good Latter Day Saints and they were faithful. Their examples could well be followed by their posterity. Elizabeth, the first wife has always been called "Mother" by the entire family. She was in every deed a second mother. The individual life histories of each wife appear in Section 5 of this book. When the children were young, every family member would meet together in one large room in her part of the home for the evening prayers. Here John would have them sing a hymn and then they would have the family prayer. The children, brothers and sisters, were kind and loving with each other. They were united.

Among those to attend and speak at John's funeral service were President John Taylor, George Q. Cannon and Joseph F. Smith. All spoke of his sterling qualities and noble character and also of the good things he had accomplished in the Church and communities where he had lived. He was loved by his brethren and sisters for his pleasant and cheerful ways. He was always ready to give cheer and comfort to those in distress. His life was a blessing to his family and friends. His entire life was devoted to the Church and whenever the opportunity came, he testified that he knew that Joseph Smith was a true Prophet of God.

TO THE SCOTTS WHEREVER YOU ARE!

To the Scotts across the county far and wide-
In the U.S., Canada and other countries we do abide!
That brave Irishman started it all
When he landed in Quebec with his children small.
T'was Jacob and Sarah that bid Ireland "Good-bye!"
And traveled by ship with waves so high!

In eighteen hundred and nineteen, the year-
They landed in Quebec or so we hear!
Moved to Toronto and then to Markham County
Where Jacob taught school one year for \$100.00 bounty
Plus the fees that the parents of his students paid
Until the British government came to his aid.

One hundred acres of "Crown" land was their gift
And to British settlers the burden they could shift
Of colonizing, developing and tilling the soil there
Eighteen years they finally did share.
They built a house called "Ebenezer Hall"
The bricks were hand made from their farm's clay for the walls.
The verandah is set in line with the noonday sun
Of historical importance, it's a special one.
Designated "unique" (Mississauga Heritage Committee)
In 1836 John and Elizabeth were married there, little did they
Know where their lives would take them as they moved along
By wagon teams and oxen and horses so strong!

They moved to Missouri, "Far West" the place
Arriving in September of 1838.
They had joined the Church; persecution was rife-
So they moved to Nauvoo to avoid the strife!

Jacob had six brothers, three sisters; ten kids in all
But who were his parents? We can only guess, that's all!
They all left Ireland, the Isle of the Green
Some to England, the U.S. and Canada, it seems.

This is the record of Jacob, John, and their children fond-
Who scattered like leaves or the spray on a pond
When a speed boat comes whizzing by
And throws the spray way up to the sky!

It's hard to keep track of one another
But the Scotts have done well their history to cover.
It has been done! The sections will tell
About their families and do it well!
The hardships, the victories, the battles to win-
Stories of loved ones encompassed herein!
So read and give thanks for your background today
Cornerstones for tomorrow are laid this way!

CONVENTIONS AND ABBREVIATIONS

CONVENTIONS USED IN THIS BOOK

The conventions of font style, text size, capitalization, abbreviations and format were established in some detail, however, the material prepared for this book was prepared over a number of years, and by literally scores of people, some before all of the style and format was established. Some of this was done on a typewriter and other by computer, with a wider variety of word processor software than was anticipated. Where material was prepared in a different format or using a different convention than prescribed, the material was revised where practical. However, unlimited time was not available to redo all that did not conform, so there will be some variations from what is described here.

Full names - Where the full name of an individual is given it is in bold type to help in finding. Where a full name is not known or not given in the text, that portion that is known is in bold type.

Surnames - Surnames are in all upper case characters where they occur as part of a complete name. Maiden surnames are used for married women where known and are indexed under their maiden surname. In the Index, where a maiden surname is not known the individual is listed under her married surname with an asterisk (*) preceding the given name(s).

Nicknames - Where commonly used nicknames are known they are listed in parentheses "()" within name of the individual at the individual's primary listing (following the individual's ID Number) and in the Index.

Preferred given name - Where a preferred given name other than the first given name is known it is underlined at the primary listing of the individual.

ID Number - An identification number is assigned to each direct line descendant of Jacob SCOTT, father of John SCOTT. The in-law individuals listed do not have ID Numbers assigned. These ID Numbers precede the individual's name at the beginning of their listings; in child lists, where listed as a parent and follow the name in the Index. When a direct-line individual is referred to by name at other locations the ID Number follows the name as a superscript. The ID Number is made up of several one or two digit groups separated by periods. The quantity of the number groups indicates the number of generations since Jacob SCOTT, or since John SCOTT, for John SCOTT's descendants. The number in the first group is assigned as follows: "1" is assigned to Jacob SCOTT, the numbers 2 through 9 are assigned to Jacob's children in birth order, and numbers 10 through 46 are assigned to John SCOTT's children in birth order. The number in each following group gives the birth order of the child relative to the direct line parent. This system is not totally consistent, but eliminates the need for a "1.5." prefix on 99.99 per cent of the ID numbers. For example, the ID number "7.3" is assigned to the third child of Sarah SCOTT, Jacob's sixth child. The number 12.8.6.1 is assigned to the first child of the sixth child of the eighth child of Louisa SCOTT who is

assigned the ID Number of "12." These first position ID Numbers are listed in the Table of Contents.

Organization of the book - the book is organized into sections corresponding to the first position ID Number segment for each of Jacob SCOTT's children that had descendants, and for each of John SCOTT's children that had descendants. The Index is organized alphabetically with page number given for the primary entry for the individual. The primary entry is that entry where listed as a parent, if the individual is a parent, and if the individual was not a parent the primary listing is where they are listed as a child in their parent's family. In "child lists" a plus sign "+" preceding the I. D. Number indicates that a primary listing follows, in numerical order. An Addenda and Errata Section is included for information received after a section had been finalized and indexed.

Dates - Dates are in the day - month - year format with the month represented by a three letter abbreviation to avoid misinterpretation.

Place names - Where the information was available, locations associated with birth, marriage, death and burial are listed with the county name to minimize confusion. This information must be interpreted carefully since some county boundaries have changed several times over the period covered by this book. The county reference, if taken from an old record may not agree with the current county of the town or city. This is very true of the area around Rigby, Idaho where some communities have been in three different counties during the period of Scott descendant residence. Some confusion may also arise from names of rural areas that are not, or never have been incorporated as an official town or city. In these areas, boundaries are very loosely defined or the definition has changed as new communities have developed. Where townships exist and are part of a place name the word "Township" or the abbreviation "Twp" is used to clarify.

ABBREVIATIONS

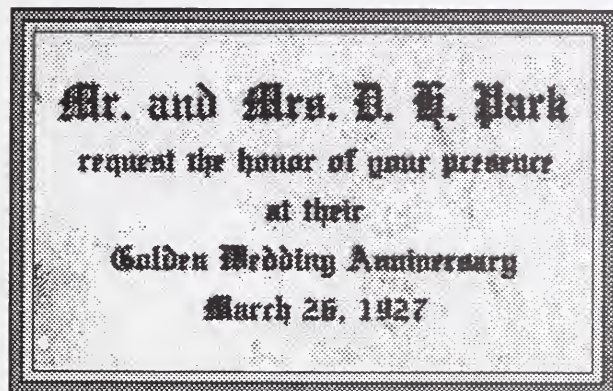

States - Abbreviations follow the U.S. Postal Service two letter abbreviations.

Months of the year - Month abbreviations are the first three letters of the month.

Where other abbreviations are used we have strived to use standardized, well recognized abbreviations.

Lucy Jane Scott and David Harvey Park

David Harvey Park & Lucy Jane Scott 50th Anniversary

+25. Lucy Jane Scott was the fourth child born to John Scott and Mary Pugh. She was born 19 Apr 1855, at Mill Creek (later Salt Lake City), Utah. She fell down the cellar steps at the age of two and suffered all her life from an arm that did not heal correctly. She married David Harvey Park (son of Samuel Park (1828) and Jean Harvey (1831)) on 26 Mar 1877. They were some of the first pioneers at LaBelle, Idaho. She had beautiful white hair in her older years and loved to have it fixed and combed. One of her grandchildren remembers her saying "Dave, don't you think the way I look I could find a younger, better looking man than you?" Another one of her grandchildren remembered the tea parties with "tea and cookies" she always had for her granddaughters. She loved to have her family around her and encouraged them to come and spend time. The children loved to play in the yard, while the adults played pinochle, sometimes all night. Lucy Jane died 27 Mar 1936, at Dubois, Clark, Idaho. She was buried in the Little Butte Cemetery at Annis, Jefferson, Idaho on 1 Apr 1936. They were the parents of ten children.

+25.2.4 Leona Vilate Hall was born on 9 Sep 1904, in Annis, Fremont, Idaho. She was the fourth child of Ira Amos Hall and Lucy Vilate Park. Even though her family worked hard, she had a very happy childhood. She helped to can and preserve their food to help earn a living. She received her schooling in Annis. She married Lester James Van Leuven (son of William Elliot Van Leuven and Julia Ann Lake) on 27 Dec 1920, in St. Anthony, Fremont, Idaho. They lived on the Van Leuven family farm at Felt, Idaho and then moved back to Annis to be near her parents. After a time, a job opened up at Roger Brother's Seed, in Twin Falls, for Lester, and so they moved to Twin Falls where they had a small farm. The Great Depression and Bank Crash in 1929 caused them to lose the farm. Lester had an opportunity to work on the railroad and to buy a small farm in Roberts. In 1934, they moved there and Leona lived on this farm for the rest of her life. She was a homemaker, a school lunchroom cook for many years (which she enjoyed immensely), and a PTA president. She spent many of her later years doing genealogy and temple work for her ancestors. She loved to quilt, sew, and read. She loved her extended family and tried in every way that she could to show that love. She was preceded in death by her husband Lester James Van Leuven on 7 Dec 1961. She passed away following a long illness on 19 Jun 1992, in Driggs, Teton, Idaho. She was buried at the Little Butte Cemetery at Annis, Jefferson, Idaho on 22 Jun 1992. They were the parents of eight children.

THE FAMILIES OF JOHN SCOTT AND SARAH ANN WILLIS

SARAH ANN WILLIS

SARAH & BENJAMIN

(About 1881)

5. JOHN SCOTT son of JACOB SCOTT 1 and SARAH WARNOCK, born 6 May 1811, Armagh, Ulster Co., Ireland, died 16 Dec 1876, Millville, Cache Co., Utah, bur Salt Lake City Cem., Utah, md 3rd 24 Mar 1846, Nauvoo, Hancock Co., Illinois, SARAH ANN WILLIS,

Life Sketch of Sarah Ann Willis Scott

Written by Sarah Melissa Scott Walker

Sarah Ann Willis was born February 4, 1825, in Pittsburg, Allegheny, Pennsylvania. She was the first child of Benjamin Willis and Hannah Himbleright. She had four brothers and sisters. She was of good parents and they had religious minds. She was taught early in life--reverance of God. When young she walked three miles to school each way. Her school book was the New Testament. She was well versed in the Bible. Her parents and entire family joined the church and Sarah Ann was baptized in 1841. They then moved with the pioneers and lived with the hardships and privations of the 1840's.

On March 24, 1846 she met and married John Scott. She was 21 and he 35. She became his third wife when she accepted the Doctrine of Celestial and plural marriage. Her husband was a Colonel in the Nauvoo Legion and a body guard of the Prophet Joseph Smith.

After the Prophet's death there was great confusion over who should be president of the Church. John and his three wives; Elizabeth, Mary and Sarah Ann all bore testimonies of the transfiguration of Brigham Young.

On February 18, 1846 under the company of Heber C. Kimball they organized and made ready to start for the Rocky Mountains. They reached the Missouri River about the middle of June. The camp of Israel or Winter Quarters was set up. While at Winter Quarters her first child, Joseph Lemuel was born.

The next spring they started across the plains with a young baby in her arms and driving a team of mules. Much of the work fell on Sarah Ann and John's other wives as he was one of the captains and others needed his help much of the time. They had many experiences on this journey, at one time John's wagons were entirely surrounded by Indians. They arrived in the valley 24 September 1848. They moved south of Salt Lake City and settled on 100 acres of land. They called this Millcreek.

In April of 1855 her husband received a call to go on a mission to England and Ireland. He left his family too face the hardships of building up a new land. They had famine and grasshoppers. To survive they weighed the flour for each member of the family, gathered roots and sago lily bulbs. Sarah Ann did fancy hand sewing for people that were better off than the Scotts. Her sewing was shirt busoms, collars, fancy tops, etc., and her pay was a few pounds of flour per day. They did anything to keep their children from going hungry. When President Young received word that Johnston's Army was on the road to Utah, the family moved to Provo with the saints until the trouble was over. Sarah had her 5th baby, a boy she named William while her husband was on a mission in Ireland. Her husband arrived home January 19, 1858, this was his 2nd mission for the church.

Sarah's entire family had joined the church, when the leadership of the church fell to President Brigham Young her father refused to accept him as President. They remained in the East when the saints moved to the Rocky Mountains. At the time of the gold rush, Sarah's parents were among the many to go to California. When they passed through Salt Lake City, her father would not allow her mother to stop and see her daughter, because he was so opposed to plural marriages. This was a great grief to my mother when she was told that her parents had been in Salt Lake City.

My mother and her brother John, were the only ones to remain with the church. While crossing the plains in 1856, John died, and was buried on the plains. Her father Benjamin Willis, came to Utah when he was eighty years old. He said that he had decided to go back to California, sell out, come to Utah, and join the church again. He went back to Visalia, California, but he never lived long enough to come back again. My mother never saw her mother again after leaving Nauvoo.

Her brother William while on a visit to my mother was converted and baptised. The temple work has been done for the rest of her family. The Willis family all had dark hair and dark blue eyes. They were intelligent people. She gave up everything for her religion. Her mother and father and sacrifices that she made were plentiful. She lived and died at Millcreek Ward five miles south of Salt Lake City. At the present time the City extends out that far.

Her funeral services were held in Mill Creek Ward. Apostle John W. Taylor was the principal speaker. She was buried in the Salt Lake City Cemetery. Thus ended the life of a noble woman, who was active in Church work. She had devoted all her life to the church. She had a great many friends and was loved and respected by all who knew her. She worked in the Relief Society up until the time of her death. Her early life was spent amid hardships and privations of pioneer life which gained for her an experience invaluable during the remainder of her life increasing and strengthening her faith in the gospel. She died 30, October 1890. She would have been 65 in February.

She was the mother of nine children, Joseph, Rebecca, Simeon Willis, Zebulon, William Reuben, Hannah, Martha, Sarah Melissa, and Benjamin Franklin. She had buried Zebulon when nearly a year old and Rebecca died when she was twenty one. Sarah Ann died 14 years after her husband.

Joseph Lemuel SCOTT

1847-1922

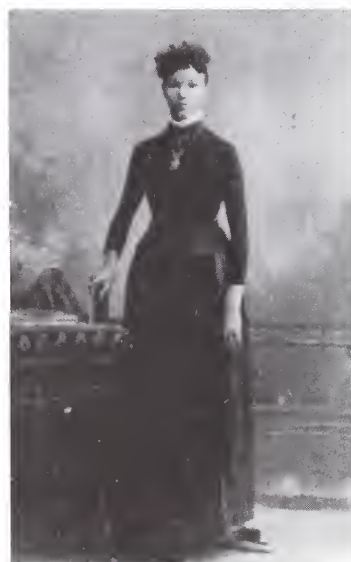

27 **Joseph Lemuel SCOTT**, the oldest son of **John SCOTT** (Jacob ¹) and **Sarah Ann WILLIS**, was born 16 Apr 1847 in Winter Quarters, NE. He was carried across the plains in 1848 to Salt Lake City. He lived with his mother at her home at 3317 South 700 East in Salt Lake City until her death.

Joseph Lemuel Scott

Sarah Ann, his mother, reached a time in her life that required some constant help, when **Sarah Jane HEMSLEY** came to help at her home. She was liked by Sarah Ann and she convinced Sarah Jane to marry her son Joseph Lemuel. Sarah Ann promised Sarah Jane that if she would marry her son Joseph Lemuel, she would see to it that they would inherit Sarah Ann's house and property. **Sarah Ann Willis SCOTT** died 30 Oct 1890 and Joseph Lemuel and **Sarah Jane HEMSLEY** were married 27 Nov 1890.

Sarah Jane HEMSLEY was born 9 Dec 1871, to **Edward HEMSLEY** and **Margaret Daniel**

Sarah Jane Hemsley Scott

BROWN.

Joseph as a baby became very sick, his life hanging by a thread. All were waiting for the end to come, when **Heber C. KIMBALL** came into the house. He went over to the baby and gave him a blessing; telling him he would recover and the time would come when he would stand at the head of his father's family in doing Temple work for the salvation of the dead. Joseph recovered rapidly and years later when temple work started, he was the oldest living son of **John SCOTT** and **Sarah Ann WILLIS**; and was told by President Lund to put his name on record as the heir to the Scott family. Thus bringing to pass the blessing given him by **Heber C. KIMBALL**.

Another incident in his life was after he and his sister Hannah had been baptized for all of the names of their mother's family they could find. He was working on a water ditch, and was eating his dinner a short way from the other men. A man came to him and asked why he was not baptized for him, too. Joseph asked him what his name was, but before he told him he disappeared. The next day at the same time, the man came to him again and said, "Yesterday you asked my name, today I will tell you." Joseph wrote down the name so he could get the temple work done, and the man disappeared as before.

I don't know much about their life, except that my parents had been living in San Francisco, and decided to return to Salt Lake City. My father, Joseph Erven was very ill and they were staying at his parent's home. Joseph Lemuel walked to State Street to a drug store to get some medicine for his son. On the

way home a blizzard came up. Near the bridge over the Mill Creek stream, a car struck him. He was taken home and

Joseph L. Scott on road construction (arrow)

his daughter Sarah Luzella took care of him, but he died a few days later. He died 11 Nov 1922 in Salt Lake City.

My father's illness turned out to be mastoiditis, and he had to have surgery before he recovered.

I was only 2 ½ years old, but I remember being held in Grandpa's arms and also going to the cemetery in a friend's car for his burial.

Grandma Sarah Jane lived many years in that old house. In her possession was a black powder pistol. It probably belonged to Grandpa SCOTT. I have it in my possession. **Sarah Jane HEMSLEY** died 4 Jul 1962 in Salt Lake City and is buried by her husband Joseph Lemuel in the Salt Lake City Cemetery.

They were the parents of four children:

- + 27.1 **Joseph Erven SCOTT**, born 31 Aug 1891; married **Della GARDNER**.
- + 27.2 **Edward SCOTT**, born 5 Mar 1893; married **Margaret MELLOR**
- + 27.3 **Sarah Luzella SCOTT**, born 24 Aug 1895; married **Bruford REYNOLDS**.
- + 27.4 **Victoria Margaret SCOTT**, born 17 Jun 1898; married **Melvin SMITH**.

27.1 Joseph Erven Scott (son of Joseph L.27 John5 Jacob1) and Sarah Jane Hemsley was born 31 Aug 1891 in Salt Lake City, Utah at the family home, 3317 South 7th East. This was a part of the John Scott homestead and near the original cabin. He graduated in 1912 from Granite High School which is across the street from the "Scott School" that was made possible by the donation of land by his grandfather, John Scott. He received a four year scholarship at his graduation, whereupon he enrolled in the University of Utah.

Erven 1917

He worked for Indian Affairs on the reservation and had beaded leather gloves and leather watch fob made by an Indian girl as a gift before he left. The gloves are in the possession of LaMar D. Scott. In the meantime he met and married Della Crystal Gardner 26 April 1917 in the L.D.S. Temple in Salt Lake City, Utah. Della, born 10 Aug 1896 in Salt Lake City, was the daughter of George Albert Gardner and Clara Amelia Bosh.

The couple moved to San Francisco, CA after their first child arrived. He was employed at the Electric Appliance Co. After their second child was born, they moved back to Salt Lake City, and he secured employment at the U.S. Post Office in downtown Salt Lake City.

Erven was ill when they returned to the Scott household. This is when his father went to get some medicine. On the way home he was hit by a car and a few days later died. Erven always felt responsible for his father's death. He therefore, felt responsible to care for his mother Sarah. He helped her subdivide the two acres. It was set up so that each of her children received one lot and bought one lot. That would give each child two lots and also give her money to live on. In addition, he built a store with gasoline pumps (the first convenience store) to supplement her income. She wasn't capable of operating the store alone. Erven built a house on his lot in 1929 to be near her and be able to help her.

Erven married Betty Elise Morgan 23 Apr 1942. They had one child and divorced later:

- + 27.1.5 Betty Josephine Scott, b 9 Mar 1943, md Robert Alan Herbst

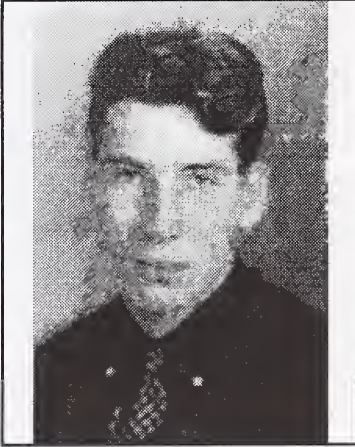

Erven married Mina Theresa Heller May, 30 Jun 1952 in Salt Lake City, Utah. She was a loving wife and companion for twenty-one years. After his retirement from the postal service, the couple took many sightseeing vacations in the U.S. He loved to hunt and fish and camp out. He was fascinated with God's creation of man and earth and spent many

Mina May & Erven 1972

hours with his growing of flowers, vegetables, and fruit trees. He loved to be in tune with nature, and as a young boy growing up, spent many hours on horseback, traveling the foothills near his parents' home. He died 5 Dec 1973 in Orem, Utah at the age of 82 and is buried by his first wife, Della, in the Salt Lake City cemetery.

27.1.1 Erven Allen Scott (son of Joseph E.27.1 Joseph L.27 John5 Jacob1) and Della Crystal Gardner was born 29 Oct 1917 in Salt Lake City, Utah. He attended Granite High School there, then enlisted in the Navy in 1935, completing boot camp in San Diego, CA. After boot camp he was assigned to the aircraft carrier USS Saratoga and was initiated when it crossed the equator south of Panama before returning to San Diego.

Allen 1935

In 1936, five years after Japan's first assault on China, their shadow fell all over the Yangtze River. Nanking fell in 1937 as did Canton and Hankow in 1938. It was during this conflict that Allen went to Shanghai on the USS Augusta, a pocket battleship, and was later transferred to a destroyer guarding U.S. Standard Oil products. When the U.S. gunboat Panay was sunk on the Yangtze River (Dec 1937), his destroyer filmed the sinking and with

great difficulty delivered it to the U.S. Embassy in Manila. It was the film shown on U.S. movie newsreels. Three American tankers were also bombed and destroyed. Two days later Japan apologized, another "honorable mistake" that led to great U.S. unrest and Allen's belief then that war with the U.S. was inevitable. Upon his return to San Diego he was discharged from the Navy in 1939.

At his father's store, Allen met Lola Bernice Shelledy, born 7 Aug 1918 in Pleasant Grove, Utah, the daughter of Harry Guy Shelledy and Mabel Gertrude Green. They married 22 Feb 1940. Several months later he joined the U.S. Coast Guard, and they were placed at the Port Chicago Lighthouse, a small island station in Suisun Bay a mile from Port Chicago, CA. Later, when the historical Port Chicago ammunition dock explosion

Lola 1937

Allen 1936

occurred, killing some 380 people on two ships, Allen and Lola had just returned from Port Chicago and put their two small children down for naps. At first they thought they had been bombed. Allen ran upstairs to check on his daughter. Lola ran barefoot over broken glass to check their baby son in the front room. Both were safe. She looked across the room at what had been a large plate glass window overlooking the bay towards Port Chicago. The front end of one of

the blown ships was floating down the Sacramento River. The roof of their home had been blown off, and large pieces of metal had fallen through. Much of the Port Chicago railroad had been strewn all over the island along with other debris. All their windows

had been blown in, glass scattered everywhere, and furniture thrown about. Their station launch boat had been tossed fifty feet up onto the island from the dock. All power and communications were out. Assuming no possible survival, U.S. Coast Guard Headquarters in San Francisco waited till morning to send a cutter to assess damage and care for the dead. They were amazed to find everyone had survived with only a minor glass cut injury to Lola's foot.

Patricia & Raymond 1951

Allen and family moved to Concord, CA for the next two years, after which he left the Coast Guard and they returned to Salt Lake City where he worked for the Denver and Rio Grande Railroad and part-time helping in his brother-in-law's auto repair shop. A few years later they moved to Sacramento, CA where he did painting and body work for Fruehauf Trailers.

Allen and Lola had enjoyed square dancing together, and he made all her complicated beautiful square dance dresses, never using a pattern, but designing his own, the result of a high school home economics class. He had earlier taught his

daughter sewing skills.

He was kind, gentle, and a hard worker with a great sense of humor. He enjoyed country music, occasionally plucking a guitar or playing on a small portable organ, even picking out a few songs on a piano. He was also talented with wood. While living at the Lighthouse, he made a ship from scratch. It is enclosed in a glass case in his son's home and is a perfectly detailed to scale replica of the USS Augusta.

Lola & Allen 1951

After a divorce, Allen later married Rachael Richards Wilson. She had two daughters whom they were still raising at the time of his death 29 May 1973 in Sacramento while still working for Fruehauf. He is buried in Mt. Vernon Memorial, Carmichael, California. Allen and Lola were the parents of two children:

md David Frederic Grant

The hat and veil won 2nd place. She loves other kinds of sewing, crafts, knitting, crocheting, and porcelain doll making. She has done some modeling, enjoys gardening and traveling, and is

27.1.2. LAMAR DELLWOOD SCOTT was born May 24, 1920 in San Francisco, California. He received his name in a unique manner. He was being blessed Dellwood after his mother Della. The Mormon missionaries in the area asked his parents if it was possible to give him a first name beginning with the letter "L", since he was the first baby to be blessed in the branch, they thought it would be great if his initials were "LDS". They came up with the name LaMar. With three names, there are times in his life that he has been called by all three names. The Scott family calls him Dell, his friends and work and church call him LaMar and his wife's family call him Scott.

LaMar & Vergia 1992

They lived in San Francisco until LaMar was 2-1/2 years old, then they moved to Salt Lake City. In 1929 his

parents built a home on the Scott property at 7th East and 33rd South. He went to school in that area and had many friends. He graduated from Granite High School in 1938. He was not able to participate in the sports at school, except for being on the swimming team. He had to be home to help in the store.

LaMar went on a blind date with Vergia Thalman, who was in training at L D S Hospital, to become an RN. There were several dates.

He really wanted to continue his education, but did not have that opportunity. He could see the possibility of war and he would have been drafted. Consequently, he enlisted in the U.S. Coast Guard in Dec. 1940. He had his basic training at Port Townsend, Washington. Then he was sent to Boston on the Atlantic Coast. He was aboard the USS General Greene in the North Atlantic on International Ice Patrol when several British Merchant ships were sunk by German submarines. The captain received permission to look for survivors. Near Iceland they began picking up 39 survivors from the SSS Marconi. The fog lifted and the ship was very near the battle going on between the German Battleship Bismark, and the British Battleship HMS Hood. The HMS Hood was sunk and the Bismark got away. He served on several different vessels and received a lot of experience.

Because he never expected to return to the west there was no definite understanding between Vergia and LaMar, although they each knew how the other felt. She had her nursing, and his enlistment was for three years. They corresponded infrequently and each dated others.

The U.S. Coast Guard was transferred to the navy dept, after the bombing of Pearl Harbor and the U.S. entered the war. LaMar's enlistment was automatically extended for "the duration and six months." LaMar was transferred to another ship in Boston. While in Boston he became very ill. It was some time before his problem was diagnosed. He had contracted Scarlet Fever and Hepatitis. He was in a civilian hospital for several weeks.

After his release from the hospital he "returned to the west." He called Vergia and they saw each other every possible minute for the rest of his leave. This time when he returned to duty, promises were made and letters passed daily. The ship he was on was transferred to New York.

He and Vergia decided to get married when she had finished her nurses training. They were married Oct. 23, 1942, and Vergia returned to New York with him. It was a good time for them both. They learned to really love and trust each other. Vergia was born May 7, 1921 the daughter of Esther Jensen and Albert Verg Thalman in Vermillion, Sevier Co., Utah.

He was transferred to Navy Amphibious training at Norfolk, Virginia. Vergia returned to Utah to wait. By this time he was an Ensign in the USCG, having climbed the ladder from apprentice seaman to chief boatswain mate. When that training was finished a crew was formed with the Coast Guard personnel and assigned to the USS LST 786. The duty was in the Pacific Area. They were involved in the invasion of Iwo Jima, Okinawa, the liberation of the Philippine Islands over a two year period. LaMar's assignments on that ship included First Lieutenant, then assistant Executive Officer and finally Executive Officer. He also did the navigation of the ship. After the defeat of Japan the ship was detailed to take Prisoners of War to Japan and Korea. When they started

LaMar & Vergia 1943

to send men home he had the chance to transfer to a ship in Shanghai, China and return to the U.S. This was Dec 1945. He had spent five years in the service of his country.

Deciding to use the educational benefits of the G.I. bill, LaMar enrolled at the University of Utah in September 1946. He and Vergia lived in Stadium Village. He received a

Bachelor of Science Degree in Metallurgical Engineering in June 1950.

In the meantime, they had started their family. Del T was born October 31, 1946, Verla was born January 18, 1948, and Mikan was born January 5, 1949. Mikan was born prematurely and lived only thirty hours.

After graduation, Scott got a job with U.S. Steel Company Geneva Works in Orem, Utah. The family found a house and moved to Lindon, Utah, on July 19, 1950. It is the home they still live in. They have added more property, as it became available, and now have quite a little farm.

The family has also grown. Cris G. came November 4, 1950, Lane D. December 7, 1952, and Margia April 19, 1956. November 11, 1957, is a day the family remembers; Jes E. was born, LaMar had surgery and Vergia's father, Verg, died. LaDee was born November 10, 1959, Verg L. March 28, 1961, and Giala came July 30, 1964.

They have been a family who does things together. They have enjoyed numerous vacations in and out of Utah. The children have participated in community activities; baseball, riding club, Scouts, and etc.-the girls as well as the boys. When some one was playing, the rest of the family watched and cheered.

The LDS Church has played a major role in their lives. Vergia has taught in Primary for many years and was also a counselor in two presidencies. She was an MIA president, teacher, and drama director, as well as a visiting teacher in Relief Society. LaMar has been active with the Explorers, the Senior Aaronic program, and financial clerk for the new addition to the Lindon Ward church. He has always supported Vergia in her activities, even learning to square-dance and participate in dance festivals.

LaMar has worked at US Steel, Geneva Works from 1950-1979. LaMar, Vergia, and Giala spent the summer of 1977 in Taiwan. He was consulting engineer in the start up of the steel mill in Taiwan. It was a special time to see and do a lot of interesting things. He was a general supervisor of the Metallurgical and Physical testing laboratories at the time of his retirement in 1979. Since then he has been extremely busy getting some things done around the "farm" and is also working on developing part of the Old Scott Homestead property on 33rd South and 7th East in Salt Lake City. He now wonders how he had time to work.

2nd row: Lane, Del, Cris, Margia 1965

Since retirement, The Scotts spend time traveling in their motorhome, going south for the winter. The summer is spent watching grandchildren play ball, and boating at Flaming Gorge and Lake Powell, which they love immensely. There are ten children, 25 grandchildren, and 6 great-grandchildren.

Their greatest desire was to have their children live in different states and they would visit each one for one month, and home for three months to rest. No such LUCK !!

They recently celebrated their ability to live and play together for FIFTY YEARS Oct. 23rd 1992. What a great accomplishment !!

We still live in Lindon at

27.1.2.1 DEL T. SCOTT was born October 31, 1946, at LDS Hospital in Salt Lake City, Utah. He was the first child born to Vergia and LaMar. He was also the first grandchild of Esther and Verg Thalman. He was a cute baby--he had lots of black hair. Del's father was in school at the University of Utah and Del's first home was in Stadium Village (veteran's housing).

l-r: Kristy, Ryan, Del, Darlene, Jay, Bret 1993

Del was four when the family moved to Lindon, where he grew up. He was always very sports-oriented and as soon as he could, he was playing ball. He played little league, pony league, colt league and church ball.

He earned his Eagle Scout Award and his Duty to God award. He was a good student. He liked to read and study. He was always near the top of his class academically. He was the youngest in his class and also one of the smallest--that didn't bother him very much. He always did what he knew was right, even if it wasn't what the crowd was doing. He was on the wrestling team in high school and went to state competition twice. He took fifth place in his weight class his senior year. He graduated from Pleasant Grove High School in 1964 and immediately entered BYU on an academic scholarship spring semester.

In 1966 Del was called to the West German Mission. He filled his mission with faithfulness and honor. When he came home, he returned to BYU.

In 1969 Del met and began dating Darlene Jorgensen, born May 3, 1951 to Marvin B. and Lois Ricks Jorgensen. She (and a twin sister) was the oldest in a family of ten. They were married on August 22, 1969, in the Salt Lake LDS Temple.

Del continued his education. He and Darlene started their family. Their first child, a boy, was born prematurely and lived only one and one-half hours. However, he was blessed and given the name of Terry.

Del received a Bachelor of Science Degree and a Master of Science Degree in Computer Science and Statistics at BYU.

After considerable problems and difficulty, Darlene carried a baby to term--a lovely boy, Jay D, was born to them August 4, 1972. At approximately the same time Cris' wife, Carol, was delivering a baby girl.

Del received a research assistantship to Penn State University and within a month after Jay D was born, they left for Pennsylvania. They missed Utah, but made new friends and were extremely active in the Church. During their time in Pennsylvania, Del obtained his PhD from Penn State and another boy, Ryan, born July 16, 1974 blessed their home.

Del has had several travel opportunities to install a computer program he designed. He has been to Jamaica, New York, Berlin, and Scotland for that purpose.

After receiving his PhD, Del's family returned to Utah, where Del accepted a position at BYU. Darlene was extremely happy about that. She had missed her family and Utah very much.

In 1978 they purchased a home on one acre of ground in Spring Lake, Utah County. Del's appointment at BYU has become permanent.

Del's family has had two more additions:, Bret was born February 9, 1978, in Salt Lake City. On February 21, 1980, they finally got a beautiful baby daughter, Kristy.

Del's family is active in their ward. Del is still involved in sports with the young men in his ward, his sons' and daughter's teams, and his own participation.

Ryan is serving a mission in New Mexico, and Jay D. is serving in the Arcadia California Spanish speaking Mission. Bret is seventeen and does extremely well in school. Kristy is a very active fifteen year old. She participates in school sports as a softball pitcher and infielder, and basketball guard. They are a happy productive family.

27.1.2.2. VERLA SCOTT was born on January 18, 1948--fourteen months after her brother, Del, was born. She was a small baby, but was very healthy. Verla's babyhood and childhood was very much like Del's. There were no girls in the neighborhood to play with, so she learned to play, with the boys. She was always looking out for Del. If someone gave her a piece of candy or a cookie, she always had to have "one for my Del too".

l-r Stephen, Michael, Verla, & Scot 1995

Verla soon became her mom's "right hand." As the other babies came along she assumed the responsibility of watching and tending the toddlers. She was very conscientious about it

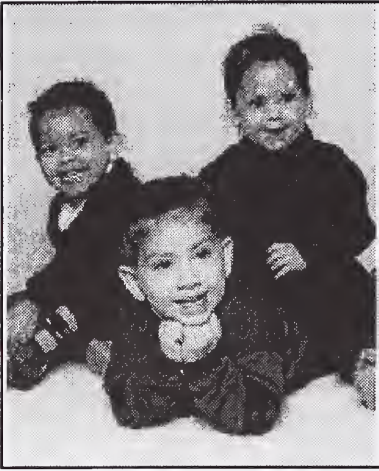

too. One time, after she started school, she looked across the street from school towards home and saw one of the littler ones heading for the road and she told her teacher she had to go take him back into the house. Verla always attended church, where she soon found that there were girls her age to make friends with. Some of them are still close, but some were friends only because she had all those cute brothers.

Verla joined the 4-H Club and did very well in it . She attended Pleasant Grove High School, and was on the debate team. She was a shy and quiet girl, so debate team was a real accomplishment for her. She worked well with the teachers and was a lab assistant for a couple of them. Verla was always happy when there was a new baby, but she was overjoyed when Margia came. She felt really out numbered with three brothers.

After graduation from high school, Verla couldn't decide whether to go on to school. Jobs were not available, so she enlisted in the WACS. It was in the Army that she met and fell in love with Michael Allen Legeman. He was the only child in his family so her big family was really something different for him. They were married in Donaldsonville, Georgia, and then came home. She stayed at home for a year while Mike was in Vietnam. Their first baby, Stephen Michael Legeman born Dec. 13, 1968, was born while Michael was in Vietnam. When it was time for Mike to have his R & R, she took the baby and went to Hawaii to spend the time with him. Michael planned to make the Army his career. They were transferred periodically from post to post. Their second boy, Scot Allen Legeman born Oct 13, 1970, in Killeen, Texas. Then they spent three years in Germany (which they enjoyed). The boys grew up in that time.

In 1975 Michael was RIFFED out of the Army after serving almost ten years. They are now living in Pamona, California. Verla has worked at Claremont College. Michael and

Verla started their own auto repair business. Verla keeps the books and works with Michael, Stephan and Scot repairing cars. Stephen and Scot share housing in California.

27.1.2.4. CRIS G. SCOTT was born on November 4, 1950. He was the fourth child of LaMar and Vergia--a cute baby with black hair and blue eyes. Someone was always telling him how cute he was.

Cris 1965

Cris grew fast. He was enjoyed by all of us. He liked all sports, and was good at most everything he tried. He wanted to do them all, not concentrating on any special sport or activity. He was a great fisherman and caught the biggest fish at "Huck Finn Day", when he was four. He was active in the baseball programs in town and could play almost any position well. He participated in several tournaments as a "pick-up pitcher", when his team was not playing.

The family was growing rapidly and all the children had chores assigned to them. Whichever one Cris was assigned, was always done. We didn't have to nag or check up on him

to be sure it was finished. .

Cris had many friends , girls as well as boys. He was good in school when he wanted to be. Cris enlisted in the Marine Corps and went with the "Mormon Battalion" group that left on the twenty-fourth of July 1968. The whole group was from Utah and went as a company through basic training. He never complained about the drills, or duty, or training. Cris spent three years in the Marines with one year in Vietnam. He came home in 1971.

He worked at a couple of jobs, bought a truck and tried to adjust to civilian life again. Cris met and fell in love with Carol Shepherd. They were married on March 20, 1972.

Brandee 1993

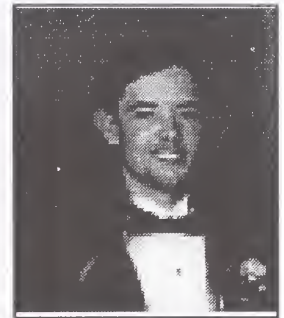

Cris has worked at U.S. Steel, and at wallboard hanging and finishing. He also attended Utah Technical College in Provo. He and Carol are the parents of two children, Brandee and Cody. Brandee born Aug. 4, 1972, the same day as Jay D. (Del's and Darlene's boy). Christopher Cody born July 31, 1974.

Cris and Carol divorced and went their separate ways. He has lived and worked in Utah, Nevada and Arizona. He still likes to hunt, but now he hunts for gold and treasures.

Brandee and Cody are grown and living on their own. Brandee has been working as a nanny for a wealthy family in Princeton, New Jersey. She is now at home in Utah to continue her education. Cody is working in the construction field.

27.1.2.5. LANE D. SCOTT was born on December 7, 1952, the fifth child and third son of LaMar and Vergia. He was a healthy, happy baby and everyone loved him.

l-r: Natalie, Raquel, Gerald, Pam, Chance, Lane 1992

The three brothers grew up together, with Verla watching over them and Del pushing them to play ball. Lane and Cris have always been very close and have done a lot of things together. They played on the same ball team and at one time Del was one of their coaches. Lane plays ball, golfs, fishes and hunts. Lane is active in church and Scouting. School was sort of routine to him. He went to the same school as the other kids and

everyone already knew who he was before he knew them. He had many friends--most of them older than he was.

Lane enlisted in the Navy and became a medical corpsman. He did very well in that field, and liked it quite well. While he was in the Navy he finished his work for his high school diploma. He had his service time in and his diploma before his high school class graduated. He served in the Navy for one and one-half years and was discharged.

Lane was "at loose ends" trying to find himself until he met Dusty McNeil. They were married on April 6, 1973, in Las Vegas, Nevada. Lane began working at U.S. Steel in 1972. They lived in American Fork, Lindon, and Orem, and then bought a house in Pleasant Grove.

Their first child, Paxton Dane, was born December 3, 1974, at Provo, Utah. Their second child, Bree, was born December 31, 1977, also at Provo.

In 1979 Lane and Dusty obtained a divorce. They sold their home and went their separate ways. Lane worked at the steelmill until it closed. Lane returned to school and received an Associate of Applied Science in Electronic Technology at UVCC. During his training in school he had the opportunity to be a co-op student for Hill Air Force Base in Odgen Utah. After graduating they hired him full time.

Lane met and married Pamela Duke Taylor on March 13, 1980. Pam was born 1 Sept. 1954 to Byron J. and Belva Ruth Taylor Duke in Provo Utah. Pam had two girls, Raquel

Taylor and Natalie Taylor by an earlier marriage. They fit in well with the other grandchildren. Chance Dylan was born to this marriage May 13, 1981.

27.1.2.6. MARGIA SCOTT was born on April 19, 1956, in Salt Lake City, Utah. She was number six in the family (third girl, but the second to survive). Everyone was so thrilled with her, especially Verla. Verla was tired of three brothers, so she really spoiled Margia. The boys loved her too. Cris never came in or out of the house without checking to see what she was doing.

l-r: Justin, Michael, Russell, Marianne, Margia, Luke Pat 1994

Margia has always loved animals, even the pigs we raised for food and profit. She and Cris would sit with the sow all night to protect the baby pigs at birth. She loved to ride our horse. She joined the riding club--

participating in parades, shows, play days, and etc. She would probably have played little league if they would have let her. She played with the church and school teams. She was on the swim team for years and has many ribbons to show for it.

Margia has always loved babies and was always glad when there was a new one at home. She used to say when the baby started to walk, "It's time we had another baby. We don't have one anymore". Margia never learned to do much at home until Verla left home and then she had to take over some of her chores. She often said, " I didn't know Verla did all that."

Margia went to barber school while she was a senior in high school. She has worked in Salt Lake City, Orem, Jackson Hole, Wyoming, and Pleasant Grove as a barber.

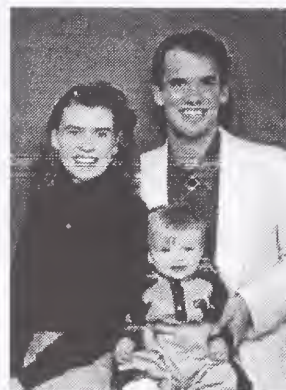

Margia married Larry David Johnson on May 7, 1976. Larry had a son, David Leon Johnson, born March 29 1970 and Margia had a son Michael Lane born June 14, 1975. They adopted each others child. Justin Verg Johnson was born November 6, 1976 (a few weeks early), and arrived at home with Grandma Vergia in attendance. They were blessed with two more boys Russell Larry Johnson born March 7, 1979 and Luke Dee Johnson born on Feb. 12, 1982.

Margia and Larry divorced in 1985. She was left to raise and care for the four boys. She continued to work as a barber in Pleasant Grove while she pursued an education in Electronic Technology. She received an A.A.S. and an A.S. Degree at UVCC.

Margia is currently employed with the FAA (Federal Aviation Adm.) as an electronic technician. While training in Oklahoma for the FAA, she met and married another FAA technician Patrick N Flaa on Feb 8, 1992 He was born Aug. 4,1961 to Richard N. and Shirley Cordrey Flaa. 27.1.2.7. JES E. SCOTT was born on November 11, 1957, in American Fork, Utah. It

Alisha, Jes Clair, AJ 1993

was a momentous day for our family. His father, LaMar, had surgery, Grandpa Thalman died, and Jes was born. He was supposed to arrive in Salt Lake City, Utah, but circumstances made it impossible. His mother, Vergia, had been staying with LaMar (after his surgery). When she realized she was in labor, it was too late to make it to Salt Lake City. As a result, Jes arrived in American Fork.

Jes was a beautiful baby with black curly hair and blue eyes--the only one in the family with curly hair, and Vergia loved it. Life for Jes was much the same as for the other children. There was always something going on with his brothers and sisters. He always had chores to do around home. He went to the same schools and had some of the same teachers. He participated

in sports, but not to the same extent the older boys did. He didn't have Del home to push him.

Jes has always wanted to make things run by putting motors on them. He could take an

old motor apart and make it run long before he was old enough to drive a car. He has motorized several of the old bikes that were laying around. He has spent days and nights working on his own (and other peoples) cars (he even paints them now). He is our "master mechanic".

When Jes was younger he went to school because it was "required". He later attended Utah Trade Technical College.

Jes met Claire Marshall when he was about sixteen and she chased him until he caught her. Claire was born Nov.17, 1957 to Ual Melvin and Rhonda Openshaw Marshall. They were married on March 22, 1976. They have a daughter "Alisha" born September 24, 1976. They have been blessed with a son Anthony Joseph (AJ) born July 12, 1981.

Jes is a locksmith and is very good at it. He has apprenticed and is licensed, so that he can work on safes, locks, and etc. He has his own locksmith business in Orem, Ut.

Jes likes to fish and hunt, he takes advantage of every opportunity to do just that. He especially likes boating at Lake Powell.

Alisha graduated from High School May, 1994 and is attending UVSC. A .J. is in the 9th grade, he goes everywhere with his dad.

27.1.2.8. LADEE SCOTT was born on November 10, 1959, in Salt Lake City, Utah.

LaDee, Joe, Nichole, Donny 1994

The family was glad to have another girl. She was a cute, happy baby. She had black hair and blue eyes-her hair soon changed to honey-blond. With four brothers and two sisters she didn't have to do very much around home. The other kids wouldn't even let mom get after her or scold her.

LaDee always had lots of friends around. She wanted to do just what Jes did. His friends were her friends. She is a very compassionate person, if someone she knows has a problem, she spear heads something to help them..

LaDee has always done a lot of baby sitting for her older brothers and their friends. She is very good with kids.

She attended school in Lindon and Pleasant Grove.

She married David Wormley February 20,1975. They are the parents of Nichole Misty Wormley born July 7, 1975 a darling little blond girl. They later divorced.

LaDee and Nichole lived on their own for several years. Then she met and married Ronald R Peck on June 10, 1983. They were blessed with a son Joseph T. (Peck) Scott (Joe) May 31, 1983. They were later divorced.

LaDee is now managing life on her own. She works at The Sundance Resort Restaurant as a shift supervisor. She has had a lot of experience in the food service business, and is very knowledgeable about scheduling large groups and providing good service.

She and Joe live in Orem, Utah. Joe will be in the 7th grade.

Nichole married Donald E Oryall on August 7, 1993. They live in West Mt, Ut.

27.1.2.9 VERG L. SCOTT was born March 28, 1961 at the American Fork Hospital,

Verg, Reberta 1993

American Fork, Utah. He is the ninth child and fifth son of LaMar D. Scott. He was a healthy robust baby with dark hair and blue eyes. The tribe at home greeted him with open arms. He learned to walk, play ball, ride the horse, roller skate, ride a bicycle, etc. very early. He had so many pushing him.

He attended school in Lindon and Pleasant Grove, He had many friends, most of them older than him. He learned to hang and finish wallboard in his teenage years. He became very proficient at it. He is a very particular and precise person, so he was much in demand. He also learned all he could about mechanics, especially diesel trucks. He worked for a trucking

company in Pleasant Grove, Utah. He also became very good at that.

In about 1982 a friend in Alaska convinced him to come to Fairbanks to work. He did this and they hung a lot of wallboard. Then the friend got married and didn't want to work. He found it difficult to hang wallboard alone. He found work with a diesel truck company. He eventually went to work for Earth Movers, a company that services the pipe line. He is a "master mechanic."

He met and married Roberta Louise Jorgensen on June 8, 1985. She was born June 2, 1956 to Holger and Rosalie Gibler Jorgensen in Fairbanks, Alaska. They live in

Fairbanks, Alaska. They are the parents of Sterling Michael born on Feb 9, 1992 and of Lauren Victoria , born Feb 23, 1993. They are really beautiful children.

They have recently bought a house in Fairbanks. They are both hard at work to make a happy home for their children.

27.1.2.10. GIALA SCOTT arrived on July 30, 1964, a warm summer day, in the American Fork Hospital. She was a typical Scott baby with lots of dark hair and a cute round face. She was welcomed by the rest of the tribe with open arms. Her name (like most of her brothers and sisters) is a combination of Vergia's and LaMar's names. She was a healthy, happy baby.

Leo, Giala, Mikan 1992

Giala was a very active child. She went everywhere with mom. She insisted on doing what anyone else was doing--she could "do it too".

Giala loved animals and never showed any sign of fear of them. She would walk up to strange dogs on the street to pet and love them while mom was trying to pull her away. Her particular love was a horse named Dutch which was shared by the whole family. Whenever anyone was riding, Giala had to have a ride.

One day, while Margia was tending the kids, she saddled Dutch for riding club. Giala wanted to ride, but no one would take her. Margia said if she could get on him she could ride. Giala was only six. Dutch stood sixteen hands, but she managed to get him in a ditch and climb on. When Margia and Jes realized she was gone, they began to hunt for her. Finding her several blocks away, they made her get off and walk home. From that time, there was no holding her; she took over the horse and was soon able to saddle and bridle him herself and participate in riding club events. She won a number of ribbons. Eventually there was another horse, Star (a registered quarter horse). One day, while riding Star, a car came unexpectedly out of a driveway and hit them. Giala was not seriously injured, but Star had to be destroyed. Giala felt very bad. However, after a night in the hospital, she was riding Dutch, carrying the flag, and participating in the annual Lindon horse show events.

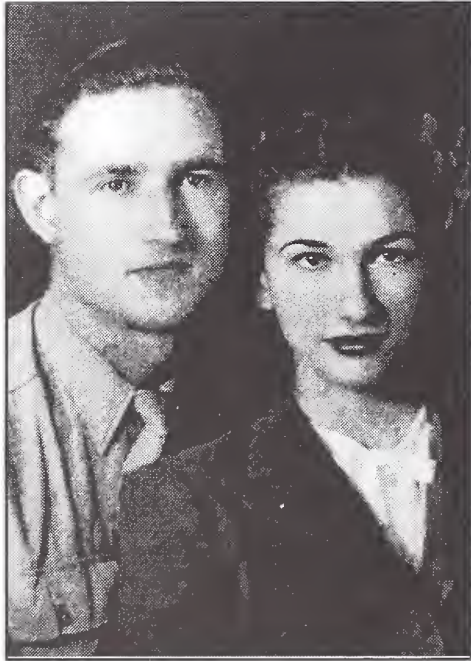

Giala did well in school. She has many friends, is a pleasant girl to be around, and gets along well with people. In 1977 Giala spent the summer in Taiwan with her parents, which she enjoyed very much and will always remember.

Giala and Michael Troy Richins were married on April 16, 1981, at Giala's home. They were blessed with a daughter Mikan (Richins) Koetje Sept 23, 1981. They were later divorced. Giala has worked at Signetics and graduated from Henegars College of Business.

She met and married Lupko (Leo) Koetje on November 22 1985. He was born May 15, 1963 to Lupko and Florene Tilt Koetje. They currently live in Phoenix, Arizona. She is working for a finance company. Leo and Mikan are both in school. Leo is majoring in physical therapy and Mikan will be in 8th grade.

Craig has two brothers, one four years older and the other seven years younger bearing his father's middle name as his namesake as Craig is his grandfather's namesake.

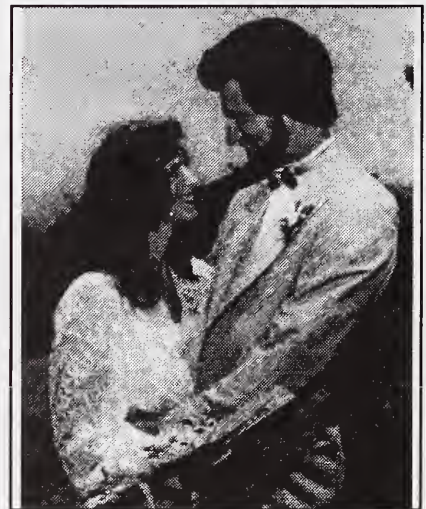

Craig 1984

While a student in school in Anaheim, CA from grade level to college, the influence of the creative arts was fascinating and opened opportunity doors that weren't available just any place. Much time was spent during these years acquiring special creative knowledge within the Fine Arts, Graphic Arts, and Lithographic Advertising fields. As a music major specializing in the keyboard, most extra free time, non-school associated, was spent pursuing Gershwin and Mancini, to name a few favorites. Art through school and privately helped to create money for photography, camera, and darkroom equipment that was not available just for the asking. Recreation, too, became a challenge and through many bruised hips and knees,

as a late teen, it made the way for a teacher's assistant at the college level for intermediate and advanced figure skating on ice. After college enrollment, while part-time working came to an end, the advertising lithographic computerization industries held interest. From company basics to department manager through to assistant plant management, which also entailed customer liaison, the conceptual idea interpreted lithographically followed to final creation or publication.

Ballroom dancing was great relaxation, so with some instruction and natural comfort, a new pleasure had been acquired. While dancing western style, Craig met Marilyn Sheaff, daughter of Charles Johansen Sheaff and Marilyn Lee Kemp, who was to become his wife three months later on 27 Jan 1985. Lynn was born 2 Aug 1958 in Ottawa, Ill.

A home was soon purchased near the Anaheim Convention Center. Full time was spent working on those home improvements, changing occupations as a self employed advertising specialist, and supporting Marilyn to achieve a long time awaited educational degree in interior design. An advertising company was created which also included stained glass entry systems for both residential and commercial clients and any other potential areas. Most current, and still within the commercial advertising related field, has been the setting up of computer systems and instructing privately within the business community the most popular software programs. Lately, Craig, with his background in specialized low voltage halogen, fiber optics, and high voltage neon, has been asked to be the concurrent guest professional lecturer for the lighting classes each quartermester at the Interior Designers Institute of Newport Beach. He sees his future filled with newly learned challenges to share with all his loved ones.

27.1.3.3 Niel Owen White (son of Clara June27.1.3 Joseph E.27.1 Joseph L.27 John5

Jacob1) and Vivian Niel White was born 8 Oct 1960 in Orange, California. He graduated from Magnolia High School, Anaheim, CA in 1978. He had taken private piano lessons starting at age eight for five years and became very proficient on the keyboard, preferring ragtime music along with classical. He took up speed and hockey ice skating. He was on the Magnolia tennis team and in the bowling league there as well as later at Cypress College. He majored in art, specializing in print making, watercolors, and graphic design.

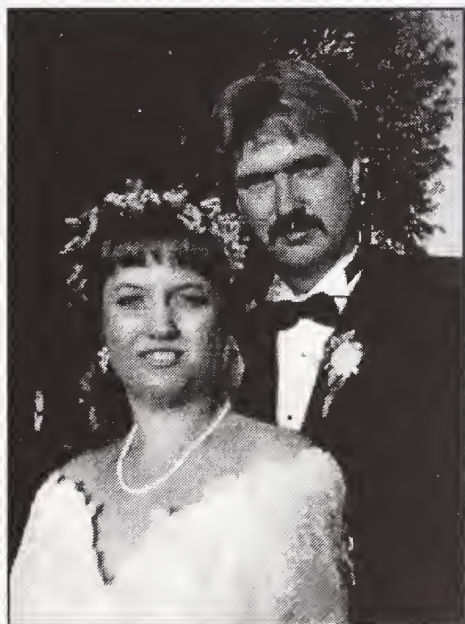

Niel 1984

He worked at Disneyland in retail of pastel portraits, then went to Knott's Berry Farm where he did photography, served in store management of retail shops, supervised Knott's holiday stores in the shopping malls, and currently makes custom signs.

While at Knott's he met and later married Constance Marie Smith, daughter of Edward Leroy Smith and Mary Ellen Truckenport, on 7 Nov 1992 in Buena Park, CA. She was born 17 July 1968 in Whittier, CA.

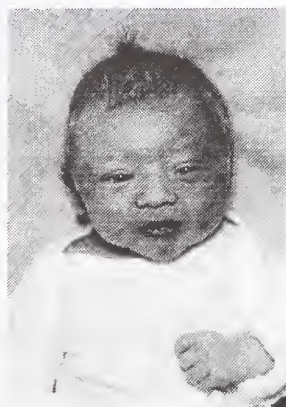

He also enjoys quest games, programming, and music composing on the computer. He relaxes by painting his miniature lead figurine collection.

Zella

Zella, as most everyone called her, when about three years old, developed a fever from a chill while playing on the floor during a conference time when many relatives were staying at their home. It was a stubborn fever, and when it finally broke, her legs were paralyzed. Her mother, having been a midwife, began a treatment of hot oil packs and exercises every hour. In time, her father made her braces, then crutches, from the wheel spokes of a carriage. By the time she was ten, she could walk and run as any normal child.

She attended LDS Business College. It was at a Granite High School dance that she met and later married Bruford "Bru" Alan REYNOLDS in the Salt Lake Temple 22 Sep 1915. He was born 20 Mar 1895 in Salt Lake City and was the son of George REYNOLDS and Amelia SCHOFIELD. The couple lived in Provo, UT and Ogden, UT and then returned to Salt Lake City, UT. After several moves there, they found the farm of their dreams and moved to 2146 East 13th South. They sold chicken fryers, eggs, peaches, pears, cherries, plums, fresh honey, vegetables and flowers.

Zella was a Primary teacher for twenty years and Stake Board Leader for five years as well as Relief Society Counselor, Visiting Teacher, and play director. "Bru" was public relations man for the Salt Lake City Chamber of Commerce, also "Days of '47" parade director, and the Utah Centennial Parade was his last before his death 16 Oct 1947 in Salt Lake City, UT. HISTORY OF RUBE and MINNIE SCOTT

(Also Referred To As Pa & Ma & William Reuben & Mary Lydia)

Most Of Their History Is From Pearl, Lou & Son, Reuben Lemual

Mary Lydia had a happy personality, and there was much joy in their home. Minnie's Mother, **MARY ANN**, almost 15 years old, and her parent's **ABRAHAM MARCHANT JR** and **LYDIA (JOHNSON) MARCHANT** and their eight children joined the "Mormon" church in England, and came to America in the ship the "**WINDERMERE**". On 22/23rd Feb, 1854, they left England for America. The trip was one of the most difficult crossings in the history of the Mormon migration. Between Small Pox breaking out on the ship, Cholera, and fire aboard, and heavy gales which were encountered, and were described as follows:

An exceedingly fierce storm arose. The wind roared, the masts cracked and the sails were cut in pieces. The ship rolled from side to side. On one side the Saints were hanging by their hands, and on the other they were standing on their heads. Then the ship would roll on the other side which would reverse their positions. About this time the large boxes which were tied with ropes under the berths broke loose, and with pots, pans and kettles, they rolled with terrible force on each side of the vessel.

The wind roared like a hurricane, sail after sail was torn to shreds and lost. The waves were very large and as far as the eye could reach, seemed to be one angry mass of rolling white foam. The hatches were fastened down. This awful storm lasted about 18 hours, then abated a little, but it was stormy from the 8th of March until the 18th. Observations taken by the quadrant on the 18th showed that the ship was in the same latitude as it was on the 8th.

Not until nearly the end of March did they encounter a favorable wind and then in four days the ship made 1,000 miles. On the morning of April 20, 1854, the ship entered the mouth of the Mississippi, for the beginning of their arduous trip across country to Salt Lake City. This was the heritage of strength that Mary Lydia inherited from her ancestors.

When Rube was a little tyke, an Indian Squaw's little papoose died, and she wanted a baby to satisfy her nurturing needs. So, Rube was selected, and he was kidnapped by the Indians. They made a little bed of Indian blankets, and hid him in a grove of Quaking Aspen trees near their camp. When his father and a group of white men went to the Indian village, they asked if the baby was there in their camp. The Indians said, "N-o-o, no white baby here!" When the white men left, some of the Indians hurried off to get the baby. John Scott had taken his Newfoundland dog with him, the dog caught the scent of the child, and went to investigate. The dog got there first and fought off the Indians until his father and the other white men could get there and rescue Rube. He repeated a comment that a very grateful Mother must have made on his return. "They must have thought they had the handsomest, little blue-eyed, blonde-haired papoose around." Because, or in spite of this, Rube really had a love for the Indian people.

They were a very dignified looking couple, affectionately known as "**RUBE**" & "**MINNIE**". She was a very beautiful woman with black hair & brown eyes, standing five feet seven inches tall, with a slender willowy figure. And he was six feet tall, very square of shoulder and straight, weighing one hundred eighty pounds, with a light complexion, light brown hair, & blue eyes. She was of English descent from her mother and Dutch-Irish from her father. His Mother and Father were born in Ireland.

After they were married, and he was working in the round house of the railroad shops, at Salt Lake City, they lived with Minnie's parents. Having a love for the outdoors, Rube learned the skill of trapping. He trapped beaver and other animals, then sold the pelts. Out of necessity he became a great hunter early in his life. He was especially fond of deer and elk meat. What the family didn't need he would sell. He was a great fisherman. A few years after he was married he went to work for the rail-road. The desire to go fishing was so great he just had to go. After his fishing urge had been satisfied, he went back to the railroad to go to work, and found that he had lost his job. Once Rube caught a big fish. It was so big it broke the fish line. He was so frustrated, he threw the pole in, and said, "Here take that too, you blank-a-ty blank thing!" (His son Reuben Lemual laughed every time

he told this story, but I think one would have to see it to appreciate it. (Or be a fisherman!)

When Rube was a young man he broke wild horses for the army in Skull Valley, UT. They built round corrals, and when the horses were driven around the corral a horse was picked out. With only spurs on his boots and his quirt in hand, he jumped off the fence onto the back of the horse, grabbing the horse by the mane, and ridding it until it quit bucking. Then another one was picked out and he did the same thing all over again, and again all day. When the horses were rough broke they were turned over to the buyer for the Army. He received \$.50 for each horse he broke. He also broke horses for the Pony Express. And went into the Yellow Stone and scouted for Uncle Sam.

He was a real cowboy. He herded cattle and would be gone for some time. He would come home and give Mary some money, then in a little while he was gone again on another job. Later he went to the Teton Basin and took a job trailing big herds of cattle from there to Omaha, Nebraska. Mary always hated to see him go. It was a pretty rough life. When he was punching cows he slept on the ground, just like they show in the movies.

Rube and his brother-in-law, Oscar Green were sent into Pool's Island/Menan area, in ID, by President Brigham Young, to see how severe the winter's were. They built a small log cabin for shelter and spent the winter trapping, and cutting logs for a bigger cabin. It was very cold, but they survived. The two went back to Salt Lake and told of all their experiences there. Not long after that, members of the "Mormon Church" began to settle the area.

to roll. Away ran the horses. He got a little closer to the river than he expected to, before he pulled the pin. Into the river went the horses, Grandpa, and the wagon. The camera caught the whole thing, and the director was very pleased with his performance!

Rube and his brother-in-law, Oscar Green, went back to ID in search of a place to homestead. They wintered there in the deep snow. The next spring Rube moved his little family, consisting of two children then, Will & Pearl, to Pooles Island, ID. Later it was called Cedar Buttes-now called Menan. The Scotts were among the first to settle and homestead in ID. The couple had no money, but following the tradition of their Great Mormon heritage, they raised what they ate. They raised wheat and took it to the grist mill to have it ground into flour. In order to pay for the grinding they gave the miller part of the flour. They traded flour, butter and eggs for sugar, shoes, and material. It wasn't uncommon for the children to wear clothes made out of white floor sacks. Their first homestead was about one and one-half miles north of the townsite of Menan. Rube trapped beaver to make a living when they first went there, & became a rancher, a canal walker, a road overseer, and a water master. He hauled very wealthy people from Roberts, ID, into Jackson Hole WY., and on the way back he brought other goods for the families in the area. At their home near the Buttes he broke land and farmed it and milked cows. They also had a ranch in Wyoming for a while.

A movie was being made on the Snake River, in Wyoming, in one scene he was to be a stunt man for them. He was to drive four head of horses, on the run, toward the Snake River, pull out the pin, turn the horses, jump off the wagon, and all would be safe. The cameras began

THESE ARE EXCERPTS TAKEN FROM RUBE'S JOURNAL IN HIS OWN WORDS AND SPELLING:

I was born Dec 28 1855, Johnson's army came to Utah to kill the Mormons off. Brigham Young ordered the people to move south from Salt Lake City to Spanish Fork or Battle Creek (now known as Pleasant Grove), at the south end of Salt Lake Valley. I was about two years old when the people were ordered back to their homes. I well remember when we was a coming back. I peeked out of the wagonbed cracks and saw what a time the people had a helping the teams up the steep hill a coming to the Point of the Mountain, on the east side of the Jordan River, back to Salt Lake City.

At the age of six years I hurded cows and sheepe. I just drove them up to the mountains east between Parli's Canyon and Mill Creek Canyon a bought four miles. When I came home nights, so tired, my father would take me on

his knee and tell me what a good boy I was to not lose any of my cattle or sheep. However, I had two large dogs and I would make them help me drive the stock and hurd them. I would keep them tied together and then have a strap tied to my belt and when I wanted to use them, I would untie them. Their names was Nero and Rover. The Indians dare not come to me. I was never afraid of them. My dogs would not let anybody come up to me. (As an adult he liked to trade with the Indians and spoke their language quite well. He also learned their medical remedies and used them at times through out his life.)

The year of 1862, my father had me take my cattle and sheepe a crost the Jordan River, as people had put a bridge a crost the Jordan River rite west of my father's house on 14 So. St, a bought four mile's from home. I would take the cattle and sheepe a bought nine miles from home. One morning, the summer of 1862, which would be the first summer I hurded on the Jordan Range, west of the river, I was driving my hurd for the range, down the north side of a 80 acre of wheete that just waved in the winde, a bought 12 or 14 inches high. It looked so beautiful, I stopped and looked at it stirring and something told me I wood never see it again. However, I drove my hurd on a crost the Jordan River and away out to the range.

Well, I had lots of bother with my cows and sheepe. Some would go one way and some the other. However, I was just plum tirede out. Finley, I got them quieted down. Abought 1/2 past to o'clock pm, I layed down under a large bush in the shade. Finley I went to sleepe and I may have slept one hour. I finley was waken with the awfull noise. I rased up, rubed my eyes and looked for the sun. It was plume hidden and looked so dreary. Finley, the grashoppers was just a falling down from the sky by the millions and billions. You could hardly see the earth for them and my cattle and sheepe started for home a stamping and a running. I could hardley keepe up with them. As I began to get where the people had farms, I could see women and children a fitting the hoppers, a screaming and a crying, trying to save their gardens. Soon not a spear was to be seen and when I got to our beautiful wheat field, I told you a bout, there was not a spear of it left...just the bare ground.

When I reached the house, my brothers and the hole family was out a fitting the devils and they piled in faster than ever. At dusk all was quiet except the folks a crying and wordern what we would do. The peaches was all gone and the little apples...not a berre was left on the trees. The grain was all eaten up. The beetes, the carrots, all the garden stuff was gone. However, my father had a bought 5 acres of potatoes planted and there was not a vine. The hoppers ate the vines into the earth. However, our greate and loving God showed His mersey and through His greate power, my father and his family dug the gratest crop of potatoes ever grown. My older brother's plowed the potatoes out with a hand plow and a yoake of oxan hitched to the plow. You could hardley see the earth for potatoes. I carried a manney arm full to a buishle basket on my arms like stove wood.

Several moves were made by the family. Rube was a skilled carpenter and enjoyed building and improving a place, after which they would sell at a good profit and go on to another place and again meet the challenge of planting fruit trees, building good fences and improving the house and buildings. When they lived in Lorenzo, ID, for a while, they lived in a two-room log house. Pearl remembered the Indians passing by on their way to Jackson Hole, Wyoming, to kill their winter's supply of wild meat, where the elk and deer and other wild game were plentiful. She remembered how scared the children were when they were alone. They would go in the house and lock the door and be as quiet as mice until the Indians had passed by. When Minnie was home she would give the Indians biscuits or whatever she had in the house to eat.

Pearl wrote, how they had no screens at the doors or windows, usually using cheese cloth as a substitute for screens, but somehow the mosquitoes made their way into the house. During mosquito time they always had a smudge going which was made by making a fire of buffalo and wood chips in a big iron kettle or old pan if available, green chips were put on top to make it smoke good. This served quite well in keeping the mosquitoes away, but it also made all of us smell like Indians!!! But every one had smudges and we all smelled alike! The mosquitoes nearly drove the animals wild and in mosquito time "Pa" would take us all to the mountains — animals and all. He would put us all in the wagon. "Ma" would get in and hold the reins while Pa hitched the horses to the wagon--- then he would jump over the double trees into the wagon. The horses would stand up on their hind legs and squeal like the dickens and paw the air until Pa gave them their heads, that is to let the lines a little loose. Then what a thrill, for away we'd go, with us kids holding on for dear life. After they had run quite a ways they'd get tired and settle down. While we were in the mountains, Ma would make cheese, to have for use during the rest of the year.

They ran a Roadhouse up at the Teton Pass for a while. It was located on the south eastern side of the Tetons, and was called Scott's Roadhouse. It was called Birchers at one time also. People would come and stay the night there & have breakfast, then

Rube and his son's, Reuben, Will and Gib, would help them up to the top of the Teton Pass. It took four head of horses, at least, to take a covered wagon up. Then to go down Rube would have to cut down a tree and tie it to the wagon, and rough lock the wheels, by crisscrossing a chain across the wheels. It used to be a very hazardous trip.

Lou tells of when they were living there, that her father had a pet bear that grew to be taller than Rube's 6 feet. There is a picture somewhere of Rube standing looking down the lane, as if looking for someone, or a wagon coming, and the bear standing beside him, with his paw on Rube's shoulder, looming up above him, looking down the lane too. The bear was kept chained to a tree most of the time, so it could go round and round. Lou had a little pet pig, and one day the dog started barking. Her Mother said, "I'll bet the bear has the pig." And they all went running. The bear was sitting on top of the pig trying to eat it alive. Her father knew where to hit the bear on his nose to knock him out, so he hit him and got the little pig away from the bear, but it was so badly injured that they had to kill it.

Another time Lou was running up and down the hill, out about a rod from "Billie" the bear, and he started playing with her, and when she would go up the hill, he would go up, and when she would run down, he would run down. The bear would hit the end of the chain so hard each time, that he would do a somersault, and she would laugh and laugh!!! She played with him like that till she was about give out. Her Mother called everyone in to dinner, and her oldest sister, Pearl, finished eating first, and when she went out the bears collar was broken, and the bear was loose!!! She laughed so when telling this! Also, when she was older, some of the time in the summer, her father would have her drive the wagon through Menan in the evening, so no one could see who it was, and he would sit in back, playing his accordion, to entertain the town people.

Lou told how Billie the bear, would dig back under the big tree that he was chained to, and make a bed there, and would crawl in and hibernate for the winter. There was this man that would come off and on, when traveling, to eat and feed his horses. The bear was asleep when he came, this time, with the snow crusted over him, with two holes in the snow, to get air in and out, and this man was determined to see him. He just kept monkeying around, and monkeying around, pushing a stick in the holes where Billie was sleeping — til the bear gave a great big leap at him!!! So her father had to kill Billie! He cried like a baby, but he said he didn't want anything like that on his mind.

Like Rube, Minnie was a very good horse-woman and rode around a great deal with him. He always saw to it that she had a very good, but pretty horse, as he liked to show her off. She rode side saddle when it was the fashion; then later rode astride as the times changed. She was very kind and gentle and of a retiring nature. He was very ambitious with lots of vitality. They always took their children to church, taught them the Gospel of Jesus Christ. The birth and life of our Saviour, his crucifixion and death and that he would come to earth again. They emphasized prayer, the Ten Commandments, and the Word of Wisdom. Pa, also taught them the laws of the land and that they should always obey them. They were honest in their dealings with their fellow man, and were goodhearted.

Minnie would make her children's clothes, if she couldn't get someone to make them. As she didn't like to sew very well, and as there was no possibility of buying them as we do today. She made beautiful buckskin clothes and gloves for him and gloves for the whole family, which were hand made. She did lots of beautiful hand sewing, mending and knitting for her family, making all their socks & stockings. She was a very loving Mother. She made sure if the children needed punishing for anything they did wrong, that she waited till she had thought about it a while first. The children were taught that when she spoke to obey. As when he was there, if they didn't answer her, he would say, "Did you hear your Mother?" Rube did all the doctoring when they were sick as there were no doctors. He used many Indian remedies and herbs to treat them.

Pearl told how when they lived in Lorenzo and Rube was away, a man named Joe Firkins, who lived in LaBelle, came to their home to borrow a gun. Minnie loaded the gun and showed him how to use it. He said there were geese on the river and he wanted to do some hunting. Instead he went home and killed his wife, sister-in-law and himself. Their bodies were not found for days. Some of the young men in Menan were delegated to bury them. The bodies were so decomposed, that the boys couldn't handle them. So they rolled them on to a big tarpaulin, and took them up by the buttes and dug a big hole and put them all in together. That was the beginning of the Little Cedar Buttes Cem., where many of our loved ones are buried. If Rube had not been away at the time they might have suspected him, as it was his gun. But folks knew the family had trouble and the evidence was clear.

In 1885, Emma Greeley Green, the daughter of Minnie's Aunt Sally, (Sarah Ann, the second wife of her father Austin Greeley Green) caught diphtheria from a family passing through town in a covered wagon who had a girl sick with it. They threw some things out of the wagon including a pretty silk hanky, which one of the boys picked up and took home to Emma. She contracted diphtheria from it and died. Minnie's sister, Theo (Fannie Marie Theodora Green), caught it and died also. All the family had it and Pearl was one of the last to get it. Her Grandmother Green gave her Aunt Theo's doll, the first doll she ever had.

Pearl wrote in her journal: In 1902 there was an awful plague of diphtheria, although my children didn't get it, thanks to my wonderful mother-in-law, my brothers and sisters had it. Mother Raymond helped nurse some of them through it. She told me if I would stay home and take care of my children, she would go help. My folks, with all they or Mother Raymond could do, lost

three of their children within a month. A daughter Eva, a twin girl to Ella, died 6 Jan 1902, the baby boy, Wilford Woodruff died 18 Jan 1902, and Theo, passed away 5 Feb 1902. Lou said their Mother cried so hard, that Rube took her camping to Yellowstone, but when she returned home, it was like losing them all over again. She said, her brother Reuben, and Theo were out in the barn, after the two babies died. (Oh she said, they sang and harmonized together so beautifully.) And they started talking about the babies dying, and Theo said, "Someone has to go to take care of the babies." And she said, "It will be me, Lou's too young." And within a while she died also. Leaving a big void in the family. But they weren't alone in their grief. Many others had lost children; some lost all of their children, so my family was thankful for the ones that had been spared.

Rube was a very colorful character and thoroughly enjoyed spinning his yarns about his days as a cowboy and settler of the old west. He was the Constable for a time in Menan, and on June 17, 1911, a man named Hugh Whitney had shot a deputy sheriff, critically wounding him, when the sheriff attempted to arrest him, and shot and killed the conductor of the train that they were on. Rube was told to get up a posse and watch for Whitney at the bridge, that he as a very dangerous criminal and to be prepared to shoot to kill. Rube went alone, and when he heard a horse crossing the wooden bridge, he called, "Halt!", from his position at the Menan side of the bridge where he had taken cover, waiting for Whitney. He kept coming and Rube called again, "Halt, in the name of the law, or I'll shoot!" Whitney kept coming, so Scott fired a warning shot.

Immediately, Whitney returned a shot to where he'd seen the gunfire in the darkness, he was said to be an expert marksman, as he spent much of his time shooting rodents or targets as a young boy and man. Rube tried to shoot again, but couldn't. Thinking his gun had misfired, he looked down at his gun, and saw his bloodied gloved hand, and found his index or gun finger had been shot nearly off. Whitney was able to make his get away, and Rube had to seek the help of a doctor to finish taking off his finger at the knuckle of his right hand. If the gun had not deflected the shot, it would undoubtedly have cost him his life.

Minnie Scott died very suddenly on May 23, 1915, in Rexburg, ID. She was sitting visiting with Pearls in-laws and just stopped breathing. The brooch she wears in the first picture above, is a replica of a picture of her little daughter Theo. "The child that died — to take care of the little ones that had died — Mother had come to take care of her own!" Rube and his children never got over the loss of their beloved wife and Mother.

GONE BUT NOT FORGOTTEN

*A precious one from us has gone,
A voice we loved is stilled;
A place is vacant in our home,
Which never can be filled.
God in his wisdom has recalled,
The boon his love had given,
And though the body slumbers here,
The soul is safe in Heaven.*

**IN LOVING MEMORY
OF A TRUE AND LOVING WIFE, MARY L. SCOTT,
ONE OF THE BEST WOMEN GOD EVER PUT ON EARTH.
By W. R. SCOTT**

*She gave to all, and lived a real full life;
A splendid mother, and a loving wife.
To all of us, she gave the greatest pleasure,
Showing her talents with overflowing measure.*

*So happily, she spent her leisure hours,
Working so busily, 'midst her garden flowers.
She wished for all of us to have a share,
And enjoy with her their coloring and beauty fair.
To share her joys, she always was so willing,
Beauty into every life instilling.*

*She did not fret at leaving this fair earth;
She knew that Death is but a newer Birth.
And so, I know she would not have us sorrow,
But look toward re-union on some glad To-morrow.
Somewhere, I know - she sings, and waits
For her loved ones to open Heaven's Gates.*

Rube

Rube always wore a big ten-gallon hat and cowboy boots, never regular shoes. He'd either dress in buckskin with fringe or fancy shirts and slacks. He never got away from wearing the clothes of his youth, he loved the cowboy way of life. In later years when he couldn't get his buckskin clothes with the fringe, he bought khaki pants and put his own fringe on them. When little, Grandchildren Lorraine and Ruby had fun helping him sew Indian beadwork all down them, and on shirts. He had a very full mustache and walked with dignity. In later years he took to carrying a fancy cane in place of the six shooter he usually carried, for a feeling of protection.

Granddaughter Evelyn remembers the fun it was when Grandpa came to their home. She said it was not because my older brothers, David, and Burch gave Grandpa a bad time trying to rub garlic or limburger cheese in his longhanded mustache. It was because we loved him so. There was a row of willows at the farm. I can still see and hear him, in the shade of those willow trees, sitting on a wooden peach box, humming or singing as he whittled on a willow stick. Some times I thought he was singing an Indian song, as on occasion, it sounded like Indian language. Echo, my sister and I would play around near him. We were delighted when the stick turned into a whistle for us. He made the very best of whistles. We watched as he took a larger limb of a tree and carved it into a very fine cane. He was a very talented man.

All the Grandchildren vividly recall Grandpa's trick dog, Jerry. We especially enjoyed jumping rope, with Grandpa holding one end, and Jerry sitting up holding the other end of the rope with his teeth. He taught him to climb a tall ladder, sit on his hind legs and hold a flag in his mouth. Because he lived in an apartment in Sacramento, he kept Jerry at his daughter, Pearl's home. He often took Jerry to the movie theater where he'd put Jerry through his routine of tricks before the movie began.

His daughter Lou's children remember his response to a little Toy Fox Terrier dog named "Snoopy" that they had. He said, "Damn — that's the first dog I couldn't put up on the couch, when taking my teeth out and clacking them at him, he almost put me up there!" Also about those teeth! — When he would come to visit, and we would be making taffy when he got there, he would say, "You kids must see me coming, and like to see me have to take out my teeth, to pry them apart." He always had a sense of humor and a zest for life.

He enjoyed riding horseback in parades, and after moving to Sacramento, was Grand Marshall a number of times, and led a few parades in his buckskins, cowboy hat and pistols there. He was called "Captain Scott" or "Cap" and he was in about every parade in Sacramento, that he could be in, one way or another. He had bit parts in numerous motion pictures, like "THE COVERED WAGON" and "THE BIG TRAIL", some of which was filmed along the Sacramento River. And others which were filmed in Southern California and Jackson Hole country in Wyoming. We have a picture of him, taken with the actor Wallace Beery.

He always went to the Saturday night dances as long as he could. One evening he slipped off a curb and hit his head, and his health went down from there on. He lived for a time after that at his Granddaughter Donna Hamilton Johnson's, so she could

care for him. And he died in a resthome in Sacramento, 12 Feb 1945. He lived a very full life and although he was not a wealthy man, he left a heritage of love and admiration to those that touched his life.

HISTORY OF LYDIA PEARL SCOTT RAYMOND

Lydia Pearl Scott was born in South Cottonwood, UT on November 3, 1877, the oldest of 12 children.

Pearl was baptized a member of the Church of Jesus Christ of Latter-Day Saints on her eighth birthday, November 3, 1885, in LaBelle, ID. Her father had to break the ice in the Long Island Canal to baptize her. The Long Island Canal was the first canal in the Snake River Valley and the means by which the settlers irrigated their crops; in fact, it was the life blood of the country.

In 1896, her sweetheart, Vanness Spencer Raymond, was called to the California Mission for the LDS Church, which he accepted. They decided to marry before he went. They were married on September 2, 1896 and had two week's honeymoon in Logan.

and Vanness' practice; his healing methods were much in demand. In October, 1927, the family moved to Sacramento, California.

With her husband's health failing, (1930) and at the urging of her sister, Vivian Coumerilh, Pearl went to beauty school and opened a beauty shop in her home. Pearl was 53 years old. The shop helped to add additional income to the family and provided for Pearl's retirement in her later years. Many of her grandchildren can remember their first permanent given in her shop.

Vanness had a fall and broke his hip which mended badly, leaving him in a wheel chair for the next six long years. He passed away on July 5, 1954.

In 1956 and 1957 Pearl compiled her Book of Remembrance with the help of her childhood friend, Mede

Stephens Green. Much of the genealogy and pictures our family has was compiled at this time.

The last years of her life, Pearl was confined to home because of age and failing eyesight. Besides the many visitors she received, her link to her family was the telephone. "Ma", as she was known to most of her grandchildren, continued being an advisor and counselor to her family. She was affectionately called the "Tribal Matriarch" by most of her family; she was personally interested in and concerned for them.

Pearl died on November 27, 1969 at the age of 90 in Sacramento, California, leaving 118 descendants, 77 of whom were living in Sacramento. Pearl always said she'd been fortunate to be born in the time of horse and buggy and had lived to see the marvelous inventions of electricity, telephones, television and airplanes.

Pearl went to live with her new in-laws, Spencer and Mary Ellsworth Raymond. Pearl used her time wisely, planned for the future and developed new talents. She took organ lessons and a dressmaking course and learned to make her own patterns, which came in handy in later years when she had to make clothes for herself and her six girls. Pearl taught first and second grades and also continued her education. From the money she earned teaching, she bought an organ, a kitchen stove and many household items she and Vanness needed to set up housekeeping when he returned from his mission.

During her lifetime, Pearl served in many LDS Church callings including ward organist, secretary and treasurer of the Sunday School, counselor and then president of the Young Ladies M.I.A. In her later years, Pearl was president of Homestead Branch Women's Relief Society, served on a stake mission in Sacramento and taught the Gospel Doctrine class in Sunday school.

As the family grew, one or two of Pearl's and Vanness' children were constantly living with their grandparents, Spencer and Mary Ellsworth Raymond; sort of sharing the children. During an epidemic of scarlet fever and measles in 1908, Pearl lost her two babies, Reuben, age eleven months and Almira, age two years. But, Pearl was blessed with more children; she had a total of eleven children, nine of whom lived to adulthood: Yvette, Vanness Spencer (Ray), Wallace, Vivian, Ace, Maud Ethone (Toni), Pearl Rowane, Loa Beth and Velta.

Vanness' health was always poor. When he received treatments from a Dr. Gray, he was so impressed that he went to school in the East to learn this method of treatment. Pearl and the children remained in Rexburg, ID, running their music store. Vanness got his chiropractor's diploma in 1909 and his diploma in naturopathy with honors on August 21, 1912.

HISTORY OF MARY YVETTE RAYMOND PARKINSON

Yvette was born in Menan, ID to Vanness S. Raymond and Lydia Pearl Scott. She was the oldest of eleven children, four boys and seven girls. They moved to Rexburg where she first attended school. Her father opened up a music store where he sold phonographs, pianos, etc. Phonographs were just becoming popular.

When she was nine years of age, her folks moved to Ogden, UT. They lived there until she was 15 years old then they moved back to Rexburg and purchased a farm south west of Rexburg. She began attending Rick's Academy in her sophomore year. She was active in musical circles and played piano for the orchestra and organ for school choir. She took part in school plays. She graduated in 1918. She also met her future husband, Fred Doney Parkinson there.

Yvette and Fred were married Sept. 11, 1918 in the Salt Lake Temple. They moved to Fred's future ranch to work while the flu epidemic was strong. Many people died but the couple stayed on the ranch until flu inoculations were discovered and then they came and received the flu shots and they both were fine.

In the spring of 1919 they were both called on a mission to the Southern California, Los Angeles area. Here their oldest child, DeVere R. Parkinson, was born, Fred's companion's wife also gave birth to a baby boy. The babies were born two days apart. The couple were active in music, Yvette played the piano for cottage meetings and all church actives. They spent their mission time in the Long Beach and Bakersfield areas.

Upon returning home they went to work for Fred's father on a dry farm called the Jacob's place, at that time, as it had previously belonged to Zeke Jacobs. Later they purchased that farm from Fred's father. It had a new four room house, new big barn, and machine buildings. Yvette helped with the farm work for many years, plowing, harrowing and harvesting until the boys got big enough to help. During harvest time she would run the reel and later she got to be a pretty good sack sewer. Fred

She raised one grandson, DeVere R. Parkinson Jr. of Tooele, UT where he is presently working. She also helped raise two nephews, Bud and Bill Raymond. Bud lived with her from age 11 until he was 17 and joined the Navy. Bill lived with her for several years until he joined the Navy during WWII.

At the present time, she has 35 grandchildren, 57 great grandchildren and two great great grandchildren.

She lives alone in her home in Rexburg. Her son Reid lives next door to her. Her friends and neighbors help her in many ways and are very good to her.

Fred Parkinson died on July 1, 1962 in a drowning accident on the Teton River above Newdale. Dell DeLong passed away Sept. 1, 1966.

made a big box and fastened it on the back of the header reel and she would put the children in that when they were small and they enjoyed riding around and eating lunches and playing with their toys.

Fred got tired of farming, and started selling and was away from home a lot. They were later divorced. Yvette and her boys continued to farm and it was an uphill job during WWII. Her two oldest boys, DeVere and Reid, went in the service and that left the younger ones to do the work, Layle, Fred and Van.

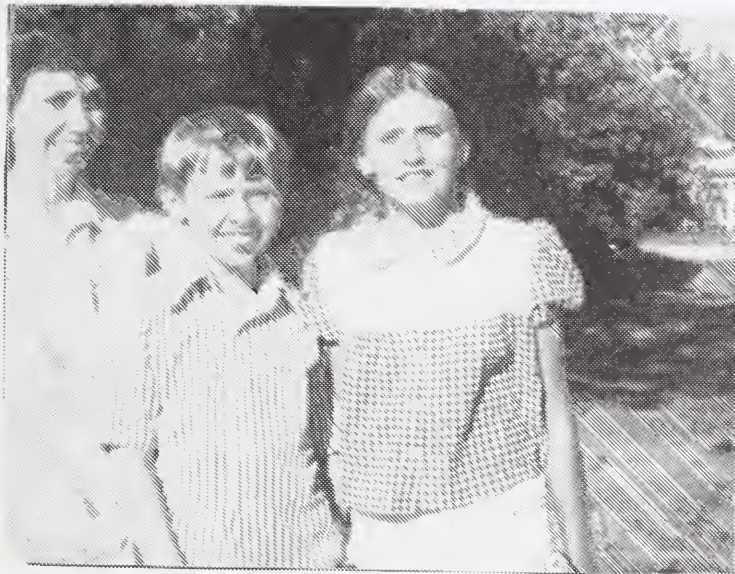

Yvette met Dell DeLong and were married in 1943. They spent the winters in Sacramento and Los Angeles, California, while Reid and his wife Leora took care of the farm.

Yvette worked in the church playing the piano for Relief Society and other organizations. She was Relief Society chorister for years. She was Pres. of the Gospel Doctrine class for many years and a visiting teacher for 50 years. She also taught Mutual and Primary. She was active in B.P.W. Club, and also in the Daughters of the UT Pioneers, where she was Camp Capt. and also County President.

Yvette and Fred had six children. All were given Yvette's maiden name, Raymond, as their middle name. Her children are DeVere R. Parkinson of Etna, CA, Donna P.

Lake Temple 14 August 1940. We lived in Rexburg two years. When our son Paul was born (1942), we moved to Thornton, ID to Lavar's parents' farm. Lavar played in an orchestra all over the valley after our daughter Carol was born.

We moved to Rexburg, next to my mother. Lavar was drafted into the army and was to leave 17 August 1945 but the war ended 14 August 1945 and he didn't have to go.

We bought a farm at Warm River, ID in 1947. We moved back and forth in spring and fall from Warm River to Rexburg where we had built our home. In 1959, we bought another farm south of Ashton, ID and moved there. Lavar was a contractor and builder; he farmed and raised sheep for several years. He still builds and our son, Layle, farms.

My life has been one of raising children, helping on the farm and with the sheep. I have worked in potato warehouses and for Paul Cherry Farms in the spring and fall. I am active in the L.D.S. Church, having held responsible positions in Primary, Young Women, Relief Society and Jr. Sunday School.

Our children are Paul, (who died 6 October 1985), Carole, Allyn, Spencer Layle and Suzette. They are active in the L.D.S. Church and live close by. We celebrated our 50th wedding anniversary in 1990 and now in 1994 are still working and going strong.

31.1.2 VANNESS "RAY" SPENCER RAYMOND son of **LYDIA PEARL** ^{31.1} (**WILLIAM REUBEN**³¹, **JOHN**⁵, **JACOB**¹) and **VANNESS SPENCER RAYMOND**, born 14 July 1901, Menan, Fremont, ID died 6 Jan 1974, bur 9 Jan 1974, Odd Fellows Cem., Sacramento, Sacto, California, mar. 27 June 1923, **THELMA HESS**, born 12 May 1905, Farmington, Davis, UT, died 6 Aug 1989, bur 10 Aug 1989, Odd Fellows Cem., Sacramento, Sacto, California, dau of **ALBERT CARRINGTON HESS** and **LUCETTA SMITH**

Duane & Luana Raymond

Ray spent most of his childhood in Rexburg, ID and was raised by his grandparents: Mary Ann and Spencer Vanness Raymond. He obtained most of his education in Rexburg, ID and attended Ricks College.

He moved to Blackfoot, ID to help his mother operate a dairy. They supported Ray's father while he attended school to become a Chiropractor and later the family moved to Salt Lake City.

It was in SLC that Ray met Thelma Hess. They were later married in the Salt Lake Temple. He worked for the Southern Pacific Railroad for about a year and later both he and his brother Wallace enrolled in a correspondence course in carpentry and shared their careers in the building business.

Thelma & Vanness (Ray) Raymond

Ray worked in Salt Lake City for approximately two years, then moved to

Oakland, California for one month. Both Ray and Wallace and their families moved to Los Angeles, California and worked for eight months. They received word that their grandfather Spencer Vanness Raymond had become seriously ill so they all returned to Rexburg, ID only to find that he had passed away.

Ray, Thelma and family spent several years in Rexburg. They cared for Grand-mother Mary Ann. Ray milked her cows, planted and cared for her garden and did numerous chores. Thelma washed, ironed, canned fruit and vegetables, and cleaned her house.

Ray and family moved to Sacramento, California where work

was more plentiful. In approximately 1940, Ray obtained his Building Contractor's license and spent the next several years in the business. Although he retired from the building business in his later years, he never gave it up completely. He spent some of his time working on his ranch in Somerset, California for several years until he sold it. The family had many good times at the ranch. Eddie, his son-in-law, worked at the ranch whenever he could. They still maintained their home in Sacramento.

Ray was active in Boy Scouts of America as a leader for many years. He served on a Stake Mission in Sacramento, California for two years and one month with his son-in law Edward Haas Jr. During their mission, 13 people were converted to the church without knocking on a door. People came to the missionary meetings, and they never knew where these people came from - they just showed up. Ray supervised the building of the first Church Cannery in Sacramento (LDS). He worked on weekends during the summer for two years at Wood Chuck Flat, a recreational area used for MIA activities. He bought a huge area of land, subdivided it, put in the water system, and many Mormon families bought lots. It was known as the Raymond Tract and later called Mormon Acres. One daughter and some sisters live at this tract in Sacramento, California. He helped build the Arden Ward and furnished his equipment for the building; he put in 384 hours of labor. At the Arden Ward's 25th Anniversary, he was honored posthumously and Thelma, his wife, stood up for him. Ray and Thelma served on a work mission being in charge of the baptismal clothes for six years. These clothes were brought home, washed ironed and returned for each baptismal session.

Thelma (Luana) & Donald Conrad Thoresen

Thelma served as Primary President for four years; as Relief Society President for two years; and was Captain of the Daughters of the UT Pioneers - Fort Sutter Camp for two years. Ray and Thelma were willing and ready to help anyone, and Ray was always lending his tools to someone. They were so kind and generous, everyone loved Ray and Thelma. Ray was in ill health two years prior to his death.

HISTORY OF THELMA "LUANA" RAYMOND

Luana lived in various places - Salt Lake City, UT, Oakland and Los Angeles, California. They took the S. S. San Juan ferry to travel to Los Angeles, crossing San Francisco Bay. Not too long after they arrived safely in Los Angeles, the S.S. San Juan sank; almost 100 people lost their lives. The family stayed in Los Angeles eight months and moved to Rexburg, ID to join Ray's sister, Yvette Parkinson on her farm. Luana was three years old.

Since Luana was a petite child, her parents did not enroll her in school until she was 7 1/2 years old. The family moved to Sacramento in 1938, and lived with Ray's parents, and later spent one year in Dunsmuir because of an employment opportunity her father had there. Luana attended high school while in Dunsmuir and when her father finished his contract, they moved back to Sacramento.

Not long after graduation from high school, Luana met and married a returned missionary, Don, who was in the Army. Before too long, Don was transferred to Germany to serve with the troops during World War II.

Luana's father, Ray, was a great comfort to her while Don was in Germany. When she was worried about Don, Ray was able to see Don in his mind's eye and could tell her what Don was doing. Though this seemed impossible, Don wrote of his activities on particular days, and this information matched exactly the scenes Luana's father had related to her. While Don was in the service, he had a positive influence on his fellow soldiers. They leaned on him spiritually because he was such a good example of a member of the Church of Jesus Christ of Latter-Day Saints.

After Don was discharged, he worked as a carpenter and later started a dog training business in his home. Within three years, he became ill with cancer. Don died at age 33. Luana and her three children moved back with her parents for five years. Luana taught dancing at Arthur Murray's Dance Studio; later worked at the Sacramento Army Depot in Personnel. She remarried in 1954. Sometime later, they went into the restaurant business and worked for eleven years, and after they sold, Luana went back to work for the Army Depot as a instrument mechanic. In 1984, Luana became ill with cancer, and received treatments. She again returned back to work for a short period of time, but the cancer reoccurred. Luana showed much courage in facing the trials that beset her during the two years of her illness. Luana passed away of cancer on March 11, 1986.

HISTORY OF SHARON HESS RAYMOND HAAS

In 1938, we moved from Rexburg, ID to Sacramento, California; I was nine years old. Our car and trailer was so loaded down. We lived with my father's parents for a period of time. It was one of the most fun times of my life because I had two cousins, to play with. Later we moved to our new home my father built; we all loved this home. I was fifteen years old when my parents sold our home and bought an auto court with 17 rental cabins.

I met Eddie at a Book of Mormon Club and later we decided to get married in the Salt Lake Temple. As we were traveling in the snowy mountains, Eddie felt he was losing control of the car. The car started turning around in the road and we slid down an embankment backwards. My parents were ahead of us in their car. We didn't know how we were going to get upon the road. We were not aware a navy bus was a distance behind us, and when the navy men saw our car, all of the men got out of the bus and pushed our car upon the road. We were so thankful.

We lived in several different cabins at my parent's auto court. It was a wonderful time of our lives living close to my parents. My parents truly became Eddie's parents; he loved being with my father.

HISTORY OF RAY HESS RAYMOND

I grew up with the nickname "Pal". Before I was born my parents had a son "Duane" that died in infancy, and when I was born, my father was so happy to have another boy that he started calling me his little "Pal".

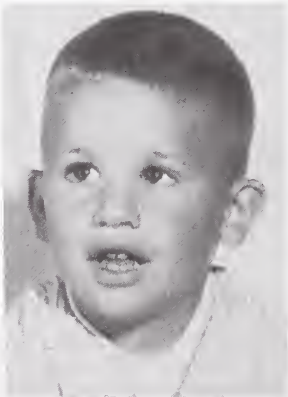

I was very young when my family moved to Sacramento, California from Rexburg, ID. When we arrived at my father's parents to lived, nine of us slept in a two room shack out back; my two aunts, a cousin, and our family of six. Our next move

20 below zero - when we left it dropped below zero. My last hitch was at Whiteman Air Force Base, where I worked out of a shop call Aero Repair. We removed and replaced the controlling parts of the plane. We removed tires on B47 and KC97 tanker air craft, and refueled the B47 in the air - they had turbo prop engines. My main job was a Fuel Cell Specialist and I was over four/five airmen. We did reclamation - we picked up crashed planes: a B47, one KC97 tanker and one C47 cargo plane. We also did weight and balance of the planes. I also worked on the fuselages of the planes, and because there was so much noise, it ruined my hearing. I received an honorable discharge and I was in the Reserves for four years.

I met and married Deanne Meinzer after I got out of the service. We had six children and later we divorced. I worked 25 years as a carpenter; my knees and back got so bad that I left the profession. Later I married Janice Winn, and we had three children and I gained a stepson, Jeffrey. Janice and I managed 140 units at the Greenbriar Apartments in Sacramento, California for 3 1/2 years and then we were transferred to Fullerton, California, to manage 168 apartments for the same company. We lived there almost nine months. It was a lot of hard work for both Janice and I, a lot was expected of us besides having children to care for. Later we moved back to Sacramento. Janice and I later got divorced, and I lived with my mother for three years. I took a correspondence course to learn to be a locksmith, which I have worked at for six years.

HISTORY OF LOIS HESS RAYMOND

I was two years old when my family moved to Sacramento, California. My parents felt bad when they left Rexburg, ID because that meant our dear Great Grandmother Mary Ann Raymond was left behind in the care of our Aunt Yvette Raymond Parkinson.

Later we moved to Dunsmuir for a period of time; I was happy because I had my cousins to play with. My Uncle Wes Weston taught Woodshop at the high school in Dunsmuir. We lived in a wonderful home that my parents rented on the side of the hill amongst the pine trees.

We moved back to my grandparents home and then later to our new home of which I had many wonderful memories. My father had a wonderful vegetable and flower garden. My brother Ray, along with my father, raised rabbits to sell to the neighbors. That was a way my brother had of making money. The Barnum and Bailey Three Ring Circus came to town each summer. The most exciting part was that the entrance was at the end of our street - three houses down. It was an ideal place to have it because we had this big open field in back of the house as far as the eye could see. However, we did not have money to go to the circus, but we enjoyed having it there. We had wonderful neighbors, some of which became a life-time friendship. My father had built a little apartment to the side of the one car garage that my Uncle Earl and Aunt Loa Beth Wentzel lived as a young couple. When my sister Luana and her husband Donald Conrad Thoresen were married, they lived there.

My parents sold our home and moved to an auto court on 12th Street. They called it Raymond's Auto Court. Our home had two bedrooms with a basement. My two sisters and their family lived at the auto court and I was their babysitter. I grew up in Sutter Ward and I held positions in my different classes, serving as a class officer, in one capacity or another. We had wonderful mutual dances, gold and green balls at the Governor's Hall, plays, and musicals. My greatest love was for music, theater, dancing, anything involving the arts.

I attended Fruitridge and Dos Rios Elementary, Hagginwood Intermediate, and I graduated from Grant Union High School in 1954.

After graduating from high school, I worked for the State Water Resource Department. I then went to Brigham Young University and it was at BYU that I met Richard D. Anderson and we later were married in the Los Angeles Temple. We had five children and adopted one. My son Blaine, became ill and passed away at 3 1/2 years old. We adopted David when he was three days old, around three years after Blaine passed away.

I have been active in the church all of my life and the following are the different positions I have held in the church: I was on the Stake Sunday School Board, Second Counselor in the Primary, Primary Teacher, Dance Director at BYU for a short time. Over a 40 year period of time I have been: Relief Society Pianist, Ward Organist, Sunday School Organist, and Choir Organist. I have worked for the Federal Government for 19 years.

HISTORY OF WALLY RAYMOND

(History Written By: Loa Beth Raymond Wentzell Bonham Clark)

Wally and his family lived in Sacramento for a number of years, in a home across from his Mother's home. And so she helped raise his children after his first wife died. The three surviving children were raised there and went to school in Sacramento, except for the time Bill & Bud spent living with their Aunt Yvette.

Wally was a General Contractor who was well known in Winton and Atwater for his construction work. He was the owner of the Bellevue Shopping Center, the Raymond Apartments and the Bryant Auto Parts Store in Atwater. He also was the owner of apartment buildings on R Street, near the Santa Fe tracks in Merced. He spent considerable time in the Atwater-Winton area and resided in a house trailer when working there. For a hobby, he raised thoroughbred horses on a 20 acre tract of land near Winton. He was a member of the Church of Jesus Christ of Latter Day Saints.

One day he was standing in back of his legally parked car on the shoulder of the road, on Santa Fe Drive, when he was struck by another car while removing a camera from the rear of his trunk. The first persons to arrive at the scene jacked up the car that hit him, to relieve the weight on him and make it possible to cover him, but he died soon after.

His daughter, Lorraine, tragically, was asphyxiated when the heat was left on too high, in the little apartment above her grandmother's garage. She and her new sister-in-law Mary, were living there while Bill was away in the Navy. Lorraine had just graduated from Sacramento High School the year before. Bill's wife was pregnant at the time, and found unconscious, but luckily survived with no ill effects to either her or the baby. Lorraine was unconscious for a number of days, but they could not save her life. This was very heartbreaking for all of the family.

HISTORY OF VIVIAN SCOTT RAYMOND

Vivian was born the sixth child of **VANNESS SPENCER RAYMOND** and **LYDIA PEARL SCOTT** on February 22, 1909 in Rexburg, ID. Her parents had previously lost their two babies a few days apart, (March 3, and March 8, 1908) due to measles and scarlet fever. She was told her birth was very comforting to her parents after their loss.

She received her education in UT and ID schools earning a teaching credential from Ricks College. This credential helped her years later when she did substitute teaching in Sacramento.

The Raymond family moved to Sacramento, California in 1927. There the Raymonds were very active in the small Homestead Branch of the LDS Church.

Vivian said the most important goals she had in her life were to be worthy of a temple marriage and to find a man who was worthy to take her to the temple. She also wanted a family; she loved children. Happily she was able to meet all of these goals. Vivian met Rulon John Weston when he was in Sacramento serving a mission for the LDS Church. Upon his honorable release they were married November 3, 1929 in her parents home at 2025 55th Street in Sacramento and sealed in the Salt Lake Temple on May 3, 1930.

Times were hard (it was the depression) and the young couple had many problems as they began life together. Vivian was a "city" girl while Wes was a "country" boy, coming from Laketown, UT. They managed to put Wes through college in Logan, UT, and lived for a time in Garden City and Laketown, where he taught elementary school.

While the Westons were living in Laketown their first child, Joanne Raymond Weston, was born on October 15, 1934. The Westons then moved to Blackfoot, ID, where Wes was hired to be an industrial arts teacher in the high school. While living there Dawn Rae was born on September 23, 1937. However, Vivian went back to Rexburg for the birth of her first two babies because she thought there wasn't another doctor like Dr. Sutherland.

Music played an important part in Vivian's life. About the age of 16 she took vocal lessons. She'd had enough piano lessons to help her read music for vocal lessons. She sang with the Singing Mother's and Relief Society Choirs in all wards she lived in. One highlight in her musical life occurred while living in Blackfoot, ID. The Blackfoot Stake Choir had been asked to furnish the music for a session of April General Conference in Salt Lake City. The choir had been practicing for months and just the month before conference, Vivian lost her voice. She went to the practices and mouthed the words, unable to sing. She was taking a car full of women to Salt Lake City and prayed and prayed that she'd be able to regain her voice. While driving along the way, the women began to sing and when Vivian tried to sing, she found that miraculously her voice had returned and she was able to sing at the performance. This was indeed an answer to prayer.

Vivian's love for music carried on to her children. She encouraged all five of them to have dancing lessons to gain poise and confidence and they all had music lessons on different instruments.

Vivian loved dancing, especially ballroom dancing. She and her partners entered dancing competitions at several LDS Church Gold & Green Balls. The first contest was won with Joe Peterson in Sacramento, the second with Vic Anderson in Rexburg, ID, and the third with Arlo Weston in Paris, ID. In the first competition she was a single woman, but from then on her husband, Wes, (who she said had two left feet), allowed her to enter the contests and dance with other partners.

On August 20, 1941, Wes got a very inviting offer to go to Dunsmuir, California, and have complete charge in setting up the Industrial Arts curriculum for the high school there. The family relocated and while in Dunsmuir, two more children were born to the Westons, Leola Vivian, born June 25, 1942 and Wayne Rulon, born June 28, 1944.

After first moving to Redding and finally Sacramento because of Wes' failing health, Wes died of heart failure on July 17, 1946 while visiting his parents in UT.

About one and one-half years after the death of her first husband, Vivian met Paul Cisneros and they were married on February 7, 1948 in Sacramento. He joined the church shortly afterwards. Rodney Paul Cisneros, her fifth child was born on March 4, 1949.

Vivian maintained a child care nursery in her home which helped provide extra money for the family and the education and missions of her sons.

Vivian's callings in the church have been mainly in music leadership. She was ward chorister for twenty years and has led music in all church organizations. She has taught classes or has been in leadership positions in all organizations of the church but priesthood. She also has been very interested in genealogy and has kept a personal diary for more than 50 years. She organized the first California Raymond Family Reunion in May of 1978 and has done much towards gathering genealogy information and pictures.

HISTORY OF JOANNE RAYMOND WESTON LEE

I, Joanne Raymond Weston, was born on October 15, 1934 in Rexburg, ID. My father was Rulon John Weston and my mother, Vivian Scott Raymond.

Joanne 31.1.6.1 Stanley E. Lee (S 31.1.6.1

When I was about six years old, I became very ill with polio. My Grandfather Raymond, who was a naturopathic doctor, told Mother to bring me to Sacramento so he could treat me. I had a body massage, hot packs, and heat lamp treatments every day in his office, then went right home for bed rest and took a new pill called aspirin. Because of his treatment methods, I had a full recovery and we returned home to Blackfoot, ID.

I was baptized on my eighth birthday, (in keeping with my father's family tradition). However, Lake Shasta in October is very cold and my father got pneumonia and I caught very bad cold. That ended that family tradition.

In 1944 our family moved to Sacramento to be nearer my mother's family. My dad was very sick with heart failure and I was sick with rheumatic fever. My father passed away while visiting his family in UT. My recovery was very slow. It took about three years.

Nearly two years after my dad's death, Mother met and married Paul Cisneros. About a year later my last brother was born.

During my teen years I had 100% attendance at all of my church meetings and received my Golden Gleaner award. We had a stake teen dance every Saturday night

and I loved to dance. I met my husband, Stanley Earl Lee at one of these Saturday night dances and we were married on July 1, 1955 in the Logan Temple by my mother's cousin, George Raymond.

I have always been very active in the LDS church and have been a teacher in Jr. Sunday School, Primary and Relief Society. I have also been the secretary of Sr. Sunday School, MIA, Jr. Sunday School, Primary and Stake MIA.

Our son Terry Alan Lee was born in Sacramento, California on May 8, 1957 and served a full time mission in the Leeds England Mission (1976-1978). He married Marsha Hudson on August 8, 1979 and they have four children.

Our daughter Tammy Lorraine Lee was born May 5, 1959 in Sacramento, California. She attended BYU for one year. She married Lyn Trinnaman on January 13, 1979. They are living in Provo, UT while Lyn attends BYU.

I have worked for the State of California most of my adult life and always found time to work with or have fun with our family. My husband is currently the bishop of Sacramento First Ward and I am the editor of the First Ward Bulletin.

HISTORY OF DAWN RAE WESTON (BALLARD) DISERNIA

I was born in Rexburg, ID on September 23, 1937, the second of four children of Vivian Scott Raymond and Rulon John Weston.

My mother first noticed my interest in music when I was about five years old and my sister, Joanne, started taking piano lessons. After Joanne finished practicing her assignment, I would go the piano and pick out the same songs, playing them by ear.

Our family moved to Sacramento when I was seven years old. Somewhere in my eighth year, I began taking piano lessons from Thomas Scott, (no relation). Tom was a musician and an architect. Mother told him about my talent and potential and Tom agreed to give me lessons. I was Tom's only student and he let me know right from the beginning what was expected of me. He wanted me to practice and come prepared for my lesson. Tom told Mother, "When she

does good, I'll pat her on the back and when she doesn't, I expect you to pat her lower down." More than once I reluctantly practiced the piano with tears running down my cheeks. Mother and Tom had a plan for me. I was being trained to be of service to the Lord - I would be a church pianist for the LDS Church.

In looking back at this time I thank my mother for the determination she had in not allowing me to carelessly toss aside the opportunity that had been given to me to study with Tom Scott. Mothers often get worn down by whining and complaining children and allow music lessons to stop. I would encourage parents to have the strength and courage to hang in there until their child is firmly settled in music. Children are too young to make important decisions whose consequences will have a life long affect on them.

I have served as Primary pianist, the first time at the age of 10 and was Ward organist when I was 15. I have been the organist for Relief Society, Jr. Sunday School, Sunday School, Stake Sunday School, Stake Relief Society and was also Primary music director. I have accompanied many soloists and choirs. I have given piano lessons since 1970 and have trained at least eight

students who are presently serving as pianists in the LDS Church. I feel that I have been given a wonderful talent. I developed it and shared it and this talent has grown and now many pianists are serving the Lord. Presently, I am ward organist for Sacramento 2nd Ward.

I married Jay Gordon Ballard on April 1, 1957 in the Provo Temple and we are the parents of Lisa Rae Ballard and Glen Gordon Ballard. Gordon and I divorced in 1982. On September 27, 1984 I married Anthony A. Disernia in Sacramento, CA.

My daughter, Lisa, married Chris Allen Strebel on July 28, 1979 in the Oakland Temple. They live in Crescent City, CA and both work at the Pelican Bay State Prison. They are the parents of Ryan Chris Strebel, Eric Lee Strebel, Andrew William Strebel,

Sarah Christa-Rae Strebel, and Kara Cheyanne-Dawn Strebel. Both Lisa and Chris are active in the LDS Church. Chris is the ward mission leader and Lisa has several music positions and uses her beautiful singing voice often.

My son, Glen, served in the Alabama Birmingham Mission from 1986 to 1988. He is presently a courier for an armored transport company. He is the assistant ward clerk for the Sacramento First Ward, LDS Church.

My husband, Tony, is retired and I work for the State of California and give piano lessons. We enjoy traveling, genealogy work, and especially our family.

HISTORY OF LEOLA VIVIAN WESTON ROOK

I was born Leola Vivian Weston in Dunsmuir, California on June 25, 1942, the third daughter of Rulon John Weston "Wes" and Vivian Scott Raymond. I am also known by the nicknames of "Lola" and "Lee".

Because of the ill health of my father, we moved first to Redding and then to Sacramento, California. My father's health did not improve and he died in July of 1946 when I was four years old.

Approximately two years later my mother married Paul Cisneros and their son, Rodney Paul Cisneros was born on March 4, 1949. My mother lives in the same house in Sacramento she purchased when we moved there in 1945.

I was a happy child and loved to sing. I was an early riser and would go around the house singing at the top of my lungs. In grammar school I always participated in the talent shows and plays. At my eighth grade graduation I sang a solo, "You'll Never Walk Alone".

In June of 1960 I graduated from McClatchy High School and in September attended Brigham Young University. My major in high school and college was music. I was the ward pianist for my mother who directed the singing; I led the music in Primary, MIA and Sunday School and directed the ward choir. I have soloed many times. I love music and am blessed that my mother made sure I had piano lessons when I was young and then I had vocal training when I was in college.

When I returned home, I attended the USO dances as a junior hostess. At one of the dances held at Mather Air Force Base, I met my future husband, Benson Ashbaugh Rook. We were married in the Logan Temple on August 20, 1963. He was in the Air Force and we moved to Minot AFB, North Dakota. From there he was transferred to Hamilton AFB in San Rafael, California and was discharged in 1966. We moved back to Sacramento where Benson obtained a job with McClellan AFB and the Air Force Reserves. I worked for a traffic manager/consultant analyst.

On January 17, 1968 we were blessed with a son, Benson Weston Rook, "Wes". When Wes was two years old I started working for various doctors as a medical transcriber. I also worked for the Sacramento court reporters typing transcripts. Sometimes I would have to type all night because they were expedite transcripts. If I made an error the whole transcript had to be typed over. (These were the days before computers with automatic spell check.)

Rebekah Adair Rook, "Becky", was born on April 28, 1975. In January of 1979, I was hired as an administrative assistant for a real estate investment company. In 1983 I was hired as a stockbroker for a Wall Street firm. I have worked as an independent contractor, life and disability agent since that time.

Wes served in the Colorado, Denver Mission from 1987 to 1989. He is currently the ward clerk in Sacramento 1st Ward. He is on the dean's list and honor role at Cosumnes River College where he is majoring in media communications broadcast journalism. Becky is a junior in high school. She was the cheer leading mascot during her sophomore year.

HISTORY OF WAYNE RULON WESTON

I was born June 28, 1944 in Dunsmuir, California. My father was Rulon John Weston and my mother, Vivian Scott Raymond.

The first male child in the family, (I have three older sisters, one younger half-brother), I was born on my father's birthday. When I was two years old, my mother bought me a new outfit of clothes and put me on my father's lap and said, "Here's your birthday present, dear." My father finally had the little boy he'd always wanted but was too sick to enjoy him. Less than a month later he died of congestive heart failure.

One of my favorite memories is taking dancing lessons at Loa Beth's Dance Studio. (She is my aunt, Beth Wentzel Bonham.) Several of the cousins, about the same ages, enjoyed the recitals and performances. We even got on television as we were the opening and closing act for the California Hay Ride in 1957-58, doing western clogging.

Clockwise from top: Wayne Weston (31.1.6.4), Mary Beth (spouse), Mindy, Steffany, John Daniel, Kami, Matthew, Molly, Kariann

I served in the South West British mission from October 1963 to September 1965. I completed my education and graduated in 1968 from Brigham Young University. Additionally, I completed three years of graduate school in 1972.

While at BYU, I met my wife, Mary Beth Hill. We were married on August 8, 1969 in Sacramento, CA and sealed on August 9, 1969 in the Oakland Temple.

In 1973 I established a used car business, including repairs and vinyl tops in Provo, UT. In 1976 my uncle, Ace Raymond, helped me buy some property and I began to sell cars in earnest.

I have taught classes in Sunday School and Priesthood for the Church. I've

enjoyed teaching the Family Relations classes, relying upon my classes from college and the experience I've gained in raising my family. I have served as ward clerk and taught the Gospel Doctrine class for five years, following in the footsteps of my grandmother, Pearl Scott Raymond.

My wife and I are the parents of seven children. Presently, I am a member of the high council of the Provo Bonneville Stake and own and operate a wholesale automobile business and a rental car franchise in Provo, UT.

MaryBeth is a student loan officer/supervisor at BYU. Molly was chosen outstanding young woman of the year by the Provo Kiwanis Club in 1991. She will be a sophomore at BYU in the fall of 1992. Mindy also plans to attend BYU in the fall of

1992. The other girls are progressing and becoming beautiful young women. The boys (ages eight and nine) are a two man wrecking crew.

MAUDE ETHONE (TONY) RAYMOND

Tony's family moved often between Utah and Idaho, eventually moving to California in about 1926. Although there were many moves, Tony adjusted well and was a very good student and athlete, playing on championship basketball teams. As she was growing up, she won many trophies for her athletic endeavors.

then as Principal of Ceres High School for 18 years. During these years, Tony was busy with four children as well as instructing in swimming and diving and the teaching of mentally and physically handicapped children. They were involved in development and construction of real estate. After retiring from teaching in Ceres, they moved back to Sacramento and continued their real estate interests.

Their first child, Diane Ethone developed into a talented piano player, giving her first public recital at age 5. Diane was a good student and obtained a degree from Brigham Young University. Diane married Melvin Blaire Armstrong and they had two children, Trent and Jill. Diane died 19 Sep 1994.

Their second child, Sheri Ann, was a gifted artist and was a participant in the Miss Sacramento Pageant at age 18. She married Albert Rowland Oldham and they had two children, Nicolee and Brad.

Their third child, Nicholas Raymond, worked in the real estate business with his father. He married Jane Rosalie Dawson and they have five children: Sandy, Michael, Jennifer, Nicholas III and Janette.

Their fourth child was another girl, Candace Kay, who was a gifted athlete. Candy graduated from California State University in Sacramento, receiving a teaching credential and followed in her parents' footsteps as an educator. Candy married Stanley Ward, a nationally ranked heavyweight boxer, and they had one child, Alex.

Tony attended schools in Utah, Idaho and California, eventually graduating from Sacramento High School, where she was active in sports and other activities. She met her lifetime companion, Nicholas (Nick) Esidor Koshell while they were both swimming instructors in the Sacramento Park and Recreation system. Tony and Nick shared a passion for education and went on to obtain degrees from the University of CA, Berkeley, in Physical Education. Nick later went to Stanford University, obtaining a Doctorate in Education. He was an educator for many years, first as a professor at Modesto City College and

home. They took time to be together regularly. Their daughter, Sheri, worked in their business office for their rentals, keeping their books. After a while, she said to her father, speaking of her mother, "She spends too much money, that can't keep going on." Nick said, "Now she is your mother, and I want you to respect her. Remember you can have only one mother, but you can have more than one father. She can spend all she wants to. Besides, I wouldn't be what I am today if it weren't for her." Sheri said, "How's that?" He chuckled, and said, "Well — she loved to spend money, so she spent the money before I could make it. By her doing this, it made me make lots of money!!!"

FAMILY OF PEARL ROWANE RAYMOND

Daughter of Lydia Pearl Scott and Vanness Spencer Raymond

31.1.9 PEARL ROWANE RAYMOND dau. of **LYDIA PEARL SCOTT^{31.1}** (**WILLIAM³¹**, **JOHN⁵**, **JACOB SCOTT¹**) and **VANNESS SPENCER RAYMOND**. **PEARL** was born 20 Nov 1916, Rexburg, Madison, ID. (1) mar. 25 Jun 1938, **EVERETT HARVEY STRAIN**, died 20 Aug 1975, Sacramento, CA; (2) mar. **ROY ROBERT JENREÉ** 10 Apr 1976.

PEARL ROWANE RAYMOND

I was born in Rexburg, Madison County, ID on November 20, 1916 on what they called the "Old Squaw Jensen" Ranch. My family moved to and from ID and UT several times and finally settled in Salt Lake City, UT. My Grandma and Grandpa Raymond came to visit us while we lived in Salt Lake and I was so lonesome for Grandma that my mother let me go back to Rexburg to stay with them. Soon after I moved to Rexburg, my Grandpa died (December 13, 1926) and although my family all went to California, I stayed on with Grandma for nine years, until I graduated from Madison High School. Then I went to Sacramento, California where I have lived ever since.

I have many happy memories at Grandma's, lots of school friends and boy friends. We had sleigh riding parties and one of the boys would get his father's sled and team of horses. We would pile lots of blankets in the back to keep warm and the group of us would go Christmas caroling and then meet at one of the parents' homes for hot chocolate and chili beans.

Other times in the Spring, our whole Primary group would go out on the lawn by the side of our big stone quarry meeting house and we would wind the maypole with bright colored streamers of crepe paper.

Then, on Decoration Day, May 30th, we would have a big trip to the cemetery to decorate the graves. Grandma, my sister-in-law, Thelma Raymond, and kids would all pile into the car and set off with our crepe paper flowers (if we were lucky the lilacs would be in bloom, too). I would make crepe paper roses, flags and other things and we would go to the Menan, ID, cemetery, which was fifteen miles away, which took most of the day. This was quite a way to go back then.

Our meeting house was two large rooms. Upstairs was the chapel and downstairs the recreation hall. The chapel was heated by one large pot-bellied stove and in the front of the chapel upstairs, was the pulpit which became our stage for shows

Lydia Pearl & Rowane Raymond

or plays when the pulpit was removed. When we separated for our Sunday School classes, curtains would be drawn from the sides on wires to separate the classes.

girls, Ranae, 7, and Cheryl Lee, 2. He joined the Church on March 2, 1946 and Lana Rae was born in 1948. We went to the Salt Lake Temple and had our endowments on October 23, 1950, and I must say that when they brought the little girls to us to be sealed, they looked like little angels, all dressed in white.

We started building our house at 1407 Jonas Avenue in sections and by the time we had the first two rooms completed, we had Lana. The next two rooms were added on when she was two years old. the third phase was finished by the time we had our fourth child, Wallace Everett, our little boy. In four more years, we had our last little girl, Michelle Lynn, and by this time, our oldest daughter, Ranae, was married.

I sewed costumes for Loa Beth (sister) Dance Studios for years and this worked into a dressmaking business. I think I must have made hundreds of costumes for the dance recital and church programs. Sometimes, I had to sew sixteen hours a day to get them done in time. I had these costumes and materials all over my living room and almost hanging from the ceiling. All of my children took dancing (tap, ballet, Hawaiian, ballroom and acrobatics) lessons, and, of course, all of them had to have costumes also.

Primary day I didn't sew, but loaded all the kids from around the block into our old truck and off we would go. I always made a pot of chili beans and corn bread on Primary day so that by the time we got home, dinner would be ready and the family would be starved. While I studied my lesson, the beans would be cooking. Everett did not complain about having beans once a week.

My husband owned a garage at 810 57th Street for many years. He had a heart attack in July, 1974, and decided to sell the shop and by July, 1975, it was sold and he said to me, "There, now if anything happens to me, you'll be taken care of." and, three weeks later, at the age of 58, he had his second heart attack and died suddenly.

Also, the basement served as our recreation hall, dance hall, socials and more classrooms when needed, with curtains drawn from the sides. Our restrooms were outhouses in back of the church. For our socials, everyone brought a dish for potluck because there was no kitchen. Then we would dance till late, with the old and young mixing together.

We had good times, happy times and fun times. Seemed like one big happy family.

I graduated from Madison High School and on May 30th, 1934, I moved to Sacramento, California to live with my parents. How well I remember that Decoration Day - it was so hot, I had a hard time getting acclimated,

That year I applied for a job at the telephone office and was hired as a telephone operator. This was before we had the dial system and it was "Number, please," and "Thank you." It was while working here that I met my future husband, Everett Harvey Strain. After a hectic courtship, we were married on June 25, 1938, at Mama's house at 2025 55th Street, Sacramento. We were married by Joe Peterson, Bishop's Counselor. It was the first marriage he had ever performed and he was as nervous and scared as we were.

By the time Everett had joined the Church of Jesus Christ of Latter-Day Saints, we had two

In March of 1976, I met my second husband, Roy Robert Jenréé, and we were married on April 10, 1976. He joined the Church and was baptized 19 June 1976 by my son, Wallace Everett, and confirmed a member on that date by Lawrence Gardner, my son-in-law. One year later, we went to the Oakland Temple for his endowments.

My husband worked for California State Department of Forestry for twenty-two years and retired in July, 1977 when he was 67 years old. He owned a home in West Sacramento, but decided to rent it out and come live in my home at 1407 Jonas Avenue where we presently (1995) reside. All five of our children and their spouses live in the Sacramento area. We have seventeen grandchildren and eight great-grandchildren, with another great-grandchild due in June, 1995.

RANAE RAYMOND STRAIN WOODBURY

Ranae Raymond Strain was born April 16, 1939 , the first daughter of Everett Harvey Strain and Pearl Rowane Raymond in Sutter Memorial Hospital in Sacramento, California. I was raised a member of the Church of Jesus Christ of Latter-Day Saints. Most of my childhood was spent in a home that my uncle Ray built in the Arden area. I attended Coloma Elementary School through third grade, then Arden Elementary through the eighth grade and then graduated from El Camino High School in June, 1957. I enjoyed the young women's programs of the Church, especially the Saturday night dances.

Some fond memories of my early life were meeting President George Albert Smith at the Old Homestead Ward, being sealed to my parents in the Salt Lake Temple when I was 11 years old, working for my Aunt Beth from the 8th grade through High School at her dance studio, horseback riding and swimming with my friends, and driving my dad's many vehicles.

At eighteen, I met and married John Bryce Woodbury, a Lieutenant in the Air Force. We met in April and were married on December 21, 1957 in the St. George Temple. We lived on Greenhills Road, our first home, until 1961. Our first two sons, John Bryce II and Bevan Jay were born in Sacramento. Bryce attended Yale University to study the Japanese language and I studied with one of his teachers for a year before going to Japan. While in Japan I studied Japanese through the University of Maryland Extension. We lived in Tokyo for three years, and our daughter, Denise, was born at Tachikawa Air Base. We lived in many locations during the remainder of Bryce's career in the Air Force, retiring in 1975 as Lt. Colonel. Our youngest son, Michael Scott, was born at Scott Air Force Base, Illinois. During these years, I held various Church positions, including Primary President twice in various wards, Stake Young Women's President, teacher in various Church organizations, Relief Society counselor twice, and am currently Director of the Name Extraction Program in Carmichael, CA Ward.

Our oldest son, John Bryce II, graduated from Brigham Young University at the age of 19 and served a mission in Japan. He later graduated from college of Osteopathic Medicine of the Pacific and is presently an Emergency Room Physician. He has two daughters, Tiffany Sanae and Candice Marie.

CHERYL LEE STRAIN

I, Cheryl, was born of loving parents who provided many opportunities for growth and development. Among these areas are: (1) the exposure to music with daddy playing the guitar, mother the piano, and lots of family singing; (2) dancing lessons for 15 years, including ballet, toe, tap, tumbling and ballroom; (3) sewing skill taught from age 8, which would result in being self-employed as a seamstress for over 20 years; (4) most importantly, the LDS Church became the foundation for my religious beliefs and set the pattern for a lifetime goal of continued education.

In 1958, at a church Saturday night dance, I met my sweetheart and soon-to-be partner, Sam. We married two years later in the Salt Lake Temple. Our life together has been one "Big Camp Out." Many summers have been spent with our two sons in the high mountains of NE NV. Sam has hiked and hunted while I pursued interests in the flora, fauna, natural art and physical geography. The boys learned with whomever the guide was for the day.

Our oldest son, Dan, a third generation Sacramentan, attended local grammar schools, high school, and junior college. He served a two-year mission in Manchester, England. After graduating from BYU's Master's Program for Accountancy, he and his wife, Kelly, moved to Concord, CA, where he completed his CPA licensure. Their two energetic daughters, Samantha and Kerstin, are delightful. Our second son, Kendall, likewise grew up in Sacramento. He enjoyed many sports, especially hunting with his father. His love for being outdoors has led to a career in landscaping, specializing in waterfalls and rock and brick work. He and his wife, Kimberlee, have a son, Jeremy.

After our sons were raised, I completed an Associate Degree in registered Nursing in 1990. Presently, I work at Sutter General Hospital, Diabetic Floor.

LANA RAE STRAIN

Lana Rae Strain was born 21 September 1948, the third child, third daughter of Everett Harvey Strain and Pearl Rowane Raymond in the Arcade Hospital. I was raised a member of the Church of Jesus Christ of Latter-Day Saints, and loved the many activities of the Church. I attended kindergarten at Mrs. Nareau's home until Cottage Elementary School was completed. In the third grade, we were sent to Greer elementary School, seventh and eighth Grades were spent at Jonas Salk, Jr., High School, and I graduated from Encina High School in 1966.

Quite often when I was young, Dad would play his guitar and harmonica and we'd all join him in singing. Mom would help me sing harmony. Aunt Beth's dance studio was next door so I took many lessons in ballet, gymnastics and ballroom dancing. I loved to sing and dance, and had many opportunities through Church, school and Aunt Beth's studio to perform.

Lawrence David Gardner and I met through a mutual friend. After a very brief dating and engagement period, we were married on August 8, 1967. He had just completed basic training for the Army before we married. I went with him to Baltimore, Maryland where he completed his advanced training in military intelligence. He was assigned to the Pentagon for the remainder of his tour so we lived in Alexandria, Virginia. Our first child, Letische Ann, a daughter, was born at Ft. Belvoir. In June, 1970, he was released from the military and we traveled to UT where Lawrence attended BYU. Lawrence David II, a son, was born in Sacramento while Lawrence supervised boys picking pineapples in Hawaii. Our third and fourth children, Leslie, a daughter, and Lee Shawn, a son, were born in Provo, UT while Lawrence went back to school. We felt inspired to move to Sacramento, and then Lanae, our youngest daughter, was born. Lawrence finished his degree in Art after our five children were born. While the children were young, I canned, sewed and served in the Church. I have been a seamstress in our home for the past nine years.

Letische Ann married Darren Melvin Bevan, May 12, 1990. Letische works for an engineering firm as an Administrative Assistant, and is the main financial support while Darren is completing his degree. They are expecting their first child in June, 1995.

Lawrence David II completed a mission to Germany in 1992. He has started a small business and plans to attend college in the fall. Dave married Deborah Dusku 12 May 1995 in the Oakland Temple.

Leslie married Adam Aaron Gwilliam in the Oakland Temple and they have a daughter, Brea Adriana. Leslie presently provides daycare for pre-school children and teaches violin lessons while Adam works and goes to college.

Lee Shawn is presently serving a mission in Birmingham, England and will return to us March, 1996.

Lanae graduated from high school June, 1994 and is enrolled at American River College.

WALLACE EVERETT STRAIN

I was born July 24, 1954 in Sacramento, CA, at Sutter Memorial Hospital. I am one of five children, and the only son born to Everett Harvey Strain and Pearl Rowane Raymond. I lived at one house during my childhood and teenage years, which was located at 1407 Jonas Avenue, Sacramento, CA, in which my mother still resides. I have many fond memories during my childhood there. Many of these memories and stories were told or occurred over the holiday seasons. One story in particular about my father stands alone.

The Strain Family, while on vacation, after Everett had been playing guitar in his band for several days, had been traveling all day, and had worked up quite an appetite when they came across an eating establishment that appealed to everyone. After being seated and remaining there for an extended period of time without any attention from the waitress, Everett pulled his guitar from the case and began singing the song "Clear Blue Water." Everyone else in the restaurant found this to be quite humorous, since they were without water or food also.

I took tap and gymnastics lessons from my Aunt Beth at approximately 5 years of age and later used some of these fundamental techniques in gymnastics at Encina High, where I was on the varsity gymnastics team. I received a gold medal at the end of my senior year at Berkeley, CA, Invitational Gymnastics meet for a first place on the "rings." Later, I attended Sac State University, which the year after became California State University, Sacramento.

I, like two of my uncles, have been interested in carpentry and electrical circuits for most of my life. I have been involved with several building projects and currently work for Pacific Bell in the Construction Department.

I went through the Church scouting program without any major injuries. I graduated from Seminary in 1971 and hold the office of elder.

My wife, Shawn McDuff Merrey, and I currently have two children, Megan Lindsay Strain and Alec James Wallace Strain.

My daughter, Megan, started Scottish Dancing at the age of seven and she just received the first place trophy for the aggregate open, 11 years and under, in Costa Mesa (5/28/94). Megan graduated from grammar school in 1994.

My son, Alec, is three years old.

I was married previously to Jeanne Elizabeth Hall and have one child by Jeanne. Her name is Rebecca Ann Strain and she is currently living with her aunt in Roseville.

MICHELLE LYNN STRAIN

Michelle Lynn Strain Thrift was born June 5, 1958, the fifth and last daughter of Everett Harvey Strain and Pearl Rowane Raymond in Sutter Memorial Hospital in Sacramento, CA. Being born into the Church of Jesus Christ of Latter-Day Saints, I enjoyed the Church organizations and benefited from them.

As a young girl, I took dancing lessons from Aunt Beth Raymond Wentzel and tap lessons from Casey Thompson. I grew up playing in the old costumes and clothes my mother had made and have many fond memories of playing with the Adams' twins and Bonnie Franklin... all of us dressing up like fancy ladies and riding around on the riding lawn mower. Those days sadly came to an end when one of the Adams twins got her costume sucked up in the lawn mower. Much to my father's disgust, he had to take the engine apart. I just figured he was a mechanic and if anyone could fix it, he could...he did.

I had a desire to play the piano, and my mother, being wise after raising four other children before me, created a great desire to learn the basics of music before she would allow me to start taking piano lessons. At ten years of age, I started my lessons knowing how to read music and was taught by my cousin, Dawn Weston Ballard Disernia. By the end of my first year (in fifth grade), I accompanied my first soloist. Throughout junior high and high school musicals and madrigals, the piano keys never stopped.

I met my future husband, Kevin Grant Card Thrift, in the summer of 1974, just before he left to go on his mission, and I corresponded with him on occasion throughout his mission. My father died in 1975, just before I started my senior year in high school. I graduated from Seminary (Arden/Fulton Ward) and high school (Encina High School) in 1976.

I left home shortly after my mother married Roy Robert Jenree on April 10, 1976 to attend BYU in Provo, UT.

Some fond memories of my teenage years and college years were in attending BYU with my dear friend, Jeanette Wait Sherrill, and my nephew, John Woodbury. Jeanette and I met at Church and I accompanied her (she played the violin) throughout high school and college. We had more in common than we knew as both of our parents died very close together and were even in the hospital at the same time. We were able to attend BYU together with her father and siblings (he moved to Provo after his wife died to finish his doctorate). Attending college away from home was very comfortable for me. I had my family and friends move with me to UT. It was very accommodating.

I became engaged to Kevin G. Thrift in April of 1978 and sealed on October 14, 1978 in the Oakland Temple. Kevin and I have three sons. While my husband spent many hours running the business, I have spent many hours at the Little League park being team mom on at least two teams each of the nine summers we have played. The boys and I have been involved in Cub Scouts and summer camps, all of this done with one arm tied behind my back!

I have been a counselor to the Relief Society, counselor to the Primary and spent many hours playing the organ and piano at Church functions. Many times one or two of my children would sit on the bench (organ or piano) with me as I accompanied. Our son, Cameron, learned how to read music this way.

Our oldest son, Kendall Grant Thrift, will be in eleventh grade in the fall of 1995 and is in the Honors Program in math and advanced science. Kendall loves to eat, sleep and play basketball.

Our second son, Cameron Clark Thrift, will be in the ninth grade in the fall of 1995. He has also excelled in math and science. Cameron loves ice hockey and is a great skater.

Our third and last child, Ryan Patrick Thrift, will be in seventh grade in the Fall of 1995, and has the gift of reason as well as the gift of gab. We feel he will make a good lawyer one day...only time will tell.

HISTORY OF LOA BETH RAYMOND WENTZEL BONHAM

LOA BETH BONHAM, was born on February 16, 1920 in Rexburg, ID. During her whole life, she took dancing lessons from every available teacher mainly in ballet, tap, modern jazz and ballroom.

On June 14, 1941 she married EARL WALTER WENTZEL in Reno, NV. He was an excellent dancer and they had many good times dancing together.

On April 9, 1942 her first son was born, Rocky Jay Wentzel. Rocky married Stephanie Combs Wentzel and had two children, Debbie and Denise. Most of Rocky's life he has devoted to selling life insurance and in his younger years was a professional dancer and excelled in sports. He is now in the Sunday School Superintendency.

On December 5, 1948 another son was born to her, Randy Ray Wentzel. Randy married Alison Schulthess and he has three children, Brooke, Heather and David. Before Randy was married, he served a mission in Scotland and while on his mission, his father died. Randy is a realtor and has bought and sold many of his own properties. He has served on the Loomis Stake High Council and is now in the bishopric.

On October 13, 1950, her first daughter was born, Vicky Lou Wentzel. She was so cute. At three and one-half years old she passed away very suddenly.

On September 22, 1953 Guy Raymond Wentzel was born. Guy fell in love with Teresa Lewis before he left on his mission to Argentina and she waited for him and when he returned, he married her. They have six children. Hans, Heidi, Hallie (who passed away at 3 1/2 years of age), and Harley, and then they adopted twins, Heath and Hillary. Guy is now in the bishopric in Shingle Springs.

On September 20, 1958, she was blessed with another little boy coming into her home, Lad Raymond Wentzel. He married Nancy Griner and has two children, Kellen and Andrea. He is a very successful property owner and manager. He has a very strong testimony of the gospel.

On July 9, 1963, Tami Lou Wentzel came into her home. She is a joy in her mother's life. When Tami graduated from high school, she received an outstanding secretary of the year award. She now owns property of her own, has bought and sold property and she now works for and has for several years, as an office manager for a small law firm.

Up to this part of her life, she had been either the ward dance director, the stake dance director or the regional dance director for 24 years. She received an honorary Golden Gleaner pin, which she is very proud of. She has been involved in many road shows and dance festivals and they were a lot of fun. She and Earl used to go every Saturday night for the youth dances. They'd carry their record player and would be there to open the building up and close the building. She served on two home missions, taught Sunday School, taught Relief Society. Her life has been devoted to the Church.

On August 27, 1970, EARL WALTER WENTZEL passed away at the age of 53. She was a widow at 50. She had a boy on a mission, and she had three other children at home. She was working in real estate with Earl, so after he passed away she had to carry on and get her broker's license.

On December 28, 1970, she married Wilbur Leon Bonham. He had a daughter, Cathren Lynn Bonham, and now has two grandchildren, Roxanne and Rachel. Wilbur and Loa Beth worked very hard together buying, selling and managing properties, at which they have been very successful.

On November 17, 1992, Wilbur Leon Bonham died in Sacramento County, California.

On May 24, 1994, Loa Beth Wentzel Bonham married Allen Louis Clark, on the Tahoe Queen at Lake Tahoe, California. They currently reside at 1403 Rowena Way, in Sacramento, California.

LOA BETH's life has been full of happiness and experiences. She has grown through the experiences that haven't been too great. Her testimony is: "I am so thankful to my Heavenly Father for all that He has given me. I know God lives and I'm proud to be a member of the Church of Jesus Christ of Latter Day Saints. I am thankful for my wonderful family and am so thankful that He has given me the opportunity to be called to my current position of working in the Oakland Temple as an ordinance worker as of January 2, 1991." This position in the Church has been the highlight of her Church callings. She was released after serving in this position for four years.

HISTORY OF VELTA LOU RAYMOND POPLAWSKI

I was born in Buhl, ID, the eleventh child of Vanness Spencer Raymond and Pearl Scott Raymond. Most of my life (since 1928), I have lived in Sacramento, Ca.

When I was eight years old, I learned to be a little mother to my brother William's Children. His wife passed away and left him with three small children (William "Bill" W. Raymond, Jr.; Bud G. Raymond; and Myrtle Lorraine Raymond). They lived across the street from us and I tended them while my mother worked. I would walk them home at night and put them to bed and tell them stories. I can still hear them say, "Just one more story."

At fourteen, my father taught me to drive a car. We didn't have to have a driver's license then. I must have done all right because I have never gotten a traffic ticket or had a wreck to date.

Our folks couldn't afford dancing lessons for my sister, Loa Beth, and I so we walked about two miles to get free dancing lessons offered by the county. After the dance lessons, we would cross the street to a park and swim for ten cents. We would eat our packed lunches we made and head home. In those days, there wasn't any fear for our safety. We would walk to a dance hall

near the park after dark and dance from nine to twelve at night. We danced so hard our feet got sore, so we would take our shoes off and go barefoot. The grass along the way felt so good on our hot feet.

I remember when World War II broke out and there was a shortage of nylon for stockings. We would put liquid make-up on our legs to make them look like stockings. The inside hem of our dresses looked pretty bad sometimes.

I met my future husband, Nicholas Joseph Poplawski, at a dance. I asked him to take me to my High School Graduation dance. Later, he took me to the "Gold and Green Ball." From then on, we went steady and were married in my family's home one week after World War II started. Five years later we were sealed in the Salt Lake Temple.

I have been a secretary, a real estate agent, and have taught dancing. If I had my life to live over again, I doubt that it would have been much different.

31.2 HISTORY OF WILLIAM AUSTIN SCOTT

(Submitted by: Ruby Hamilton Sandberg)

Will

He loved his family, he was "Will" to them, and Bill to most of his friends. He was not one to be in the limelight, but was always ready to give a helping hand when needed. He was a kind and gentle man, but he would not stand by and observe cruelty to any animal. This is where he would show a temper. When he was out on the range stringing fences, a wire flipped up and hit him in the eye, blinding it.

31.2 WILLIAM (WILL or BILL) AUSTIN SCOTT unmd, son of **WILLIAM REUBEN³¹, (JOHN⁵, JACOB¹)** and **MARY LYDIA GREEN**, born 30 Jul 1879, So. Cottonwood, SL, UT, died 30 Jul 1939, Jackson Hole, WY

When "Will" was young and the family moved from their ranch in Wyoming, to the Teton Pass, to run the Roadhouse, he ran away, and went to Jackson Hole and spent the rest of his life there. He owned a Ranch on the Porcupine Creek and was a Wyoming Game Warden and Guide for years. In his younger years he hunted, trapped, and lived the outdoor life. He carried the mail around Moose and Jenny's Lake. In the Winter he used snow shoes, and packed the mail on his back.

The boys were always protective of their sisters. Lou told of the time, when they were little, that her brothers got in over-their — her head. When it snowed at the Roadhouse, it got so deep, it nearly hid the house. They gave her a ride on the snow shovel down a mountain. They gave her a BIG shove, and she went flying down the mountain, would

hit a tree and spin around, then hit another and spin around. She was always afraid of heights, so her eyes were probably as big as saucers! The snow was higher than the fence posts, at this time, and she flew over the fence, out to the road and up the other side, then coasted down to the road, back and forth, to and fro, til she finally stopped. It nearly scared her brothers to death! Not to speak of her! — with a

chuckle she said, "My brothers never did that again!"

When his sister Pearl and her family were living in Blackfoot, ID, she called and said that all her family were sick with the flue. In the late fall, Will (Bill) road a saddle horse from Jackson Hole to Victor, ID, putting his horse up in a livery stable and took the train to Blackfoot. He helped his sister with the family, fed their stock, and when they were all well, he returned home.

He was so good to his sisters and his Mother. Lou told how one day he looked at her, and said, "Lou, you need some new clothes." And Will took her to town and bought her a number of new things that she needed. He did things like that for all his sisters and his Mother at different times.

Clyde (Hamilton) saw his Uncle "Will" without his shirt one time, and asked him about the terrible scars on his back. Will told him that he had these two pet bears, and when they grew a bit bigger, one of them attacked him and ripped his back open from his neck down to his belt. He was found unconscious with his hands covering his head and face by a hunter that luckily had come along. The hunter saved his life by shooting the two bears and by seeing that Bill got the care he needed.

BOTHE** div, died Butte, Montana, mar. 2nd 16 Aug 1924, **JOHN "JACK" GIDEON ORAM**, born 13 Dec 1882, Ogden, UT, died Rigby, ID.

HISTORY OF MAUD SCOTT

Maud was born in a little log house her father had built when he first settled in Menan, Idaho. Most of her girlhood days were spent at Menan. They later lived in Jackson Hole, Wyoming, and also the Teton Basin. She was a great lover of horses and always had a pony of her own. She acted as mail carrier from Menan to Annis. This she did on horse back, when her parents were running the Road House and livery stable in Menan. She enjoyed some wonderful times in all outdoor sports, both summer and winter there. She also spent a good deal of time in the winter shoveling snow, for it got so deep it nearly hid the house.

After she had grown to young womanhood, she went to Pocatello, Idaho, to seek work. It was there that she met a young painter and paper

hanger by the name of Ed Bothe, whom she later married. They went to his hometown, St. Louis, Mo., to make their new home, and they lived there a number of years. Later they moved to Dewey, Oklahoma, where they lived for eight years. Her husband died, following a long illness, and she came west to her brother Gib Scott's. She spent the winter at Menan with her brother Rube, and the summer at Jenny's Lake with her brothers, Will and Gib. They enjoyed many good times together, boating, riding, and taking out the Dudes who came to visit Jackson Hole. She went to Menan, and later, to Rigby to work. There she met John G. Oram, and they were married. Though she never had any children of her own, she raised and loved his six children as though they were own. They were **LLOYD L. ORAM**, of Ogden, UT, **RICHARD E.**, and **JOHN LYLE**, of Rigby, ID, **ARCH L.**, of St. Louis, Mo., **THELMA WATSON**, of Menan, and **MAY MC FARLAND**, of Ogden, UT.

Thelma wrote that her brother, Lyle, "...was just a little boy when Maud came to our house to work. He had seen many housekeepers come and go since the death of our Mother, nevertheless, the coming of another one was quite an event. Together Maud and I prepared the evening meal, and after the work was finished we went into the living room to talk. Maud sat down in a big armchair and Lyle climbed up behind her and asked if he might take the hair pins out of her hair. She agreed, and he proceeded to take her long hair down and brush it. Then he said, 'My Mama had long hair like this!' And he slipped his arm around her neck, and slid into her lap, and— I always imagined, into her heart, for she has been a good mother. We have all enjoyed her love and companionship. She liked to fish and hunt, and some of her happiest days have been spent on the banks of the Snake River and the blue waters of the lake, with my father."

A place is vacant in our hearts,

HISTORY OF SARAH VIVIAN SCOTT

Although Vivian, or Aunt Bebe, as the many nieces and nephews called her, never had any children of her own, she was a second mother to all of us. She was outspoken, but whenever anyone needed help or was ill, Aunt Bebe was there. She was a hard worker. She had taken nurses training and took many different classes, including pottery. She was always neat and tidy. Bebe's Mother, Minnie, joked

about Vivian changing her apron every time she turned around.

When she lived in Petaluma, CA, she would take different one's of her sister, Lou's, girls to live with her for a few months or so. Laila stayed with her and went to Jr. High School there and hated so to leave. Vivian raised such beautiful flowers there and she did the most beautiful embroidery and needle work. It was almost as pretty on the wrong side as the right side. She loved to laugh, she always enjoyed a good funny story. When Donna stayed with her when she was tiny, she was helping her learn to read and she was having her read to her, and Donna would read, "And the Duck said, Qusk, Qusk! Instead of, "Quack, Quack!" Another saying she got mixed up on, was saying, "Monday's child is fair of face, Tuesday's child is full of grease!" Instead of Grace! Aunt Bebe would laugh so. She never did forget that!

Bebe ran a large two story boarding house in Sacramento. She was a beautician so she had her own shop in the building also. Ruby went and stayed with her there, and Bebe practiced different styles on her hair, as it was so thick. She did Shirley Temple Curls, and French Braids. Then

Ruby would help her with changing and washing sheets and then would walk her dog. Bebe always had a pet dog or two, like in the picture with Minnie and Ruby. She always loved her little dogs so. It was always so much fun to go and stay with her, like Lou, she made even the work fun. She was a sweet lady.

FAMILY OF REUBEN LEMUAL SCOTT

(Compiled and Submitted by Evelyn Lou (Scott) Davis)

1887 - 1988

Son of William Reuben Scott and Mary Lydia Green

31.5 REUBEN (RUBY) LEMUAL SCOTT son of **WILLIAM REUBEN SCOTT³¹ (JOHN⁵, JACOB SCOTT¹)** and **MARY LYDIA GREEN**. **REUBEN** was born 2 Feb 1887, Labelle, Bingham (now Jefferson), ID, died 16 May 1988, Gridley, Butte, CA, bur. 21 May 1988, Annis, Jefferson, ID, Cedar Butte Cemetery. (1) mar. 3 April 1908, **GERTRUDE STOWELL**, Salt Lake Temple, S.L.C., UT. **GERTRUDE** was born 17 April 1890, LaBelle, Bingham, (now Jefferson) ID, died 12 Aug 1961, Chico, Butte, CA, bur. Cedar Butte Cemetery, Annis, ID, dau. of **DAVID STOWELL** and **RUTH ANN BURCH**, (2) mar. **MINNIE ESTELLE KRETH HOOKER**.

Reuben (Ruby) Lemual Scott was the fifth child of William Reuben Scott and Mary Lydia Green. He was pleased to be named after his father. He was born February 2, 1887, at Labelle, ID. He grew up in a loving home, and learned the traditions of his fathers. He learned to work hard and to help others. One of his earliest memories was of his dear mother going out to milk the cow. There was a woodpile nearby, and Ruby, as he was called, hid on the top side of it and waited very still. When his mother was finished milking, with bucket of milk in hand, she was making her way back to the house. Carefully he watched as she drew closer and closer. When the timing was *just* right, he sprang off the woodpile and said, "Booo!" Landing with both feet right in the bucket of milk! Milk went every which way! He felt very sheepish, he turned, and ran away. His sweet mother said, "Oh! Ruby! You blessed little thing." He frightened his mother and played a joke on himself, too. They didn't have milk for dinner that evening. Was it because his mother jumped so high or was it because...? Well, you know the rest of the story.

Reuben and Gertrude

The fashion of the time, for little boys, was coveralls with the little flap in the back. Little Ruby was playing outside the house. His mother called, "Oh Ruby, I see a bear." Ruby came running into the house as fast as his legs would carry him. He hurriedly shut the door behind him, and he said, "Where? Where?" His mother bent over and gently pinched his bottom. He turned, and looked at his mother who had a big smile on her face. She had played a joke on him.

William Reuben, his father, had made an apparatus for the children to play on. He put a board across the top of a tree stump, and attached it in some way with a bolt or a peg. The children sat on the ends of it like a teeter-totter. However, it didn't go up and down, it went around and around. Reuben and his brothers and sisters really enjoyed it.

Reuben L. Scott met Gertrude Stowell at a dance in Annis, ID. He didn't see her again until four years later at a dance in Rigby, ID. Gertrude was a beautiful, vivacious girl, and she had many friends. She was a very graceful dancer. She and Reuben made a handsome couple on the dance floor. He courted her for a year, and on April 3, 1908, they were married in the Salt Lake Temple.

Gertrude Stowell, was born on April 17, 1890 to David Stowell and Ruth Ann Burch. Both parents were children of early pioneers who were stalwarts in The Church of Jesus Christ of Latter Day Saints.

After they were married in 1908, Reuben and Gertrude homesteaded 160 acres at Canyon Creek, ID. They built a one room log cabin that measured 18 by 22 feet. It was built upon the bench/bluff above Pincock's Hot Springs. Reuben dry farmed wheat and raised potatoes and other vegetables. He had very good gardens. Reuben carried water from the creek at the bottom of the canyon up to the house. It was for their personal use as well as for the animals, He loaded the wagon with

six big water barrels, hitched up four head of horses to the wagon, and down the mountain he went. When all the barrels were full, Reuben hauled them back up the mountain to their house.

bear came struggling out of the cave. Daddy shot the bear and skinned it out. The skin measured eight feet seven inches by seven feet eight inches. Daddy then caught another horse to ride home, and he loaded the skin on the Percheron. The skin was so big and heavy that the horse was tired out when he got home. Reuben went up the next day for the bear meat. Gertrude rendered out twenty-one gallons of clean oil from that bear.

There were no phones or electricity, but Reuben had his own communication system. Their closest neighbor was Pete Barney, who lived about two miles away. Reuben would go over to the edge of the bluff and call, "Yoo Hoo"! His voice echoed down the canyon, and Pete would answer back. The echoes went up and down the canyon and they talked back and forth very clearly.

Reuben worked long and very hard on the dry farm at Canyon Creek. In 1916 he moved his family to Menan. He bought the Wes Gibson Ranch, 160 acres, which was west of Menan on Spring Creek, across the road from John Lott's Big Six Ranch and Lew Barrett's (The Wood Livestock Ranch). He raised grain, alfalfa, sheep, hogs, Jersey cows, and a very high quality of Percheron horses.

David and the Baby Grand Chevrolet.

Since no doctors were available in Canyon Creek to provide help, Mother would travel to her parents' home in Annis, ID, where David, Helen, and Burch were born. Reuben and Gertrude's fourth baby was born prematurely on June 27, 1916 at home. It was a little girl named Mary Alida. She was very tiny and lived only eleven days. The beautiful baby was loved by all, she died on July 8, 1916. She was a great loss to the family.

On one occasion his horses were grazing back in the mountains. Reuben rode his big black Percheron horse to get them. His two dogs, Shep and Watch, were following behind. He saw some bear tracks, and he followed them to a cave. The bear was seeking a place to hibernate. The dogs went into the cave; there was a terrible fight. Daddy walked around and got upon the top of the cave. Before long Watch came backing out of the cave. The dog had a hold of the bear, slightly behind the base of the bear's ear, and was pulling for all he was worth. It must have been a very tender spot. The

Three years later in the fall of 1919, Reuben and his family went to the Mormon community of Gridley, California. The ranch, the sheep, and the other livestock were left in the care of his brother Gilbert (Gib) Scott. While they were in Gridley, Reuben worked for a building contractor, George Tolly. They built the hotel and the theater in Portola, California, and homes in the Gridley area. They stayed in Gridley for two years before they returned to ID. Daddy bought a new "Baby Grand Chevrolet," his first car! They began their trek across the desert in style. The roads were graveled part of the way, and the rest were dirt. Sometimes the road was wide enough to pass an oncoming car and sometimes it wasn't. In that situation one had to wait in a wider spot for the other car to pass. They stayed in hotels or camped out at night. The trip took about six days.

In 1921 the family returned to Menan, and Reuben began to operate his holdings there again. Five years and two children later, California began to beckon to him. Reuben said, "The winters are too cold in Menan, and there were too many mosquitoes in the summers." He sold all of his property and his livestock in ID. Bidding farewell to their parents, brothers, sisters, and friends, they moved back to Gridley. This was in 1927. A few years later Daddy purchased a 20-acre farm. There were peach trees, prune trees, apricot, plums, persimmons, pomegranate, fig, and apple trees. There were walnut, almond and pecan trees. There was a beautiful flower garden and a wonderful place for a vegetable garden. We had horses, cows, pigs and game chickens. Everyone helped according to his ability.

Dad's House in Menan.

Daddy planted the acreage into squash and melons for seed crops. He made a device like a large horse-drawn sleigh to use for the harvest. There were large wooden runners that slid on the ground between the rows. Pickers threw the squash/melons into a compartment. The next step was to cut the squash open. To be efficient, Reuben, mounted a large blade, like a paper cutter, to a board. The melon/pumpkin was put on the board, and the blade was lowered to cut it open. It automatically fell into a holding compartment for the seeders. They scooped out the seeds into a barrel-like tub, and then threw the remainder back onto the ground to decompose into the soil. Each evening the seeds were washed to remove the pulp. When the seeds were clean they were put on a large tray to dry in the sun. Reuben raised seed crops for a few years. He also milked cows, separated the milk, and sold the cream, then fed the skimmed milk to the hogs. In 1931 Reuben decided to go into the dairy business. He divided his acreage into three sections. He planted alfalfa and clover for hay and pasture, and put new fences around each section. Daddy rebuilt one side of the barn; he put in a concrete floor and a feeding trough. He put in a number of stanchions, filled the barn with hay, and bought thirty-five head of Guernsey milk cows. About this time the farmers united and established a Farmers Cooperative Creamery. There was a ready market for the milk. His dairy farm was very successful.

He operated the dairy until he became ill, and in 1943 they asked Burch if he could help them out. Burch ran the dairy for a few years. About 1957 the farm was sold to Reuben's youngest son, Robert (Bob).

Reuben learned the skills of hunting and fishing at an early age, under the tutorship of his father, William Reuben Scott. He in turn passed these skills on to his sons. Daddy and his sons had many memorable experiences of such trips.

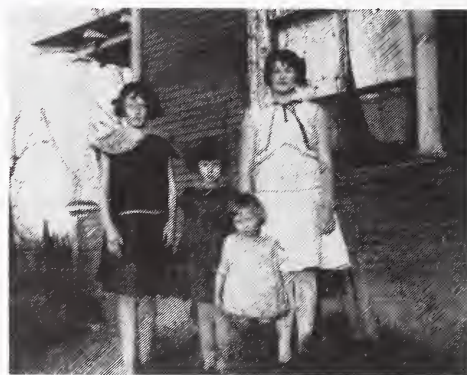

After Irene and Echo were married, on occasion, one or the other family went on hunting outings with Daddy and Mother.

Reuben held different responsibilities in the community and in the Church. He especially liked Home Teaching and he was a trustee of the West Liberty School for many years.

Mother became ill after they moved back on the dairy farm. A few years after her second operation she passed away August 12, 1961 at the age of seventy-one. Gertrude was a devoted wife and mother. She was a great teacher to her children, grandchildren, and to all about her, and she was a faithful member of the Church of Jesus Christ of Latter Day Saints.

After the death of his wife Gertrude, Reuben traveled a little bit and stayed with different ones of his children. He met Minnie Estelle Kreth Hooker. They were married January 10, 1968. They had a home in Sacramento, as well as a small cabin at Donner Lake. They enjoyed fishing there, and at other lakes in the Sierra NV Mountains. Estelle became ill and passed away November 2, 1975. They were together for seven happy years.

At the age of ninety-three years, Reuben sold his house in Sacramento, and went to live with his daughter, Evelyn. He was with her for four and a half years. He was still driving his little car at the age of ninety-five, but he did not renew his driver's license. He gave up driving thereafter.

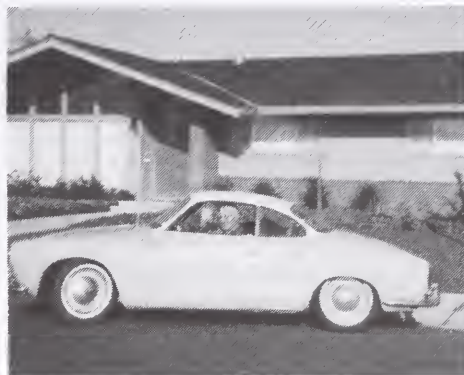

Irene, Echo, Helen and Evelyn.

In the 101 years Reuben lived, he witnessed many great changes in the field of technological advances: the beginning of radio to "the big screen" to the age of home videos, and the computer chip, from the Pony Express to man walking on the moon. He saw great advances in medical science: the blind to see, the crippled to walk and run, and the dying restored to life.

Reuben Lemual Scott lived a full life, and he influenced the lives of many people. He taught his family to work together, to sing together, to share, and to love one another. Reuben had a great sense of humor and we were a happy family.

He had 8 children, 30 grandchildren, 86 great-grandchildren, and 48 great-great-grandchildren, for a total of 172. He left a great posterity.

The last three and a half years of his life he was with his son, Robert (Bob). Reuben passed away May 15, 1988, in Gridley, California, at the age of 101. He was buried in the Cedar Butte Cemetery, in Annis, ID, where his dear wife, Gertrude, and his little daughter, Mary Alida, were buried.

FAMILY OF DAVID REUBEN SCOTT

1909 - 1994

Son of Reuben Lemual Scott and Gertrude Stowell

31.5.1 DAVID REUBEN SCOTT son of **REUBEN LEMUAL^{31.5}**, (**WILLIAM REUBEN³¹**, **JOHN⁵**, **JACOB SCOTT¹**) and **GERTRUDE STOWELL**. **DAVID** was born 15 July 1909, Annis, Jefferson, ID, died 12 July 1994, Chico, CA, mar. 7 June 1937 **MERNA JAMISON BROWN**. **MERNA** was born 9 June 1911, Mendocino, Mendocino, CA, dau. of **FRANK J. BROWN** and **VERNIE JAMISON**.

David Reuben Scott was the oldest child born to Reuben Lemual Scott and Gertrude Stowell. David was born on 15 July 1909, in a log cabin at his Grandfather Stowell's farm in Annis, ID. His early childhood was spent on the homesteaded "dry farm" on Canyon Creek about forty miles east of Rexburg, ID. He went to live with the Stowells in Rexburg so that he could enter school.

After seven years on Canyon Creek, the family moved to Menan and purchased 160 acres. It was sold in 1927 and the family moved to Gridley, California. They bought twenty acres and later developed it into a dairy farm. All of the children were born in ID except Robert (Bob). He was born in Gridley. David was twenty-five years old when Robert was born.

David plays Basketball.

Everybody in the family worked hard on the farm. Being the oldest child, David was required to learn responsibility at a very early age. Throughout his life David's friends knew that he was a man who could be depended upon. He enjoyed competing in many different sports, including basketball and baseball. He loved the outdoors and was an avid sportsman all his life.

David and Merna Scott

David finished his high school years in Gridley and graduated in 1928. He went to San Francisco and entered Heald Engineering College. He supported himself while going to school and became an electrical engineer. The country was in the depths of the Great Depression and times were very hard. Finally, in 1935 David was hired by Pacific Gas and Electric Company. He became a first operator in the Colgate Power House. Colgate was on

the Yuba River, several miles from the small town of Dobbins, about forty miles east of Marysville. David worked for PG&E until World War II began.

In 1937, at the age of 28, David married Merna Jamison Brown of Mendocino, California.

Three children blessed this union. Fifty-six years later the family includes seven grandchildren and two great-grandchildren.

William, Jill & Myrnalee

David contributed to the war efforts as a civilian in the Signal Corps as a radio engineer, the forerunner of radar. He worked at McClellan Air Force Base, in Sacramento, installing top-secret radar equipment in Army bombers, which were headed for the South Pacific battle zone.

Myrnalee, David, Reuben Lemual & William Reuben.

After two years David and family moved to Palo Alto. David joined the Hewlett Packard Co. as a production engineer.

L - R: MyrnaLee, Merna, William, Jill & David.

Hewlett Packard was a young company that manufactured electronic testing instruments. The company started in 1939 and grew to become a worldwide organization with many employees.

David's children received their elementary and secondary education in the Palo Alto schools. All three children attended Brigham Young University. In 1962 David retired from Hewlett Packard. Turning back to his roots, he did what he really loved. He bought 400 acres, about six miles northwest of Corning, California, and became a rancher. This became a very successful registered Polled Hereford ranch. The cattle were bred to produce breeding bulls. He also raised Appaloosa horses.

After ten years on the ranch, David had to retire because of medical problems. He moved to Chico, California in 1972, where he resided until his death. David died on July 12, 1994 at Chico, two days before his 85th birthday.

FAMILY OF HELEN GERTRUDE SCOTT

1912 -

Daughter of Reuben Lemual Scott and Gertrude Stowell

31.5.2 HELEN GERTRUDE SCOTT dau. of **REUBEN LEMUAL SCOTT^{31.5}**, (**WILLIAM REUBEN³¹**, **JOHN⁵**, **JACOB SCOTT¹**) and **GERTRUDE STOWELL**. **HELEN** was born 2 May 1912, Annis, Jefferson, ID. (1) mar. 10 July 1930, **JAMES WALTER SETAK** div. **JAMES** was born 6 Sept. 1908, Ontario Canada, died Sep. 1948, Roseville, Placer, CA, son of **WILLIAM P. SETAK** and **WANDA WASHCOW**. (2) mar. 10 April 1948 **ANDREW ROSTAD** div. **ANDREW** was born 13 June, 1915, Winnet, MT.

Helen Gertrude Scott, the second child, was born May 2, 1912 to Reuben Lemual Scott and Gertrude Stowell. She, like her two brothers, was born at Annis, ID. She was a beautiful baby and was loved much. She was a happy child.

In Canyon Creek, beside the badgers and the yipping of the coyotes, she remembers that it was late one night and Reuben, her father, hadn't come home yet. Something was after the dog. The dog ran around and around the house yelping and barking. Then it tried to jump through the cheesecloth window and as it did so mother pushed it out. Again it ran around the house and tried to jump through the window. Mother pushed the dog out again. She grabbed a gun and shot out through the window. What ever was after the dog was frightened away. The dog settled down, but it was a sleepless night for the family. We were never sure what it was, but it could have been a mountain lion. That was a night to remember.

Helen Scott

At the bottom of the canyon, below our house, was a hot spring in which the family liked to swim. The spring has now been converted into a nice warm swimming pool.

After the family moved to Menan they had lots of sheep. Helen said, "We kids helped to herd them and keep them out of the alfalfa." On one occasion, Helen was riding David's race horse, and some sheep started for the alfalfa field. Helen hit the horse with a quirt, the horse really took off! She got the sheep out of the alfalfa in record time.

Helen remembers the fun she had on a swing her father made. It was in a big tree near a small pond. The children thought it great fun to swing out over the pond. She spent many memorable hours there.

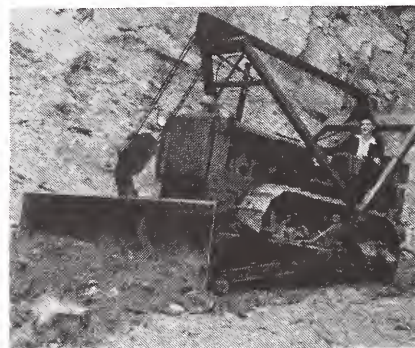

Everyone in the family had a horse when they were old enough. Helen's horse was a pony from the Blackfoot Indians, called Paint,

Patsy, Bonnie & Betty.

given to her by Uncle Will. Once she and her father rode their horses to the head of the canal. On the way back he said, "I'll race you back!" As they took off Paint began to buck. Reuben came back to rescue Helen. As the horse slowed down she finally stopped bucking. Paint didn't like to run. Helen was about fourteen when this happened.

In 1919 the family traveled by train to Gridley. They stayed for about two years and returned to Menan by car. Her father, Reuben occasionally transported checks to the bank in Rexburg for the town grocer and returned with cash for him. The family was with him on one trip, and when the road came to the river, three men on horseback came out of the bushes, where they had been waiting for Reuben's return. They yelled, "Stop! Stop!" As her father started to slow down her

Helen on the Bulldozer.

mother said, "For goodness sakes, Ruby, drive on! "Reuben put the throttle to the floor and away they sped. After another robbery attempt Reuben never transported money again.

When they returned to Gridley, Helen enjoyed teaching the children in Sunday School and Primary. One year she was an attendant to the queen of the Green and Gold Ball.

Helen married James Walter Setak in 1930. They were both full of fun and liked to tease. They sang beautifully together. There were five healthy children born to the couple, four daughters and one son. Helen and Jim were divorced in 1941.

Helen worked for several businesses in Gridley to support her family. When World War II began she worked at Camp Beale then transferred to Fort Ord, California, which is near Monterey. She drove trucks, operated large equipment, drove staff cars for the officers and was a dispatcher.

On April 10, 1948 Helen married Andrew Rostad. Being a military man the family began to travel. In August, 1951 they moved to Yuma, Arizona. In 1952 they went to the Philippine Islands, then to Texarkana, Texas.

In 1960 Helen and Andy divorced. Helen remained on the Monterey Peninsula until 1983 when she moved to Sacramento. She loves the peninsula and really misses it.

Helen has five

children and one adopted son named Ronald, twenty eight grandchildren, forty three great-grandchildren, for a total of seventy seven.

FAMILY OF BURCH AUSTIN SCOTT

1914 -

Son of Reuben Lemual Scott and Gertrude Stowell

31.5.3 BURCH AUSTIN SCOTT son of **REUBEN LEMUAL**^{31.5}, (**WILLIAM REUBEN**³¹, **JOHN**⁵, **JACOB SCOTT**¹) and **GERTRUDE STOWELL**. **BURCH** was born 2 Aug. 1914, Annis, Jefferson, ID, mar. 16 Sept. 1935, **HILDA LEONA POWERS**. **HILDA** was born 16 Nov. 1916, Metropolis, Elko, NV, dau. of **FRANKLIN BENJAMIN POWERS** and **HANNAH MATHILDA (TILLIE) JOHANNISON**.

I, Burch Austin Scott, was the third child born to Reuben L. Scott and Gertrude Stowell. I was born on August 2, 1914 in Annis, ID, at the home of my mother's parents, David Stowell and RuthAnn Burch. My first home was on a homestead at Canyon Creek, east of Rexburg. There were no doctors in that area so Mother went down to her parents' home when we were born.

The thing that I remember most about Canyon Creek is the badgers. I was very young. Helen and I were playing by some willows near our house. Unknown to us, we were playing near a badger's den. Mother saw the badger coming back, and we saw it about the same time. It frightened us so badly we began to scream. Mother yelled, "Run Burch, Run!" We took off on the run, but being so little I couldn't run very fast. The badger was right behind me. Then I heard a loud "BANG." In fear for our lives, Mother picked up a gun and shot the badger.

In 1916 we moved to Menan, ID. Three years later the family moved to Gridley, California, where I began school in the fall of 1919. My first-year teacher was Miss Burlson. Later in 1946 she was also my oldest daughter Marsha's first teacher.

When we moved back to Menan in the fall of 1921, we went to school in the spring and the fall in a wagon. In the winter we went to school in a covered bobsleigh because the temperature got down to 35-40 below zero. We had no paved roads, only dirt and gravel. In 1927 we went back to Gridley. I was in the 6th grade and went to West Liberty School. The country was in a depression, and I got a job working for Oz Shepard. I milked cows night and morning. He lived just across the street from the elementary school that I attended. I worked and stayed with the Shepard's until I graduated from the eighth grade with seven other students. Thereafter, I worked at various jobs in the summers, taking care of livestock. I helped drive 1,500 head of cattle to their winter range about 100 miles away. The summers of my junior and senior years I worked for Johnson and Barlow in the slaughter-house in Marysville and drove a stock truck picking up cattle they had bought. I continued to work for them until I was through high school. Then I worked for C. V. Scott building the stockyard, "Gridley Auction Yards", and driving a stock truck. I hauled cattle and hogs all over Northern California including the Hoopa Indian Reservation--as well as northern NV.

I graduated from Gridley High School in 1934. I played basketball for the school. I also boxed on the school team. We boxed in Sacramento, Woodland, Oroville, Marysville, Chico, Colusa, and Yuba City: all the time courting Hilda Powers, daughter of Frank and Tilly Powers. Hilda was the queen of the Gold and Green ball in 1934. I was her escort. She was my high school sweetheart.

Hilda graduated from high school in June of 1935, and we were married on September 16, 1935. On September 19 we left for Logan, UT where I attended UT State Agriculture College. Eldon Campbell, a schoolmate from Gridley, and I worked the first year of college on the NRA Federal Work Program, for 25c per hour feeding out beef cattle experiments for the college. Hilda worked at a store in Logan. When

we had free time we sorted apples. I dug potatoes and did other farm work. I knew how to harness and drive horses so I got the best job on the ranches. The others had to pick apples, potatoes, and pitch hay. I drove the teams. I went to school for two years and then we went back to Gridley.

moving in, and Hilda and I moved to Dad's farm in Gridley on a time-share basis. Dad and Mother went to Martinez, California and I operated the farm for a few years. My parents had been country folks all their lives and before long they came back. I bought some acreage and put some cows on my place. I bought a tractor, a hay baler and other equipment, and we went into business for ourselves.

In April 1947, I bought another five acres and Tony Manuela and I dug a well on it by hand using an eight inch-auger, we dug it down to pea gravel. It was a very good well and is still in use today.

I had a sunstroke in July 1948 and could no longer work out in the sun. I had to give up the farm. I bought a milk route and hauled milk from around the country. In 1950 the large companies wanted to zone the milk to companies in different areas where the plants were in an effort to cut cost. I contacted Vernon and Kenneth Hansen in Sacramento (Crystal Cream and Butter Co.) to see if they would take my producers' milk instead of zoning in the north area. They agreed, and I hauled the first load of milk on Dec. 23, 1950. I sold my house in Gridley and we moved to Yuba City, California. I was successful in picking up some big producers; it wasn't long before I had three trucks making two trips each day to Crystal Creamery.

In May 1954 Crystal wanted me to become their field representative. They bought all my equipment and gave me a car and expenses. I went into the field on May 16, 1954. In 1959 the company wanted me to move to Sacramento so as to be more centralized with my job, and on October 3, 1959 we moved into our present home.

I worked as a field representative for Crystal from 1954 until 1987 when I retired. I had open-heart surgery in 1975 and was off work for two months. Crystal paid me a full wage all the time I was recuperating. In 1981 I cut my working days to two a week. In July 1986 I had another open-heart surgery.

After recuperating for six weeks I resumed my working for the rest of the year when I finally retired for good in 1987, although at times I still act on a consulting basis for them.

In December, 1980 a group of producers gave me a retirement dinner dance party. Tickets were \$50 a plate. They had a seven-piece orchestra for the dancing. What a party! They gave me a check for \$5,000 and paid \$2,800 for the party.

Hilda and I have traveled through most of the states west of the Mississippi River and some east of it. We went to Europe for six weeks and also to Canada and Mexico.

I took a job back east as a salesman. We came back to Gridley for Christmas each year. One year Hilda stayed with her parents, and I went back to Des Moines, Iowa. While there I was hospitalized and operated on for a ruptured appendix. They kept me in the hospital for five weeks. After the company released me from my contract, I came back home to Gridley.

I worked in several different creameries. I set up the Roller Dryers in the Gridley Creamery and operated them. I operated the evaporator pan, making condensed candy mix for the Peter Paul and Euclid Candy Company (Mars Bars) at the creamery in Newman, California. I also made ice cream for Borden Creamery in Sacramento, and worked there until 1942. Then World War II broke out. I went to work at the shipyard in Richmond, California. A year or so later Dad developed a heart condition and could no longer operate the farm. Mother wrote me and asked if I could help them out. Hilda and I moved to Dad's farm in Gridley. I had just bought a house in Oakland and furniture in Sacramento. I sold them without

Crystal gave us a twelve-day trip to Hawaii for our golden wedding anniversary, September 16, 1985, all expenses paid. A group of producers gave us a five day trip to Carmel-by-the Sea as well as \$150 spending money. Our children gave us a nice party in our yard, where about one hundred guests came.

I just recently passed my 80th birthday and my loving wife Hilda sponsored a complete surprise family dinner party at a nice restaurant for me.

I have three wonderful children, seven grandchildren and one great-grandchild. I've had a faithful and loving wife for fifty-nine years. What a wonderful life to have such a great family and to have so many friends!

Daughter of Reuben Lemual Scott and Gertrude Stowell

31.5.5 RUTH IRENE SCOTT dau. of **REUBEN LEMUAL SCOTT^{31.5}**, (**WILLIAM REUBEN³¹**, **JOHN⁵**, **JACOB SCOTT¹**) and **GERTRUDE STOWELL**. **RUTH IRENE** was born 3 May 1919, Menan, Bingham (now Jefferson), ID, mar. 7 Oct 1937 **HAROLD ELDON ANDERSON**. **HAROLD** was born 30 Oct 1915, on a ranch in Zieback County, SD, son of **GUSTAF PETER ANDERSON** and **LOVICY SYLVIA PATTAT**.

I grew up during the depression. Not much money to go around with our large family.

I remember that when I was baptized I was the very first one of the group and was always proud of that.

My mother was a great seamstress and sewed well and never used a pattern. She would just look at a picture and then she made it. She would make most of my dresses from dresses that Aunt Vivian had discarded or ones that Helen had outgrown. I remember that I had two store-bought dresses: one for when I graduated from the 8th grade and one for high school graduation. I was later married in the high school graduation dress.

We helped in the fields piling hay at night. It needed the dew on the hay to keep the leaves from falling off. During the harvest we took seeds out of squash —a messy job to say the least —but we all worked together. As soon as I was big enough to do so, milking cows became part of my responsibilities.

Needlework was a great hobby of mine. In the evenings I would embroider, crochet, and then I learned to knit. I really enjoyed seeing pretty pillowcases I had embroidered, and some I crocheted lace on. Many of the pillowcases were made from bleached flour-sacks. My little sister thought I was a good cook too. She especially loved my filled cookies.

The summer before I finished grammar school my sister, Echo, a friend and I got a

job picking up prunes during the harvest. We worked for three days; one dollar was all we earned together. That was the end of the prune picking. We lived in the fruit belt of California. During harvest time the growers were looking for all the help they could get. When work was available I worked in the peach packing yards. That was a more lucrative job.

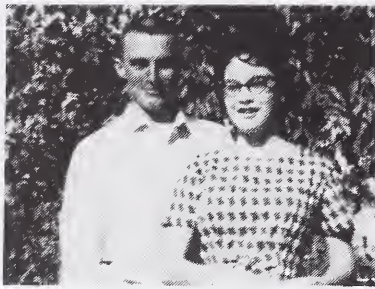

One of my responsibilities in the house was the dishes. Washing silverware was always a task. To get through faster I would sometimes hide them behind the mirror near

Arts Department at Atwater High School. Richard's wife Kathy is an elementary teacher. A son and daughter, Derek and Brooke, are still in school and live at home. Their daughter, Stacie, and her husband, Matthew Ripley, live in Salt Lake City, UT. We miss them when we have our dinners together. One week we eat at our house, and the next week at Richard and Kathy's. We have enjoyed this practice for over fourteen years.

Our daughter, Lana has a Master's degree in Business Education and taught for several years at UT Valley Community College in Orem, UT. She later become director of personnel at the college. She lives in Salt Lake City with her husband, Ray Clements, who is a CPA. They are self-employed and enjoy their work as consultants. We look forward to our times together with them.

We have been retired for sixteen years and both have served in many different positions in The Church of Jesus Christ of Latter Day-Saints. Right now our special calling is working in the Oakland Temple. We were set apart as temple workers in June 1987. We drive to Oakland in our motorhome and work the first full week of each month. We really enjoy this calling. We have a special place to park in the shadow of the temple. What a privilege it is to be there. Look for our motorhome when you are there. Stop by and visit for a while. Better yet let's go through a session together.

the sink. After a time mother had hardly enough to go around. One evening a friend was drying dishes for me. Somehow he bumped that mirror, and down came all the badly soiled silverware. Needless to say, Mother knew exactly what had happened to them. This was one of my most embarrassing moments.

Ruth Irene Scott married Harold E. Anderson October 7, 1937. Harold worked as a refrigeration and air conditioning specialist. After the children were grown I returned to school and obtained a degree as a licensed vocational nurse. I worked at the Enloe Hospital in Chico. As a family we have enjoyed many happy hunting, fishing, gold panning, and exploring trips. These we consider family recreational outings.

We have a son, Richard, who lives about a mile from us, and they have four children. Richard has a masters degree in Industrial Arts and is head of the Industrial

Echo and Bob Hughes

Echo Joyce Scott was the sixth child born to Reuben L. Scott and Gertrude Stowell. Echo was born 27 October 1922 in Menan, Jefferson County, ID. She lived in Menan until she was five years old. The family moved to Gridley, California in 1927. Her schooling from first to eighth grades was spent in a two room school-house in West Liberty School. She lived with her family sharing the work and the fun of growing up on a farm.

"It was always an exciting experience when our Grandfather, William R. Scott, came to our

house," reminisced Echo some time ago. "It was not because my older brothers, David and Burch, gave Grandpa a bad time trying to rub garlic or limburger cheese in his longhanded mustache. It was because we loved him. There was a row of willows at the lower end of the farm. I can still see and hear Grandpa, in the shade of those willow trees, sitting on a wooden peach box, humming or singing as he whittled on a willow stick. Sometimes we thought he was singing an Indian Song as, on occasion, it sounded like Indian language. My sister, Evelyn, and I would play around near him. We were delighted when the stick turned into a whistle for us. He made the very best

of whistles. We watched as Grandpa took a larger limb of a tree and carved it into a very fine cane. He was a very talented man."

"Time went on," she continued with her reminiscence. "I remember that I had been working in the peach-drying yard and cut my left hand under the knuckles. As it healed, my knuckles were bent and my fingers were stiff. I couldn't straighten them out. About that time, Grandpa came to visit. When he saw those bent fingers, he put my hand on the table and looked those fingers over. All of a sudden, he hit the back of my hand. I let out a scream and looked at my hand. I shouted to everyone, 'Look, my fingers are straight!' I could move them, and that was the end of the stiff fingers."

Echo married Robert Dee Hughes on 15 March 1941. Her husband preceded her in death on March 31, 1986. The couple lived in Stockton, then Newman, California, for short periods of time. They then moved to Sacramento where they spent the remaining years of their lives. Two beautiful children were born to this union.

For approximately ten years she worked with the youth in the Church of Jesus Christ and was ward and stake Beekeeper, and had many fond memories which were shared by her and all the Bee Hive girls of the stake.

Echo was employed for over twenty years at the Calif. Dept of Motor Vehicles in Sacramento. When she retired she worked in her sister's day care.

She loved her children, and after the death of her husband she devoted her time to loving and caring for her grandchildren and great-grandchildren. Two years before her death she became a licensed Day Care Provider. She truly loved the children she cared for.

Echo displayed her enthusiasm in everything she did. A cousin described her as a "real live wire." She was a very talented person. She was an excellent seamstress and made her own clothing for work and other wear. She was also talented in crafts and had a knack for being creative. Echo had many friends and no one was a stranger to her.

Besides her daughters, she had five grandchildren, and five great-grandchildren. They spent many hours with her

in her home prior to her death. She passed away November 6, 1990 in Sacramento. She was laid to rest in the same plot as her husband in Orangevale, Sacramento, California.

FAMILY OF EVELYN LOU SCOTT

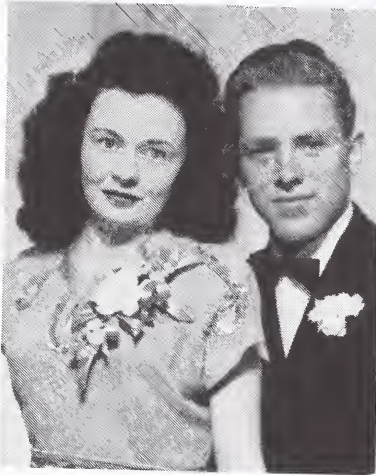

1927 -

Daughter of Reuben Lemual Scott and Gertrude Stowell

31.5.7 EVELYN LOU SCOTT dau. of **REUBEN LEMUAL SCOTT^{31.5}** (**WILLIAM REUBEN³¹**, **JOHN⁵**, **JACOB SCOTT¹**) and **GERTRUDE STOWELL**. **EVELYN** was born 15 April 1927, Menan, (Bingham) now Jefferson, ID, mar. 20 April 1944, in Salt Lake Temple, S.L.C. UT, **CHARLES CLARENCE DAVIS**. **CHARLES** was born 13 April 1921, Woods Cross, Davis, UT, son of **GEORGE CLARENCE DAVIS** and **ETHEL LORENE YEITER**.

I, Evelyn Lou Scott, was born of goodly parents. I am the seventh child of Reuben Lemual Scott and Gertrude Stowell. I was born in the little town of Menan, ID, on April 15, 1927. When I was seven weeks old my family moved to Gridley, California, where I was raised. I have wonderful memories of growing up on a twenty-acre farm. All of our family worked together. One of my first responsibilities was to hold the cows' tail so it didn't switch the milkers (members of my family). Others were to help bring in the wood and to hunt for eggs. We had game chickens and more often than not Daddy let them out to scratch for themselves. They preferred their own nests to the chicken coops and their nests could be anywhere. They especially liked the hay in the barn. When I was big enough I got to turn the separator, then to wash it. The next thing was to milk the cows. Lucky thing for me that the milking machine came into being shortly after that. It would milk two cows at a time. Washing it was no fun. There were too many hoses and little pieces.

We had a wood-burning stove to cook on and to heat the house. I especially liked sitting around the stove in the winter-time with our feet up by the stove to keep them warm. We sang together, mother told us stories, and sometimes Daddy and Mother told about their experiences. We ate apples, oranges, or other fruit. After a hunting party, Daddy sometimes came out with a small strip of venison and sliced very small pieces for each of us. When the stove was just the right temperature we put our small piece of venison on top of the stove to cook. It always tasted better that way. Other times we would crack walnuts, almonds, or pecans and then we would shell them. If we were not working on a family project, Mother was making rag rugs, crocheting or embroidering pillowcases, or making doilies. She always found something to do. The chirping of crickets, the croaking of the frogs, along with the trickling of the water in the irrigation ditch was the music that we fell asleep to.

Evelyn and Charles Davis.

Sometimes Echo and I would put some string on the end of a long willow, attach it to a bent straight pin, and we had a fishing pole. When we didn't catch any fish in the irrigation ditch we put a small piece of red flannel on the pin and walked down to the drain ditch. We waved that red flannel in front of the nose of a frog, and we would catch a bullfrog every time.

The "West Liberty Social Hall" was the name of our ward building. All the social activities of the community were held there, including Farm Bureau, dances, school operettas, and all of our church meetings and social activities. It was the center of our community. There was a large room with wires strung from each side and crossed in the center. Big curtains hung on the walls attached to the wire. When Sacrament Meetings were held the curtains were open. When it was time for Sunday School to separate into classes, the curtains were drawn, making four class-rooms. There was a large room in the basement that had folding doors that went on stationary runners. They could be opened up or could be closed, making another four classrooms. The stage and dressing rooms were used for classrooms too if needed. I can still remember the wonderful feelings I had when we walked together as a family to Sunday School and Sacrament Meeting. When we got to the corner, we met our neighbors, and we all walked along together. By the time Sacrament Meeting was over it was dark, the stars shone so bright and beautiful. The adults talked about the spoken word, or sang different hymns. Sometime we kids listened to the adults, sang with them, or we may have darted around, to keep from being tagged.

My parents planted vegetable gardens, so we had veggies throughout the year. What we didn't grow someone else did. Daddy took the Word of Wisdom literally. We had fruits and vegetables in the season thereof. Daddy always had a big box of fruit on hand (oranges, grapes of all kinds, cherries, etc.). We could eat all we wanted, but he didn't want us to waste a bit of it. If someone threw an apple away, that wasn't eaten down to the core, we heard about it. Mother's pantry was beautiful, and she made sure it was full before winter came. She had the fruit turned just right in every bottle. Sometimes I got a bottle of jelly out, held it up to the window so the light would shine through it, and looked at the beautiful transparent color. Mother made bread (it's aroma was the very best) and we had milk from the cows. No matter what we had for dinner my favorite dessert was a slice of homemade bread and a glass of milk. Daddy went hunting in deer season, and when he got a deer he always felt it was "food for the table." I was born at the beginning of the depression, but I didn't know we were depressed. The community all went through it together. We played together, we laughed together, we cried together, we worked together. We were a family and we were happy.

Before we had a refrigerator Dad made a framed box that he covered with burlap on the top and sides. He made a drip system that kept the burlap damp. As the water evaporated it cooled the air in the box. It made a nice place to store fruits, veggies, milk and butter.

When we went anywhere in the car my father and mother used to sing in harmony. Because of my parents' example, I have developed an appreciation of music. We got a Victrola and many classical records. I was the one who got to wind it up. I can still hear the Strauss waltzes or "Under the Double Eagle," and other classics. The music played and we loved it.

One day Daddy came home with a funny-looking box. It had a dome top, and there were funny little knobs on it. Daddy put it in the middle of the table. Everyone gathered around, and my Father motioned for everyone to move back. Then he plugged the cord into the light socket that hung down about two feet from the ceiling, in the middle of the room. Daddy very carefully turned a knob and we heard "squeak! squawk!" He turned another knob and we heard people's voices and music! I was all eyes! It was like a miracle! It was a radio!

I walked one and a half miles to the West Liberty Elementary School. There were four grades in each of its two rooms. I was six years old when I began, and I was the only one in my class. There were two or three other kids in the second grade. The teacher had me do their work or they did mine, one or the other. However, we all merged into the second grade together, and we were classmates through the eighth grade. There were about five or six of us when we graduated. My favorite teacher was Mrs. Hammer. Besides the regular curriculum, she taught us the difference between personality and character, taking

responsibility, and the consequences for our actions/behavior. She had a way that made her students feel that she was personally interested in each of us.

There were a few hundred kids in the Gridley Union High School. We lived two and a half miles from town, so we were privileged to ride the bus to school. I loved sports of all kinds, and I participated in all the class games. I was on the Pep Squad, I was a majorette, and so I went to all the school games. I also played my violin in the school orchestra, and my major was in home economics. I had many friends. Those were great years. I'm sure that is why I cried all the way to Martinez, California. My folks moved there, and Dad went into business with my brother-in-law. I was sixteen and a half years old. I didn't like Martinez very much. I was out of the environment that I had grown up in. It was predominantly another faith. There were only four L.D.S girls in the whole high school, and no Mormon boys at all. Martinez is down on the bay, and it was very foggy. The big Shell Oil refinery was there, and it had a terrible smell.

The Mormon missionaries, Elder Charles C. Davis and Elder Emer Wilson were sent back to Martinez. They met with all the bishops and branch presidents in the area to give them a briefing of their contacts so they could follow up. The mission was to be closed because of World War II. No more missionaries would be sent there until the war was over. We lived just across the street from the Missionary Mom. Elder Davis asked Sister Afton Hipwell, "Are there any Mormon girls that moved in the block since I was last here?" The Hipwells invited me over for a Thanksgiving Eve dinner. I was very reluctant, but I accepted the invitation. The Hipwells' daughter Doreen was a friend. Much to my surprise, the Elders were there, too. Three weeks later the Elders completed their mission, and they returned to their homes. Elder Davis began to write me, and we corresponded through letters and an occasional phone call. I was amazed at his beautiful testimony and knowledge of the Gospel of Jesus Christ. Four months later I married Charles Davis on April 20, 1944, in the Salt Lake Temple.

When Charles went home from his mission he managed his great-uncle's ranch. When we were married we lived with them for three and a half years, then we moved to Sacramento, California. We have lived here for forty-six and a half years. Charles managed a Standard station, was route foreman for Hites Dairy while going to school. He became an insurance general agent and a security broker.

We were blessed with five beautiful daughters, each of whom brought much love, much joy, much excitement, and great enrichment into our home. They were all married in the Oakland Temple, they and their families are active, and serve responsible callings in the Church of Jesus Christ of Latter-Day Saints. At present our oldest granddaughter, Lynette Roe, is serving a mission for the church. We are happy grandparents of nineteen wonderful grandchildren. Now our lovely daughters and husbands are all very busy raising their own families.

I am the Home and Family Education Teacher in Relief Society and a Ward Librarian. At the age of 67 I still operate my day care preschool, as I have done for thirty years. We have been to several conventions in Europe, Mexico City (we visited some of the ancient ruins, the pyramid of the Sun, Pyramid of the Moon and the Temple of Quetzlcoatl), and Acapulco. I was a chaperon for our two youngest daughters who toured and performed in seven countries in Europe. We have vacationed in several western national parks, state parks, Canada, and along the Pacific Ocean. We had our first and last ride on a camel in Africa.

We were honored with a special luncheon and program for our golden anniversary, April 20, 1994, by our daughters and sons-in-law. It was great to have all of our family with us and to see so many dear friends and relatives.

EVELYN LAVONNE DAVIS

Daughter of Evelyn Lou Scott and Charles Clarence Davis

31.5.7.1 EVELYN LAVONNE DAVIS dau. of **EVELYN LOU SCOTT^{31.5.7}** (**REUBEN LEMUAL^{31.5}**, **WILLIAM REUBEN³¹**, **JOHN⁵**, **JACOB SCOTT¹**) and **CHARLES CLARENCE DAVIS**. **EVELYN LAVONNE** was born 22 Apr. 1945, Tooele, Tooele, UT, mar. 12 Sept. 1968 in OAKLAND TEMPLE, Oakland, Alameda, CA. **EVAN RAYMOND ALLEMAN**. **EVAN** was born 15 Sept. 1945, Montpelier, Bear Lake, ID son of **EDGAR PETER ALLEMAN** and **SHIRLEY LINDSAY**.

I, Evelyn LaVonne Davis, am the oldest child born to Evelyn Scott and Charles C. Davis. I was named after my Mother, but as I grew older I went by the name of LaVonne to avoid confusion when the name of Evelyn was addressed. I am part of a close-knit family that extends to Uncles, Aunts, and Grandparents.

My Grandparents lived in Gridley, CA. which is about seventy-five miles away from our home in Sacramento. We spent as much time with them as we could. I loved to feed the chickens and do other little jobs that helped keep us out of mischief while we were visiting them.

As my Grandparents lived in a fruit belt we always went there to get our fruit for canning. One year my parents, aunts, uncles and my grandparents went together and canned peaches at the church cannery in Gridley. I still remember the atmosphere created by the canning—the sounds and the smells. I still love to bottle fruit in the fall.

Our family went to Gridley when the Chapel was dedicated by the prophet David O. McKay. I can still remember looking into his eyes as he put his arms around me, my sisters and my mother and blessed us. What an experience.

Saturday was cleaning day at our house. The work was divided up so each of us had a share of the cleaning, Each week we would rotate so we could learn the art of house cleaning. Mother took literally the saying, "Cleanliness is next to Godliness." To make our work more interesting mother would hide pennies in various places and we could keep all the pennies that we found.

Evan & LaVonne Alleman, their children, Lydia & Hyrum.

I was so delighted when my two younger sisters were born. I still remember hanging their diapers on the clothes line. I loved helping them every way I could.

I can remember our Family prayers, the security and love we felt for one another and the Lord. I remember going to the Salt Lake Temple and doing baptisms for the dead while my parents were in the temple. We looked forward to our family vacations. My favorite was going to Burney Falls near Mount Lassen. We loved hiking, the lava tubes, the swimming hole and the falls.

I was called to be the Junior Sunday School Chorister when I was very, very young. I held this responsibility in both the ward and stake until I went to B.Y.U. in 1967. Since that time I have held many church callings. I participated in all the church activities I could including road shows, dance festivals, and Saturday night dances. I graduated from McClatchy High School in 1965, then attended Sacramento City College. Then off to B.Y.U. in 1967. There I met a returned missionary from Bennington, ID, named Evan Raymond Alleman. We were married 12 September 1968 in the Oakland Temple. I went to work to help Evan finish school. He graduated in 1971 with a Bachelor of Science Degree in Industrial Education and accepted a job in Layton, UT. Later in 1981 he received his Masters Degree from B.Y.U. in Industrial Technology. He is now the department chairman for the school. He is also the second counselor in the Ward Bishopric.

In the Fall of 1975 I commuted from Ogden to Provo to finish up my education at B.Y.U. and graduated in 1976 with a Bachelor's Degree in Child Development and Family Relations._

As we were not blessed with any children, we applied for children through the L.D.S. Social Services. On December 2, 1976 the first of our two adopted children came into our lives. A baby girl whom we named Lydia. On March 8, 1979 we received another call telling us we could pick up a baby boy on Saturday the 10th of March 1979. His name is Hyrum. They have enriched our lives so much and we are so blessed to have them.

We live in Ogden during the school year but spend our summers on our ranch in Bennington ID. We have been blessed and enjoy the rich heritage of our pioneer forefathers and our greatest desire is to instill the same values in our children. Love of God, Love of country, and to love one another.

(1) mar. 5 June 1970 in **OAKLAND TEMPLE**, Oakland, Alameda, CA. **JAMES (JIM) RICHARD ROE**. **JIM** was born 19 April 1943, Rahway, Union, NJ, died 7 April 1986, Seattle, King, WA, bur. 10 April, 1986, Kent, King, WA, son of **JAMES RAYMOND ROE** and **LILLIAN ELLENOR HENDERSON**. I, Sharon Kay Davis, was the 2nd of five girls born to Evelyn Lou Scott and Charles C. Davis. I enjoyed a happy childhood and I was never bored or lonely. I still consider my sisters to be my best friends and have many fond memories of our growing up together.

I appreciate being involved in the callings that my parents had in the church and I learned much because of it. I was twelve when I was first asked to substitute teach in primary.

I admired my father and received great strength from him. Besides correct principles he taught us how to play baseball and basketball. I thought this was special because most of the girls I knew didn't get this kind of attention from their fathers. From this I developed more confidence and self-esteem. As I grew older I loved dancing and desired to major in dance, but was encouraged by my parents to keep to the original plan I had since childhood to become a school teacher. As a result I attended Sacramento City College and then transferred to B.Y.U.

I met James R. Roe at B.Y.U. in 1968. We were married June 1970 in the Oakland Temple in the same year and month that I graduated from B.Y.U. with a teaching degree. I taught the fifth grade in Provo, UT while waiting for Jim to finish earning his teaching credentials. Upon his graduation we moved to Kent, Washington where Jim had accepted a position as a High School English teacher and Drama Coach.

Jim & Sharon Roe, with daughters, Lynnette & Jenna.

We became the happy parents of two beautiful daughters. About two years after our second daughter was born, Jim was diagnosed as having cancer. After an eight year struggle, Jim died in 1986.

I reentered the teaching field teaching the third grade. While working I continued with my education and received my Masters Degree in 1991. That same year my eldest daughter was accepted into Ricks college in Rexburg, ID. I am happy to say she is now serving a mission for the church in the California Ventura Mission.

I served my community as delegate to the Washington Republican State Convention and I remain awed by the Divine Inspiration of our Constitution.

I remarried in 1987 to Roy C. Pugsley. It was a civil marriage in the Seattle Temple. I am active in the church and enjoy my profession as a teacher. It is wonderful to be a part of children's growth and development.

CHARYL LEE DAVIS

Daughter of Evelyn Lou Scott and Charles Clarence Davis

31.5.7.3 CHARYL LEE DAVIS dau. of **EVELYN LOU SCOTT**^{31.5.7} (**REUBEN LEMUAL**^{31.5}, **WILLIAM REUBEN**³¹, **JOHN**⁵, **JACOB SCOTT**¹) and **CHARLES CLARENCE DAVIS**. **CHARYL** was born 13 Oct 1947. Gridley, Butte, CA. mar. 6 April 1974 in **OAKLAND TEMPLE**, Oakland, Alameda, CA. **JOHN SHARP ASTLE**. **JOHN** was born 4 Feb 1948, Cleveland, Cuyhoga, OH, son of **MELVIN JENSON ASTLE** and **ALICE SHARP**.

I, Charyl Lee Davis, was born in the Stork Retreat Maternity Hospital in Gridley, Butte Co. California. I am the third child born to Evelyn Lou Scott and Charles Clarence Davis. My father decided to make me his name sake since he despaired of ever having a son. As a child, I didn't appreciate my name because I was teased so much about it. However, I have learned to treasure it as the years have gone by.

Some of my fondest memories about my childhood are the love and devotion of my parents. I can remember the Easter dresses mother made as well as the skirts, blouses and school clothes. She set up after we children had gone to bed making Christmas clothes for our dolls or rag dolls for us to play with. Mother permed our hair and every Saturday night we would put up our hair in rags, rollers or pin curls. Many times I fell asleep at my mothers knees as she fixed my hair. We were taught to sew, cook, crochet, knit and embroider. As a family we worked, played, prayed, and went to church together. I still cherish the family outings we had where we went exploring, hiking, swimming, and playing ball etc. When our two younger sisters were born I remember taking an interest in their growth and development.

I grew up in Sacramento, California. I graduated from McClatchy High School in 1965. I had the unique privilege of attending Sacramento City College with my mother who was finishing up her education at that time. We had three classes together. In the fall of 1967 I transferred to B.Y.U. While there I first met John Sharp Astle, a returned Missionary, not being impressed I continued with my education. I later met him in Sacramento where he was attending Law School. We wondered why we hadn't been interested before. We were married on 6, April 1974 in the Oakland Temple. I continued to work for the I.N.A. Insurance Company while John finished his education at McGeorge School of Law. He graduated in June of 1976 and in August of that same Year we moved to Kent, Washington where John secured a job. I transferred to the Seattle office of I.N.A. Insurance Co. and worked for them until our first child was born, a boy. We have since been blessed with four other children, all boys.

I have been blessed with a happy spirit. I love music and singing. I have sung in and directed many different ward choirs. John and I cut our honeymoon short so we

*John,
Joseph (L), Michael (R),

could both sing in a regional production of the Messiah. Another activity that I enjoy is dancing. My sister, Sharon, and I choreographed and performed a dance which portrayed a part of early church history known as "The Exodus". It portrayed the exodus from Nauvoo, the hardships and trials of the Pioneers, and their arrival in the Salt Lake Valley, the invasion of the Mormon crickets and the eventual triumph over the harsh conditions of the desert. Everyone who saw it was deeply impressed.

Both John and I are active in the L.D.S. church and have held many positions. At the present time we are trying to prepare our sons so they will be ready for their missions. Both John and I are working to provide the demands of five wonderful sons. It is a challenge but we both enjoy it.

LINDA MELODY DAVIS

Daughter of Evelyn Lou Scott and Charles Clarence Davis

31.5.7.4 LINDA MELODY DAVIS dau. of **EVELYN LOU SCOTT^{31.5.7} (REUBEN LEMUAL^{31.5}, WILLIAM REUBEN³¹, JOHN⁵, JACOB SCOTT¹)** and **CHARLES CLARENCE DAVIS**. **LINDA** was born 11 July 1955, Sacramento, Sac. CA. mar. 20 Aug 1982 in **OAKLAND TEMPLE**, Oakland, Alameda, CA **ARNOLD ALBERT HAFFORD**. **ARNOLD** was born 31 May 1957, Reno, Washoe, NV son of **RALPH STANLEY HAFFORD** and **ALVIDA JOSEPHINE ARENA**.

I, Linda Melody Davis, am the fourth child born to Evelyn Lou Scott and Charles C. Davis. I have goodly parents. They instilled within each of their children a desire to have a testimony of Jesus Christ. They also taught us the importance of values and principles, The Church of Jesus Christ has always been an important part of my life, and it has been the source of most of my social life as well.

Arnold & Linda Hafford, with Joshua.

I was raised in Sacramento, California. That is where I received my education, kindergarten through Sacramento City College, where I received my Associate's degree in music.

I was serious and shy as a child, but during my early years of life I had many opportunities to develop and share my talents. The Lord blessed me to be a coloratura soprano. Singing helped me to become very outgoing and more aware of others. I began voice lessons when I was 15 years old. Two months later I competed and won a Musical Scholarship, touring and performing in seven countries in Europe. Vicky, my younger sister accompanied me on the piano and my mother was our chaperon. I was in all the high school and church musicals. I sang at the Inauguration of Ronald Reagan when he became the Governor of California. I was a guest soloist of Kennedy High School when the school choir toured and performed in Hawaii. The highlight was at the Capital when we performed for the governor. I had just returned from Europe when I was asked to be a guest soloist for the Northern

California Missionary Chorus. It was called Canomi, and it was formed under the direction of President William Walsh. I toured with them for two and a half years.

My second year of college I went to work as a receptionist for a print shop. I worked days, went to school nights, and toured with the Missionary Chorus weekends.

After I graduated from college, I went to Brigham Young University on full scholarships. Before I first went there I was given the roll of Nannette in *Falstaff* to be prepared by the time school started in the Fall. Following that I was Susanne in *The Marriage of Figaro*, Adina in *Elixir of Love*, Musetta in *La Boheme*, Adelle in *Die Fleidermaus*, just to mention a few favorites. I also sang in many opera sketches while

Aaron Michael & Holley Nowell Hafford.

I was there. I graduated from B.Y.U. with a Bachelor of Science degree with a double major in Educational Physiology and Elementary Education.

My interests have always been in music, singing, drama, sewing, reading, crafts and various activities. I have had many callings in the church which has brought many blessings. At present I am Stake and Ward Music director.

After I graduated from B.Y.U. I came back to Sacramento. I became acquainted with Arnold Albert Hafford who was from Reno, NV. He was finishing his last year at McGeorge School of Law. We began dating and eleven months later on August 20, 1982 we were married. Being the last of our family to marry I considered it a great privilege that all my family, my sisters, their husbands and my parents were present at our wedding in the Oakland Temple.

I have had opportunities to become rich and famous because of my singing, but I chose what I thought was the better life, marriage and a family. Our home has been blessed with beautiful, loving children who are full of wonder, energy, and curiosity. After just giving birth to our sixth child I'm convinced that I have made the right choice. I love to perform and sing, but as a profession, I still think it is not conducive to a happy, stable home.

VICKY RA'CHELL DAVIS

Daughter of Evelyn Lou Scott and Charles Clarence Davis

31.5.7.5 VICKY RA'CHELL DAVIS dau. of **EVELYN LOU SCOTT^{31.5.7}** (**REUBEN LEMUAL^{31.5}**, **WILLIAM REUBEN³¹**, **JOHN⁵**, **JACOB SCOTT¹**) and **CHARLES CLARENCE DAVIS**. **VICKY** was born 2 Oct. 1956, Sacramento, Sac. CA. mar. 23 June 1979 in **OAKLAND TEMPLE**, Oakland, Alameda, CA. **ROLAND "T" UDY**. **ROLAND** was born 26 June 1955, Pocatello, Bannock, ID. son of **GRANT UDY** and **FERN TYLER**.

I was the last child born to Charles C. Davis and Evelyn Lou Scott Davis. Yes, the fifth daughter. I have fond memories of growing up with my sisters. Especially, Linda, who was fourteen and a half months older than me. We spent many hours swinging together in our swings in the large backyard, climbing trees, and roller-skating down our long driveway. We especially loved it as our older sisters scooped us up, in their arms, as they skated past. We enjoyed several family camping trips where we learned to appreciate the many wonders of nature.

I feel I had many blessings from being raised by goodly parents. I was taught the importance of honesty, hard work, service to our fellow men, music, and the beauty of nature from the examples of my parents and older sisters. The Church of Jesus Christ of Latter-Day Saints was an important aspect of our everyday living and we found through experience the blessings that come from applying the gospel principles to our life. We were taught that any talent we were given was for the benefit of those around us. My mother saw to it that her daughters were given the best opportunities to develop their talents. We were all taught to sew, cook and clean from an early age. We were encouraged to participate in school and church activities. We were all given piano lessons, dance lessons, and some of us vocal lessons. I especially loved to dance and sing, but I was blessed with a talent to play the piano.

Roland & Vicky Udy, with their children, Ra'chelle, Nathan and Ja'nae.

Because of the opportunities that my parents fostered, my sisters Charyl, Linda, and I participated in a special missionary chorus. Linda and I also performed for many special events. Linda was chosen to be The Talented Teen U.S.A. and won a musical scholarship. I was her accompanist as we toured seven European countries. This is where I realized the worldwide fellowship of the church, as well as the love I have for my country and my appreciation for those who had been called to preserve freedom and democracy.

During my teenage years I was very involved in school activities. I was the only Mormon my age in high school. I wanted to teach others that one could be "Popular" without smoking, drinking or giving up my standards and gospel principles. I became a cheerleader in my Junior year at high school and was voted to be Head Cheerleader my Senior year. I was very surprised when I was voted to be the Homecoming Queen for 1973/74, the same year that I graduated from John F. Kennedy High School.

I attended Sacramento City College for one year. When Linda went to B.Y.U. I took over her job and was secretary/receptionist until September 1976 when I went to Brigham Young University. However, I met Roland "T" Udy, a returned missionary from Rockland, ID, who was also attending B.Y.U. We were married in the Oakland Temple June 23, 1979. I put my Education on hold and went to work for the University. Roland was in his last year of undergraduate work. After he graduated from B.Y.U. we moved back home to Sacramento where Roland continued his education. He received his Master's Degree in Social Work from California State University of Sacramento. I went to work as a teacher in my mother's day care where I worked for six years. At which time we bought our present home and I opened my own day care so I could be home with my children.

We are privileged to have four dear children who grace our home. Once again proving to us that parenthood is never as easy as our parents made it look.

FAMILY OF ROBERT (BOB) LEMUAL SCOTT

1935 -

Son of Reuben Lemual Scott and Gertrude Stowell

31.5.8 ROBERT LEMUAL SCOTT, son of **REUBEN LEMUAL SCOTT**^{31.5} (**WILLIAM REUBEN**³¹, **JOHN**⁵, **JACOB SCOTT**¹) and **GERTRUDE STOWELL**. **ROBERT** was born 22 June 1935, Gridley, Butte, CA, mar. 29 Nov. 1954, in Salt Lake Temple, S.L.C., UT, **BARBARA JEAN QUIST**. **BARBARA** was born 11 June 1938, died 11 Jul. 1969, Gridley, Butte, CA, buried 15 Jul 1969, Gridley, Butte, CA, dau. of **ROYAL WILFORD QUIST** and **MARJORIE SMITH**, (2) mar. 7 Mar 1970, Oakland Temple, Oakland, Alameda, CA, **JUDY ROXANNA PEARSON**. **JUDY** was born 2 June 1938, Sacramento, Sac, CA, dau. of **REED ANGUS PEARSON** and **RUBY FRANCES MILLER**.

Robert (Bob) Lemual Scott was born at home in Gridley, California, June 22, 1935 to Gertrude Stowell and Reuben Lemual Scott. He attended school in Gridley where he met Barbara Jean Quist. He married Barbara November 29, 1954, in the Salt Lake Temple. After a few years Bob bought his father's farm. They had four sons who have grown into very tall responsible young men. While maintaining the farm, Robert became a plumber which developed into a family business. Barbara succumbed to cancer July 11, 1969. She was buried in the Gridley cemetery.

Echo, his sister, introduced Robert to Judy Roxanna Pearson. On March 7, 1970, they were married in the Oakland Temple. Judy had a ready made family of four boys, and has been a great influence in their lives. Three lovely daughters were added to the family making a total of seven children.

Robert and Judy reside in Gridley and have seen all the children through the Gridley School System. Naming all the children with a name that started with the letter "R" was fun but can sometimes cause much confusion, especially when you're trying to call out the right "R" name in a hurry.

Robert Jr. is married to Tamara Diane Parmelee. They met at Rick's College following Robert's Mission to Mexico. They were married November 25, 1978, in the Los Angeles Temple. They now reside in Yuba City, California with their four children. Robert Jr. is a sales representative for the Formica Company.

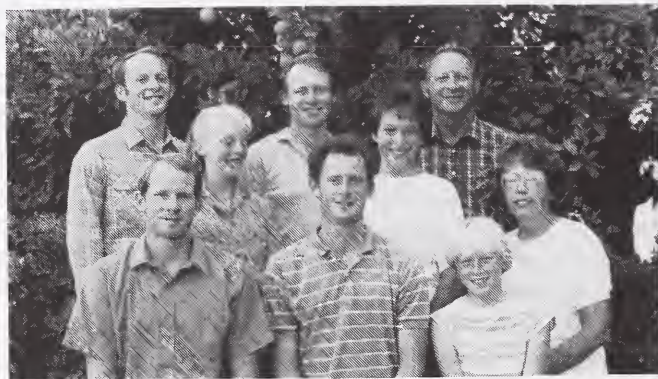

Bob & Barbara Scott.

following Russell's mission to Texas. They were married September 14, 1985, in the St. George Temple and reside in Gridley, where they have built a home and Russell works in the family plumbing business. They have four sons. Cindy has a teaching credential from B.Y.U. and a masters degree from Chico State University.

Randy married Tiffany Ann Blandford, whom he met at Rick's College following a mission to New York. They were married in the Oakland Temple August 6, 1983. Randy works for a company that installs and maintains commercial laundries and water heaters. His training in plumbing as a teenager has served him well. They have five children, and the family resides in Gridley.

Roxanne married Edward Dean Morrow, a convert to the church. They were married June 3, 1992 in the Oakland Temple. They live in Gridley and had their first child in late October, 1994. Roxanne works for Wells Fargo Bank and Ed works for a pest control company.

Robin lives in Chico, California with her husband Joshua Frank William Cook. They both grew up in Gridley and knew of each other. Following Joshua's mission to Italy, he was called to be the teacher of Robin's Sunday School class.

**Back: Royal, Robinette, Robert, Jr., Roxanne & Bob
Front: Russell, Randy, Rachelle & Judy.**

Royal is married to Deanna Fae Strang. They met at a local young adult activity following Royal's mission to Pennsylvania. They were married in the Oakland Temple on 24 Jan. 1981. They live in Thompson Falls, Montana, where they just recently relocated after having lived in the Gridley area. Royal is a plumber by trade and worked in the family business for fourteen years. They have three children.

Russell is married to Cindy Lee Heaton. They met at B.Y.U.

Bob & Judy Scott.

November 27, 1992, they were married in the Oakland Temple. Josh attends Chico State University and is Campaign Director for Congressman Wally Herger. Robin attends Butte College and is a Student Trustee for the college. They have one child.

Rachelle attends Butte College, and is a member of the Butte College volleyball team. She works at Butte College Library. She has not decided upon her educational goal yet, so is taking the general education requirements for graduation. She has just completed her second year.

We are mostly busy keeping up with our children and grandchildren. We love our family dearly and are proud of them. They are all trying hard to make correct choices. We both serve in the M.I.A. of our ward. Bob is with the Teacher's group, Judy is with the Mia Maids. What a challenge. We find that we don't have as much energy as in years past, but it is a great blessing to be around the youth.

HISTORY OF JOSEPH GILBERT "GIB" SCOTT

Gib lived his adult life in Wyoming, mostly at Jackson Hole. It was said he was a flashy dresser — definitely in western dress though. He owned different ranches there, at different times. A friend, Wally Johnson, of Wilson, Wyoming, tells how the old-timers used to tell the story of when Gib had a partnership in a ranch north of Wilson. He always left his binoculars on the window sill of the upstairs window. Periodically he would go up and watch the hay crew through them. If any of them stopped he would yell at them through a bullhorn. Wally said Gib certainly wasn't that way when Wally worked for him.

Wally went to work for Gib when he was fourteen. At that time he would hire grown men for the hard work, stacking hay, and the rest of the crew were kids. Every time it was time to go to work, he would say, "Come children." It would look just like Mother Duck, and all her little Ducks, heading for the field. Wally said that Gib helped him and taught him a lot, and would always be one of the favorite people he has known in his life.

Gib was paying Wally \$6.00 a day plus board and room. One day when Wally was mowing hay, Gib came and got him off the tractor. Gib told me I was doing a better job than anyone on the crew, so he was going to raise me to \$8.00. Gib made me feel like the most important person in the world. He made me promise I wouldn't tell any of the other kids, as it would hurt their feelings. I didn't and just worked that much harder. A few years later three of the kids that were working there at the time, and Wally were talking. Come to find out Gib had told every kid on the crew the same thing, and had raised their wages.

Gib had a Cutter Team he called "Boots and Slippers." They were the champion cutter team in this area for several years. The world champion cutter races were won by them. He had a driver from Afton, Wyoming, by the name of Mont Heap, who was known for years as being one of the better drivers of the area, drive for him. They used to tell the story that Mont fell out of the cutter one time when the race was started. He hung onto the lines and the team drug him the whole race by the bridle reins. Would you believe he won the race? (so the story went!)

Boots was his favorite horse. He not only ran him on the cutters, he was also Gib's saddle horse. Boots was in a movie made in Wyoming in 1950-1, called "Jubal," starring Glen Ford and Ernest Borgnine. He rented Boots and Slippers to them, to pull a buggy, in the opening scene. Slippers got cut in a wire, so they couldn't use her. Gib had a colt they were breaking, so they hooked him up with Boots. At the start of the movie Glen Ford falls down a mountain and Ernest Borgnine comes along with the team and buggy and picks him up. Boots is the horse on the right. That is the only time in the movie they were used.

Gib never did like to cook. If he had company, they did the cooking, as Wally did the years he lived there. Or if no one was there to cook, he would go to town and eat. Wally said that just a few nights before Gib died, a friend and he went to his house and cooked dinner for him. His friend made some terrific gravy. He didn't think Gib was ever going to quit eating it. Gib said several times, "Mike, that gravy is going to be the death of me." It took poor old Mike several years to accept the fact that it wasn't the gravy that caused his death. Gib would get a kick out of that!

Mother was called Lou, and was raised mainly in Menan, ID, and at the "Scott Roadhouse" her parents ran then, at the top of the Teton mountain pass. She enjoyed horseback riding, and had her own little pinto. Although times were hard and life was not easy, she always had a chuckle. She told her children and grandchildren these and many other interesting and fun stories of when she was growing up.

Some of the first things Lou could remember as a tiny girl was when living at the Teton Basin of Wyoming, her parents stood with her at the front door of a little old log house and waited for Maud and Reuben to come home. Pretty soon here they came, the horse running as hard as she could go, snorting and scared nearly to death. A lion was chasing them and when it got down to where the lights were, it left.

When they lived in another log house in Menan, ID, Lou's father, William Reuben, rode a horse in the back door—her mother said, "Oh! You big clown," and started to laugh. The horse broke the boards on the porch and her father had to back the horse out.

Lou said, "Did you know that horses cry? When I was about nine years old, we lived at the roadhouse in Wyoming. My brother, Reuben's, black horse, named May, had a colt that died. I believe Reuben had said she was crying, so I went out to see her. May stood with her head down, her nose was almost touching the colt as it was lying on the ground, and the tears were just streaming out of her eyes. May would not leave that colt to eat or anything. She just stood there crying and they needed to take the colt away to bury it. After a few days, my father and brothers, Reuben and Gib, coaxed and coaxed May to eat. They put May in the barn and then took the colt out and buried it."

Another time, Lou told us, "There was this Strawberry patch down below the Roadhouse about a half mile, and this one day I kept coaxing my Mother to let me go pick berries. Mother said she didn't want me gone, as she never let me go that far away from the house without one of my brothers with me because there were bears and lions around. But Mother finally gave in and gave me a tin cup and said to pick it full then to come right back. So off I went to pick berries."

"After a few minutes, I heard a noise on the mountain up above me. It sounded just like **L-O-O-O-U!!** And I answered it, thinking it was my Mother calling me. I heard it another time! I answered it and each time it was coming closer and closer. I thought my Mother must be up there, so I started climbing up the mountain to go to my Mother, and a voice said to me, **"GO HOME JUST AS FAST AS YOU CAN RUN!!!"**

"I ran home as fast as I could. I ran in the house and said, 'What did you want, Ma?' My Mother said, 'I didn't want anything.' I said, 'Didn't you call me?' Mother said, 'No!' And I told her what I had heard, and her Mother said, **'JUST AS SURE AS YOU LIVE, THAT WAS A MOUNTAIN LION!!!'** Then when the mailman came up, he said, 'There are big mountain lion tracks right down to the road, all over the strawberry patch.' That the little Strawberry bed was just padded flat with **lion tracks!!!**"

Lou said, "In Idaho, little weasels are as white as snow in the winter and they would kill our chickens. I hated them with a vengeance. My Father had bought a new hoe and a weasel came and I got after it with the new hoe. I'd go to hit it and it would

run up one side of a post. When I hit there, it would stick it's head up around the other side. Once I got a **G-O-O-O-D —W-H-A-C--K** at it—and I broke the hoe handle! My Father said, 'Lou, do you know who broke my hoe handle?' And I said, 'I hit a weasel with it, Pa!' He said, 'You must have killed it, didn't you?'" (She laughed so telling this!!!) One of the little grandchildren listening as she taped these stories said, "Did you get it Grandma? --- or did you hit that pole???" She laughed and said, **"WELL, I HIT THE POLE!!!"**

One of her children's favorite stories that she told them was, "My Father had been way back in the mountains in Jackson Hole. I think it is where they later built the world's highest ski jump, at the Tetons. He came back home and said he had found a place where our family could pick all kinds of currants and berries. The twins were only four years old, so it was my job to watch and entertain them, as I was next to the littlest. So I played with them on a blanket while the older ones picked fruit. I would toss raisins to them on the blanket and they would play that they were little chickens and pick them up with their mouths."

"When they were finished picking fruit and we were all ready to come home that night, my father had the family loaded in the wagon. My sister Maud was going to ride horseback and I was to ride on back of her, behind the saddle. The horse started snorting and jumping and it was as wild as ever she could be. My Father could hardly get me on the horse. We looked up and there sat a **GREAT BIG MOUNTAIN LION!!!** It was up on this rock—right straight up above where we children had been playing!!! He was just sitting there turning and looking and switching his tail, back and forth. Like a cat watching a mouse — or a number of them!" **THREE TO BE EXACT!!!** "Happy as he could be!" The horse was so scared that before my Father could finally get his gun out of it's canvas and sighted on the lion, the lion had run off. **BETWEEN LIONS AND BEARS, THEY BOTH COULD HAVE ABOUT EATEN ME UP—BUT THEY DIDN'T!!!** Grandma and Grandpa had gotten back just in time!

Another time, Lou said that she wanted to borrow her brother Gib's horse and buggy and he finally agreed that she could if she would be sure and not run it. Gib had gone riding and Lou and some of her girlfriends went riding in the buggy. After they had been riding awhile, they met this group of boys that challenged them to a race. They raced them and when she got home, Gib was at the gate waiting for her, wanting to put the horse, Mattie, out to pasture.

Gib said, "She's sweating quite a bit—you didn't lope her, did ya?"

She said, "No." (Giggling and laughing) Gib said, "Did you see that black team that was riding around town?" "Yes." "Did you race with them?" Chuckling, She said, "No!" He said, "Well, I was in that buggy!" (And one of the grandchildren listening to her tape the stories asked her, "Well, didn't you see him?") She said, "Well no, he kind of settled down, and I couldn't see him cause it was so dark." She sure learned a lesson, and she sure got busy cooling down the horse.

Lou met Fell at church. Fell had come down from UT to ID, to work in the hay fields on the big ranches there, and was working for her father. They dated and then married in St. Anthony, Idaho. She had beautiful long blond hair and blue/green eyes and he had coal black hair and sparkling dark brown eyes. Her hair was 52" long and when they moved to Sacramento, CA, she entered a beautiful hair contest and won 2nd place. Later on she went to have it cut and when the barber took her hair down, he said, "Are you sure you want to have this cut?" She said she was sure and he made a loud **CLIP-P-P-P** with the scissors and she about fell out of the chair!

He said, "Well, you think about it and come back tomorrow, if you're still sure." She went back later and had it cut but she kept her head covered for a week, because Fell didn't know she had had it cut. He nearly passed out when he found out it had all been cut off. Lou's hair was so thick and heavy that it kept causing her headaches.

Lou and Fell taught their children to enjoy hard work. That if a job was worth doing, it was worth doing well. They served honorable Stake Missions for the church and Fell taught the Gospel Doctrine Class for years. Being a carpenter, Fell had helped build a number of the chapels in Sacramento. When she was young, Lou helped her older sister, Pearl, with her large family whenever she was needed. Lou was good to go and nurse whenever needed as she got older. When her Mother died suddenly, leaving her youngest sister, Minnie, only about 10 years old, Lou and Fell finished raising her, when their father moved to Sacramento. Then, when Minnie's first husband died, they took her and her daughter in for several months until she was able to be on her own again. Minnie was more like a sister to their children, than an Aunt.

Lou played the piano in that beautiful old fashioned style. She had always done such beautiful crocheting, embroidery work, quilts, sewing, and crafts. Lou also enjoyed having beautiful flower beds. She had also taken a teaching course, before she married. This helped her when she served in the Relief Society Presidency and other positions. But Lou especially enjoyed teaching the boys' class of "Trail Builders" that she taught for years. She was wonderful with the boys and she said she had been taught that if a student failed, the teacher had failed. She had this same love and guidance with her children, and grandchildren.

Lou had practically no gray hair until World War II, as all of their son's and son-in-law, Johnnie, served in the war. Although Wayne was wounded, Lou and Fell felt really blessed that none were killed or seriously injured. They were very thankful that not all had to go overseas, only Wayne, Dick and Johnnie.

While Wayne was in the service, Dick and Wendell helped Lou and Fell build a large two story, 4 bedroom home in Sacramento, CA. After the war, with the help of Wayne, Dick and Wendell, they built two more homes to sell. Lou was such a fast worker and Fell such a perfectionist, that when they painted, Fell said, "My word, if you worked for a living, you would kill yourself off in a week". You could tell how excited she was to get in her new home! Lou said, "OK I'll put the paint on and you can smooth it." So they learned to work together this way. While finishing the last home, Fell had a stroke that left him with only tunnel vision. He was diabetic and his health started to fail, a few years later he died.

A while after he died, their home caught on fire, it burned the roof and things upstairs, and smoke damaged the main floor. It was real upsetting to Lou. But Clyde came over and said, "Now Mom, you needed a new roof didn't you? And you needed to

repaint didn't you? Well, Dad was up there directing this fire. A little more over here Lord! No, now that's enough Lord, a little more over there!" So she was able to laugh through her tears, and make the best of it.

The freeway took their home a number of years later, and one of the hardest things she had to do, was leave the home they had labored so to build. She lived by herself for many years, staying for a while at different children's homes off and on. But even at her 80th birthday party, she was still a beautiful woman. She died at her daughter Donna's home, where she had been caring for her, just before her 87th birthday. She had been an especially loving Mother, and Grandmother.

HISTORY OF LAILA LOU HAMILTON

We lived in Butte, Montana, where I was born, for about 2 years. My father worked in the gold mines there. After a mine cave-in that happened shortly after my father finished his shift, mother insisted on his leaving that line of work. After we left there, we moved to Gridley, California, for a couple of years. Then we moved to Sacramento where Dad worked as a streetcar operator for a while. Dad then worked as a carpenter for the duration of his life. He was highly skilled and sought after as a finish carpenter.

I went to work as a telephone operator after finishing high school. During this time I met my first husband, Ray Snapp, and we were married a year or so after meeting each other. Ray ran a service station during those years and we bought our first home there in Colonial Heights. Our two beautiful children, Janet and Jim, were born there.

We then sold this home and bought 20 acres in Carmichael, where we built our new home. I learned to swing a hammer right along with Ray. Ray had his own horses and a few cattle in Carmichael.

Ray worked as supervisor at Sacramento Pipe Company, where he retired from. My interests were in painting, gardening and sewing.

Kol

I lost my husband of 32 years, after he had two heart surgeries. I married George Fogal five years later. We now reside in Fair Oaks, CA, and operate a horse stable. George retired from the Pacific Telephone Company a number of years ago. My daughter Janet is a beautiful painter and has my only grandchild, Kol, who I love to grandmother.

Jim's interests were auto mechanics and he also did sketches. When Jim was tiny, he always came in every little while and reported in to me to let me know he was OK. He knew I worried about him. When he would go back out to play he would say, "Lu-lu-lu buy,

Mommie". Meaning "Toodle-oo Mommie"! And wave his little hand at me.

HISTORY OF DONNA YVONNE HAMILTON

The family moved and settled in Sacramento a number of years after Donna was born and so most of her life was spent here. When she was a young woman, she and her cousin Velta Raymond were nearly killed in a car accident. When Mother got to the hospital, they were scrubbing the gravel, and grit out of her injuries and pouring straight alcohol in them. She was delirious, screaming, fighting and kicking the doctors and nurses. She thought she was on fire, especially with the alcohol being poured on her open wounds. Mother kept telling them that Donna wouldn't fight them if they would let her go to her. Finally they let Mother go in and she just put her hand on Donna, and said, "Mother's here, Donna." And she stopped fighting them.

Donna's husband, Johnnie, was in the service during World War II when they married. He was stationed at Mather Field, in Sacramento a good share of the time. He was sent to Europe as an Italian interpreter, shortly after their first son was born. While he was gone, Donna worked driving buses and streetcars. While driving a streetcar that dead ended at the Railroad station, she was robbed by a man. He later robbed a taxi driver and they caught him. They found her money bag in his room. He had a prior record, so he was sent to prison.

A while after her husband came back from the war, they moved to Mexico for a few years, where Johnnie's family was. Their second child, Donna Lou, was born there

One time, when Mama and Daddy went down to see Donna and Johnnie and were bringing Donna and the children home to visit, they saw buffalo over a ways. Mama kept after Daddy to get closer and closer so they could see them better. They stopped for a little while to rest and Mama turned her head to the window and let out an, "OUFFF!" There stood a buffalo with its head bigger than the window, getting a good look at them! She didn't care to get another close look!

Donna studied with the Red Cross and became a Nurse's Aid. She worked at the Mercy Hospital for a number of years, and also helped nurse Aunt Bebe before she died. This aided her in helping to care for Grandpa Scott for a while, when her husband was overseas. She helped with Daddy and again when Mother needed care before she died. Johnnie was Branch President of the Mexican Branch of the Church of Jesus Christ of Latter Day Saints for many years. Donna served a number of years as Homemaking Leader there. She taught the women there many interesting and helpful things.

HISTORY OF MINNIE HAMILTON

Shortly after I was born my parents moved down into the Sacramento valley where I was raised and attended schools.

In 1949 I was called to serve in the Northern States Mission of The Church of Jesus Christ of Latter Day Saints. When I reached the mission field (the Mission home was at Chicago, Ill.) the mission had just been divided and my new mission was "The Great Lakes Mission", taking in the states of Ohio, Michigan and Indiana, with headquarters at Fort Wayne, Indiana. I had a wonderful mission, many rich spiritual experiences. I of course stayed at the old mission home in Salt Lake City taking out my endowments on December 5, 1949 in the Salt Lake Temple. What a wonderful experience. I was impressed that I had "come home." Richard L. Evans (of "The Spoken Work" church radio broadcasts, who was also a member of the quorum of twelve apostles.) set me apart and among other things he told me that I had been watched over all of my life to come into the mission field at that particular time. I wondered about this years later as I was raising my 6 little children and wondered if I had accomplished what I was called to do. Within a few days I received a letter from a woman who had found my missionary card and wrote to tell me that she and her husband and all of their family had been baptized into the church. This was an answer to my prayers.

Probably one of the most important things I accomplished from going on a mission was within my own family. My father had been inactive for many years. He spoke at my Missionary farewell. A few months before I was to come home from my mission I wrote and asked Mother and Dad to please prepare to go to the temple to be sealed and meet me in Salt Lake City where I was to report on my way home. They agreed to this and my brother Dick drove them to Salt Lake City. My sister Donna also accompanied them. What a wonderful experience this was as Mother, Dad, Donna and I knelt at the alter to be sealed. As the officiator tried to proceed with the sealing ceremony, he was unable to, and he asked us if everyone who was supposed to be there was in fact there. We assured him that everyone who could be there, was. The officiator tried three times and he said, "Now I want you to think carefully." If you have ever been to the Salt Lake Temple, you know how crowded it was, especially in those days, with so few temples. I don't think anyone even breathed waiting to see what would happen. We looked at each other and finally Donna said, "Oh Mother!" "The Baby Boy". Mother and Dad had lost a baby boy, Gilbert William Hamilton, on 15 March 1931 when he was 7 months and 4 days old. A brother was asked to step in from the side to stand in for him and the officiator was then able to go on with the sealing. I am sure Gilbert was there with us.

In 1953 I met William Edwin Aton. I presented the gospel to him on our first date and he invited himself to go to church with me the following Sunday, where we attended the "investigator Class". We were married a few months later. Converts have to be a member at least a year before receiving a temple recommend, so we were sealed in the Salt Lake Temple on 5 April 1955. We have five beautiful daughters and one handsome son. We have 16 lovely grandchildren, including two new granddaughters, born this may of 1994.

Bill and I served for two and a half years as Multi-Regional employment specialists on a full time at-home mission. Then in 1990 we were called to the Philippines Micronesia Mission to implement the Employment program in the Philippine Islands. I have been in the presidency or taught in all of the auxiliaries of the church. Bill has served as counselor to Bishops and as a

Bishop twice. He has served as a high counselor twice. Also in the other auxiliaries. He serves on the high council at the present time.

I am grateful to be a member of the Church of Jesus Christ of Latter Day Saints and grateful to the Lord for the great blessings He has bestowed upon me. God lives He hears and answers prayers. Jesus is the Christ, this I know. I know the gospel is true.

HISTORY OF DEBRA LYNN ATON

I grew up in northern California, in a suburb of Sacramento called Carmichael. I enjoyed swimming in our pool, playing softball, practicing the piano, and riding one of our two palomino horses as a teenager. My most favorite hobby is sewing. I started making my own dresses in the fifth grade. I graduated from La Sierra High School in 1972. Went to BYU for three years. The last few years I have been attending Cypress College, finishing up the last few classes of the court reporting program.

My husband and I met at a church New Year's Eve dance in Sacramento when I was home from BYU during Christmas break. J.B. was stationed at Castle Air Force Base in Merced, CA He grew up in Granger, UT. He graduated from BYU with a degree in Electrical Engineering. He went on to pilot training and became a Jet pilot and flew the F-106 in the U.S. Air force. He also received a Masters degree from USC (University of Southern CA) in Systems Management. We live in La Palma, CA

Our daughter **April** loves to write poems about her feelings and life's experiences. She loves to "hang out" at the beach and watch sunsets. She completed an eight week dental assistant program, works in a dental office, and wants to become a dental hygienist.

Heather especially enjoys volley-ball. This year she was asked to play center on the girls Varsity Basketball Team. She loves to hang out at the beach with her "boogieboard". She loves to go "Rollerblading" with our dog Rex. She has a real potential for a college scholarship in basketball in two years.

Derek Cunningham

Brandon, a freshman at Kennedy High School enjoys water-polo. He plays the Trumpet in the school marching band. He enjoys and is very good putting models together of all kinds. Recently putting together a motorized airplane with a six foot wing span. He enjoys early morning seminary, roller-blading and flying. He is a good artist at drawing etc.

Derek in one word loves "SPORTS", especially basketball. He enjoys baseball. In past years he has been a pitcher and a "hot" first baseman. This year he will play catcher and his manager is planing a "no-steal" season with Derek's dead-aim right arm. He enjoys reading, drawing, and building creations with Legos with Brandon.

My husband, the family and I have always been very active in The Church of Jesus Christ of Latter Day Saints. I served as Relief Society President and Organist for three years or more at Panama City, Florida while stationed there. Counselor in Relief Society or teacher in all auxiliaries of the church. Most recently as Family History teacher, and ward organist and secretary in the young women's organization. J.B. has served as counselor in the Bishopric and teacher in other auxiliaries of the church.

31.8.7.2.1 SHERI ANN NEW, born 20 Oct 1975, Sacramento, Sacto., CA

HISTORY OF CAROL DENISE ATON

L-R Sheri & Denise New

When I was about the age of three years, my family moved to Sacramento, California, where I was raised and attended schools. We are all members of the Church of Jesus Christ of Latter Day Saints and proud of it. I have a strong testimony of the gospel of Jesus Christ as taught by His church.

Some of the callings I have had in the church are Primary teacher (almost all ages), Primary Secretary, Sunday School Teacher, Visiting Teaching District Supervisor and currently Singles Representative. And Secretary of my Stake Public Affairs Council. I feel my calling to Public Affairs falls directly in line with my Patriarchal blessing and personal interests.

I have a special feeling and love for people-especially young people. I value education very much. I've attended different colleges and universities, including BYU (Brigham Young University). I enjoy the Humanities and Social Sciences. The study of personalities especially interests me. I have a creative boxed personality.

I work at a major University in Southern CA, where I find exciting opportunities for personal growth and development. I am currently working to implement the new "State of the Art" Imaging System which recently arrived on campus. I love all types of "positive new technologies". I am

active on the campus staff affairs council and chairman of the councils Staff Development and Training Committee. Before working at the University, I was a police officer and a deputy Sheriff.

Besides God, my daughter **Sheri** has been my single most important influence for good in my life, since leaving home. I love her very much and am proud of her personal strengths. She graduated from High School in 1993 (a tremendous challenge for her) after years of health problems with Asthma. She is presently taking Child Development courses at a Junior College. Sheri loves children. She is the kind of person who thinks logically, clearly, and gets the job done. She is giving and generous to people she comes in contact with.

I have kept a journal since the age of about sixteen years old, summarizing the years, from birth to then. I agree with President Spencer W. Kimball, former Prophet of the LDS church, who advised us to keep a journal, and that angels may quote from it. I believe I would not have had "many" of the experiences I have had in life if I had not kept mine.

HISTORY OF WILLIAM SCOTT ATON

I lived in Sacramento until after high school, then attended BYU. When in Winston Churchill Jr High School I excelled in Math, skipping pre-algebra. At La Sierra High School, I placed in the top 50 of my school academically while a freshman. I graduated a

year early, a member of the gifted student program and a National Merit Commended Student. At BYU, although the youngest in my mathematics class, I was given a place on the Putnam International Mathematics team, the first freshman so honored. I grew up enjoying swimming, carefree summers, Scouting, Karate, etc.

NEW ARRIVAL!!
Kirstie Aton

I received a call to serve a mission for The Church of Jesus Christ of LDS, to the "Cordoba Argentina Mission". I arrived just as the Language Training Mission was becoming the Missionary Training Center in the beautiful grounds near BYU in Provo, UT. While there I was present when the Apostle Le Grand Richards gave his powerful testimony to a group of missionaries in what must have been one of his last great speeches before he died. I remember singing with the elders at the Marriott center when Spencer W. Kimball spoke to BYU students. I would later show pictures of his talk to converts in Argentina, who had never seen so many members of our church all gathered together in one place.

My companions and I worked very hard and God blessed us with many baptisms during my mission. I will never forget one baptism in particular. The couple we baptized were truly prepared by our Heavenly Father, and I will never forget the night we first met that beautiful family, and the night when they were baptized in the chapel, and the wonderful spirit there when the gift of the Holy Ghost was confirmed on the father's head. A fire came down

from heaven and passed through my head and arms into the man receiving it, and as the blessing was finished he arose and looked me straight in the eyes, and not a word was spoken, but the spirit confirmed as I looked in his eyes and we rejoiced together.

Argentina is a whole world away from Sacramento in both distance, culture, and convenience, and upon returning home I remember having trouble getting used to all of the modern conveniences that we take for granted. I returned to BYU and finished a Bachelors of Science, majoring in Chemistry with a minor in Mathematics and completing all pre-medical requirements.

After graduation, I moved to Los Angeles where I met and married Lee Ann, after a six month courtship. We live with our two handsome sons in the Anaheim 1st Ward, where she is the nursery leader and I am the Cub Scout master.

As a head solutions chemist, I have developed and formulated over 200 chemical products including pharmaceuticals and increased production by almost 1000% using a computer system which I created using HyperCard Multimedia software. UCLA once inspected my department and reported that they had never seen a solution department so clean, neat, and well organized. I also became a member of a hazardous spill response team at work and handled numerous critical spills and leakages.

My interests include Medicinal Chemistry, Electronics, History, Astronomy, Photography, Collecting, Mineralogy, and Exploration.

HISTORY OF DEANNE CHRISTINE ATON

I lived in Sacramento, California through high school, until attending BYU in the Fall of 1980. I grew up enjoying: swimming, carefree summers, dancing, sports, reading, family get-togethers, and supportive and loving parents. I worked different jobs at my father's insurance office. In commercials. And as an instructor and floor director at Jack La Lanne's European Health Spa. I graduated from the LDS Institute of Religion at American River College. Dancing and church service for The Church of Jesus Christ of Latter Day Saints especially brought many rewarding experiences. The culmination of which was being able to attend BYU, participating in the Hill Cumorah Temple Pageant, and being a member of the BYU World Formation Dance Tour Team.

One of the happiest moments of my life was meeting my future husband. We met on 12 June 1982. I was working as secretary/expediter at Sherwood Hills Racquet Club, in Orem, for the summer. Greg was a student at BYU, and teaching German at the MTC (Missionary Training Center) in Provo, UT. He had returned in May 1981 from serving an LDS Church mission in Munich, Germany. Greg's father and brother Jeff were engaging me in conversation at a stake activity, an "Anything Goes" sports fun day, until Greg came from playing tennis, with his friend Randy Jensen. So they could introduce us! I'll never forget looking into his clear eyes and later signing up for a summer German class instead of French!. We had a wonderful time getting to know one another, although we felt like we already did.

Our first home was in Provo, UT, where I worked at WICAT Systems, on Prototype PC computer boards, until the birth of our first wonderful son, **Nicholas**. Greg graduated from BYU in Physics, and we moved to Los Angeles, CA, while he was getting his schooling, a Master's from UCLA in Physics, and a Ph.D. from USC in Electrical Engineering. Our second wonderful son, **Aaron**, was born while we lived in No. Long Beach. Greg and I chose, during those "lean" school years, for me to be in the home and raise our children, and we were blessed to do so. I did work, short jobs such as: dance classes, sewing orders, craft items for boutiques, movie and T.V. cast extra, and child daycare. And I have been active in PTA's. Some of my main interests are Nutrition, Child Education, Choreography, individual and historic histories, and current issues.

My most rewarding and challenging exper-

iences have been in the home and in the church. Our time in Southern Calif was a happy and "too short lived" time, of living near close family and friends. Three of my sisters and my brother lived within 5-7 miles distance. We had many birthdays, beach outings, shopping sprees, and holiday occasions to enjoy getting together. In the church I've had the opportunity to serve as both a teacher and a counselor in all the auxiliaries, and in many dance related capacities.

Sad to leave, but grateful for a job, Greg took the position of Asst. Professor of Electrical Engineering at University of Alabama, at Huntsville, where we currently reside. Our first beautiful little daughter **Natalie** was just born, looking us all over, with big lovely eyes.

HISTORY OF DAWN KIMBERLY ATON

I attended all my school years in Sacramento, with the exception of one year at Orem Technical College in Orem UT, and one year at BYU. I have not graduated from college yet, although when my children are older and in school, it is my intention to return to college and complete a two year certification program to become a Certified Physical Therapist Assistant.

While growing up I enjoyed the wonderful carefree life of a child. I had two Palomino horses (Honey & Pepsi), to ride after school and during the summers. To this day I remain a "horse fanatic". I was very fortunate to have a mother who made sure I had good friends. Good friends and my mother's untiring devotion to her children are the two main factors that made me the person I am today. Two friends my age lived just houses away from me while growing up. Kay Newbold (Jenkins) and Shawn

Borup were also members of The Church of Jesus Christ of Latter Day Saints, so we had everything in common. We spent all of our years in school and church together, and spent the lazy summers swimming and becoming close friends. I attribute their influences from our friendship as a major source for wanting to live a good clean life. If I had other friends I would be a different person today. We kept each other on "the straight and narrow path".

L-R Top Dawn, Joel, Bottom Benjamin, Rachel, & Chelsey Humburg

In August of 1982 I met a young man, he kept pestering me at a Young Adult church dance, and simply wouldn't leave me alone. I had my eye on someone else, and Joel just kept getting in the way. I danced with him to make the other guy jealous. Fortunately, the other guy didn't know I existed, and Joel and I had a great time at the fair. We got motion sickness on the rides and fell in love. We got to know each other quite well for a first date. And we are very happily married nearly all the time, and enjoy and share the same expectations in life, of family and church. We have four beautiful and energetic children. **Benjamin** is a very smart individual, he loves computers and anything that challenges his mind. He just recently, at the age of 7 finally beat his father at chess. **Chelsey** loves animals like her mother. She especially loves dogs. **Rachel** is always singing, often times she will sing a question to you instead of asking it. **Megan**, just born, is a very good little baby, and I can already tell she is a very patient and tolerant little spirit. Joel has expressed his great happiness and love for our little family and how he finally feels his life is a complete circle. We feel as though our family is

complete and look forward to many years ahead of fun (and not being pregnant) together.

Joel was raised in Portland, Oregon, and filled a Church Mission in the Philippines. He graduated from California State University at Sacramento, with a degree in Health & Safety and a Minor in History. He currently works for United Parcel Service as a Package car driver, and hopes to promote within the company to their Safety Department. Joel is the best father and husband a wife could ever pray or hope for. He loves his children tremendously and I know that he will always be there for them all of their lives. He is a very spiritual man and guides his family with the blessings of the Priesthood and his ability to receive inspiration and guidance in respect to his children's needs. He enjoys sports and history. He has had some very interesting hobbies, such as coin collection.

We are looking forward to buying our first home here in the next year. I have always loved animals and always had to have them around me. To this day, there is always some sort of critter in our house. I always enjoyed church girls camp growing up, and found I had a real talent for this type of activity-working with youth and a knack for humor. This is one part of my Patriarchal Blessing that I have witnessed come to pass. I currently work part-time as a Clown, doing children's birthday parties and company picnics. My clown name is "Tiny" because I am 6 feet tall. I enjoy this hobby/job very much, as I see the influence I have on children. It is a great opportunity to teach. I enjoy sports and started horse back riding again several years ago. Horses are an incurable disease for me. A disease that Joel has yet to acquire or appreciate. Nonetheless, I love to ride Hunter style (jumping) and have enjoyed for the first time in my life attending show.

My greatest pride and joy is my family. Whether we do simple things like picnics in the park, or more complicated things like extended vacations together, I am filled with a love and fulfillment that cannot be described. I am grateful for the spiritual knowledge that I have, so that my family and I can live our lives in a manner that will bring us happiness. As "Mormons" we believe that our family can be forever-that in the next life we will still be a family. This is a great blessing and source of joy. My children and husband are the only things that really matter to me. (Well okay, besides the horseback riding.)---and Clowning around, huh Dawn?!!!

HISTORY OF RUBY ROBERTA HAMILTON SANDBERG

I, Ruby, was born during the depression and the time of the Al Capone era. So, I remember the news boys yelling "Extra, Extra, Read All About It!" when there were gang killings back east. How eerie!!! Wash was still done by hand and there was no TV. We had an old radio and the four youngest children would huddle beneath it and listen to **THE LONE RANGER** and Carlton E. Morse's **I LOVE A MYSTERY**, and other fascinating programs. When living on Solano Ave., we had a pet pig.

Oh! How the youngest kids loved him, and him us. He would give us rides on his back and try to knock us off on the two barn doors and he would squeal so!!! Like the laugh was on us! He protected us from the Banty Rooster. Another enjoyable memory we had, was feeding him bubble gum and him coaxing for more when he was through with it. Mother said she was sure he put it on "his door sill" at night.

When we lived on 22nd Ave., there was an overgrown park in back of us. Many nights we roasted potatoes packed in mud, in a bonfire there, and listened to the boys and their friends tell ghost stories. We played Tarzan there, swinging from one (close) branch to another. Dick fell from a tall Eucalyptus tree where he and Wendell and friends had built a tree house. He broke his arm. (That didn't keep any of us down though!) In fact, when Minnie and I were **FINALLY** big enough to climb it, a limb I was bouncing on broke. I fell too, but I landed in a drainage ditch. The ditch had lots of dry leaves in it, so it didn't even hurt me!—Just **EYE** strain—for all of us—from our **EYES** about **POPPING** out! As I fell, all I could see as I looked up were Minnie's and a friend, Shirley's, **EYES**! I could imagine what mine looked like!!!

When we lived on Stockton Blvd., there was a tire storage lot nearby. The four smaller kids and friends had more fun playing hide-n-seek in those tires. The four of us always had a garden.

I met my husband when I went to Book of Mormon Club with my cousins. Sharon told Lorraine and I that there were three good looking Air Force men in her ward. When we walked in, Sandy came over and offered me a seat next to him! That Sandy purposely saved by putting the host's family dog up on the chair! I didn't know which one of the Air Force men Sandy was, but I have been grateful to my Heavenly Father for our choice ever since. Sandy was a Sergeant and scheduled to go overseas. Thankfully, the war ended and so he was released. We married a year later. I couldn't have asked for a kinder, more loving husband or for a more special family to have married into. They have been like my own family.

Sandy can do about anything, from mechanics on cars, electrical work, carpentry, or anything else. We bought an acre of property from Laila and Ray in Carmichael, and we built our first home from scratch so I learned to work like a man. Some of my brothers helped us when needed. Daddy did the finish work for us. Wayne did the wiring. It was so peaceful and quiet in Carmichael then. Ray's horses wandered out in the open fields. There were hardly any homes around. Later we had a new home built on part of our property. Sandy worked for the American Can Company for 35 years as a machinist and retired thirteen years ago.

One of my greatest comforts has been the gospel of the Church of Jesus Christ of Latter Day Saints. I have taught in Sunday School and Primary. I've been homemaking counselor and homemaking leader, but my most comfortable niche has been secretary and I have spent many, many years as Secretary to all the different organizations, at one time or another.

I've always enjoyed growing beautiful flowers, sewing, embroidery, quilting, counted cross stitch, and any kind of craft. I have found a love for Genealogy and name extraction. One of my greatest enjoyments, thanks to Laila's encouragement, has been to learn that I can paint. My most enjoyable paintings have been doing a portrait of each of my six grandchildren. (One more portrait to go now, I'm told!) We are grateful for our lovely children and grand-children. They add a great dimension to our lives. It has also been good to have time to do some traveling and camping together within these **GOLDEN YEARS**!

Having a wonderful sense of humor, Linda and her friends were always giggling and full of fun. She gave me many laughs. She has lived in Utah for many years. Before she married, she worked for the Provo Hospital in charge of the secretaries in the emergency department. It seems she knows half of the people in Utah! No matter where you go, there are always people who know and love her. After her baby was born and she was divorced and on her own, she went to work for a doctor in Provo. The doctor's wife introduced Linda to her brother, Gary, and they were soon married. Rachel thereby obtained a true and loving Father. MERVIN "CRAIGE" SANDBERG

Craige was a building contractor in California for a number of years. He can do about anything with his hands, but he has one knack that amazes even us. His wife says he was born at the wrong time, that he is her mountain man! He loves hunting, scouting, and anything outdoors. He is interested in Black Powder Rendezvous, where you camp and you need to have everything you take be old and authentic or hand made. He hoped to make some mountain man clothes. He asked if I could help, but it was without a pattern!! I said, I could sew, but had to have a pattern. So-o-o he did it himself! He made pants, a parka, and another top — from a plaid, yet! They looked professionally made! He didn't know that his 3rd great-grandparents, Abraham and Lydia (Johnson) Marchant, Jr., had been a tailor and a milliner!!!

Craige served a mission for the L.D.S. Church, in the Georgia, North Carolina mission and had many special experiences. In fact, he still hears from some of his converts. Craige and Karen and family just moved to Lehi, Utah, where he is working for the church. Karen hopes to get a teaching position, as she was teaching here in California before they left.

31.8.8.3 TERRESA MARIE SANDBERG dau. of **RUBY^{31.8.8} (LUZELLA^{31.8}, WILLIAM REUBEN³¹, JOHN⁵, JACOB¹)** and **AUGUST MERVIN (SANDY) SANDBERG**, born 7 Jul 1958, Sacramento, Sacto., CA.

TERRESA MARIE SANDBERG

Terresa was always helpful at home. At times when I wanted to sew, she would say for me to sew and she would clean the whole house and let me sew for the day. What a treat! The neighbor and her were always teasing each other, joking and trying to outdo one another. So one day she asked me to help her. She wanted to pull a joke on Jerry. She had put her hair in long braids, and had tied fishing line to the ends of the braids. She needed me to thread the ends of the line through eyehooks on the eaves. I did. She waited till Jerry came outside and she called him over to the fence. When Jerry started talking to her, she pulled on the line real hard and quick, and her braids flew straight up in the air! Jerry's **EYES** about **POPPED** out of his head. He said, "Now I've seen everything!" And turned and went into his house, chuckling. She out-did him that day!

In her late teens, she had been planning a surprise for us. She waited 'til Linda came home for a visit from Utah. Then they had Sandy and I come and sit at the table and close our eyes. They turned on Hawaiian music, came in doing the hula, and handed us a big box. When we opened it---there were two hats, a captain's hat for Sandy and a sun hat for me. When we took the hats out of the box, money was pinned all around the brims! Travel brochures were in the bottom of the box. She insisted on giving us a trip to Hawaii!!! **Terresa** went to work for the Regional Occupational Program (ROP) for the State of California when in high school. (She must have saved every penny she made to give us this trip.) She has worked for the State ever since. She is now a Manager for the State and lives in Sacramento.

Michael is also like his Dad, and can do about anything he sets his mind to. He loves hunting and fishing, like Craige. But his favorite thing is working on cars! He worked for the State of California for about ten years. Two years ago, Mike and his wife, Leah, moved up near Oregon. Leah transferred from her State job in Sacramento to work for the State Forestry Service and to be near her parents. They are now living in Adin, CA, and have a new home on Leah's parents' property. Mike is working for a local lumber mill and enjoys that. The people up there just love him and think he's the greatest. He helps Leah's dad with the ranch and buffalo, etc., in his spare time. You have to get their recipe for Buffalo Stew, it's delicious! Leah and her mom have united the community through their Arts & Crafts classes, which have become so popular that they've had to move them out of the home and into the community club house. **NEWS FLASH!!!** A beautiful new little pink bundle arrived at their house! They are the proud parents of a new little baby girl! The boys (not to speak of her grandparents!) are thrilled they have a new little sister.

HISTORY OF ELLA GREEN SCOTT

(History Written By: Maurine Dilley Carrigg)

Mother lived much of her life in the Menan area of ID. Having a very devoted Mother and growing up with many sisters and brothers, her life was full and good. She worked hard, even in the fields on her father's farm or ranch, when necessary. She loved horses and was an accomplished rider.

ID is where Mother met my father Oren C. Dilley. Father, though born in Georgia, grew up in Chattanooga, Tennessee. He worked for the Southern Pacific Railroad as a bookkeeper when he was a young man. Also as a young man he migrated to the Bone area near Menan, ID. There he tried his luck at dry farming.

My parents were married and started their lives together in the Bone/Menan, ID area. They reared five children. Mother was small with dark hair and eyes. She was kind and loving, giving freely of herself and her time. Not only to her family, but to others as well. She was a good homemaker, and with five children soon learned to be a good nurse. She played the role of giving and caring for the rest of her life.

Father, having been reared in a home with two brothers, Negro nannies, and a housekeeper, lived a life of comparative ease. He found this new life in the West different and sometimes difficult. He had many adjustments to make, but he always loved the West. In time, my father gave up dry farming and went to work for the Union Pacific Railroad where he worked until he retired.

Eventually the family left Menan to live for a few years in two tiny towns, Beaver and Spencer, also in ID. Taking with them fond memories of many relatives, friends, and experiences. One of which was a small black bear brought to our home by my grandfather and Uncle Will. This snarling, crying, and frightened cub was allowed, by my father, to stay for just one night chained to a tree. In the house, safely kept, were five children and their dog.

Beaver, ID was the Summer home, and Spencer, ID was the winter home where the children could attend school. Beaver was a fun place to live. A log cabin was home. Near by herds of range cattle grazed and bands of sheep were moved from pasture to pasture. There were streams for fishing and wildflowers waiting to be picked by small hands. At quite a distance away, near a stream, a family of Indians from the Blackfoot Reservation camped for part of each Summer. They were there to fish and hunt.

Time passed, and once more my parents moved farther North into Montana. The first year was spent in Lima where the winter was extremely cold and difficult for the family. That summer Mother tried her hand at raising chickens, turkeys, and ducks. She even put pheasant eggs under a setting hen. She liked critters, especially birds. At times, she kept a singing canary.

The next stop was Dillon where my parents settled on the edge of town where the boys could fish and hunt. There were also swimming holes and room for sports and games. Mother made new friends and found more time to tat and crochet. These were her hobbies. On rare occasions, Mother saw or spent time with relatives who were dear to her. After their family was reared, my parents returned to ID Falls, ID, remaining there for the rest of their lives. Their final resting place, amid loved ones, is the Cedar Butte Cemetery in Annis, close to Menan.

HISTORY OF MINNIE IRENE SCOTT

(History Written By: Roberta Irene Reed Sampson)

Minnie Irene

Al said she could tell you how many times a moose chewed a mouthful of food. They retired to a large home in Orangevale, California. When that got to be too much for them to keep up they moved to Lake of the Pines, near Auburn, California to be near us and my daughter and her family. Al passed away the following fall. Mom became active in the older singles group in the church.

My mother used to tell how her father, William Reuben, drove a car like he rode a horse; over ditches and such. Once when she was about ten or so, he was having a particularly hard time backing his car onto the road. A neighbor came out and asked why he didn't let his little girl do it as she was so good at it. She had taught herself to drive when he was away, without him knowing. After that my mother did all the driving.

Once when she lived with her sister, on a sheep ranch, she had all the orphaned lambs to raise. They all thought she was their mother and would follow her wherever she went. She took them into the house for a game of follow the leader on newly mopped and waxed floors. It was great fun but was met with disapproval from her sister for some reason.

When she lived in Idaho, she visited her brother Rube in California one summer. Back in school that fall, the teacher asked the students to write an essay on their summer activities. She wrote a story about sitting in the grape "trees" eating grapes in California. She got a very good grade.

From pictures of her single days in California I get the feeling she was a "flapper". She loved to dance and was very good at it. She was an avid horsewoman and won many awards. Her early driving experience stood her in good stead. When other people, including men, couldn't back their horse trailers where they wanted

them, they always got her to do it for them. In her later years she was an influence in bringing at least two single ladies back to church activity. She also enjoyed the many hours she spent playing the organ, in fact she was often heard playing the organ at Pizza & Pipes on Arden Way in Sacramento.

She died with my daughter and me holding her hands. She had survived several serious heart attacks and her heart finally just wore out. She had been dreaming of her brother Gib for months. When it became apparent that she was struggling to hang on, I told her it was all right; to go and be with Uncle Gib. Within just a few moments she was gone. It was a sweet experience. One can only imagine the reunion with eleven brothers and sisters and her beloved parents.

HANNAH MARIA SCOTT

1859-1952

32 **Hannah Maria SCOTT**, (John⁵, Jacob¹) daughter of **John SCOTT** and **Sarah Ann WILLIS** was born 02 Mar 1859 in Millcreek, Salt Lake Co., UT. Hannah's mother was the third wife of **John SCOTT**. She came into the world almost 12 years after the pioneers arrived in the Salt Lake Valley. Her parents crossed the plains with the Heber C. Kimball Company in 1848. John, Hannah's father, had five wives. His first three wives and their children lived together in one house for a number of years in Salt Lake, later moving to Millcreek. Hannah loved her father very much. But, because of her father's large families and his many church duties, Hannah's mother and her children were alone much of the time, forced to "grub" their living from the ground. Hannah was 8 years old when she started School. It was a tuition school, so her schooling was very meager. Hannah and her sister, took turns "week about" (alternating every other week). They not only shared days at school; but they had one pair of shoes between them. So the shoes went to School whenever one of the sisters attended. The sister who stayed at home had to study to keep up, both of the girls doing homework at night. When the family became too poor to pay tuition, the girls stopped going. In those days, there were no laws compelling children to attend School.

Hannah grew up in the community of Millcreek, Utah. Living there too, were **John and Anne Gillott MORGAN**, and their family. Their son, John who was two years older than Hannah, was one of her friends. Together they attended church meetings, school, and participated in the community and church activities. As they reached their teen years, they attended Mutual, and took part in many one and three act plays. Their friendship deepened to love, and, on 23 Dec 1880, **Hannah Maria SCOTT** became the wife of **John Gillott MORGAN**. They were married in the Salt Lake Temple. John was born 10 Feb 1857 in Millcreek, Salt Lake County, UT. In 1883, John and Hannah left Utah with one small child, Ethel, in a horse drawn wagon and cow tied on behind. In September they arrived in Poole's Island (presently Menan), ID, where Hannah's half brother, **Josiah SCOTT**¹⁸, lived. The family lived with him until they could build a home. John filed on 160 acres at what is now called Lorenzo, but was then known as Cedar Buttes. For many years the family lived in a one room log house with dirt floor and roof, and only one window and a door. At first the family slept on the floor. Gradually, with his own hands and working with primitive tools, John chopped the trees down, sawed the boards and built bunk beds, a table, and stools; enough furniture for the family to get by. John was second Counselor to Bishop **Robert L. BYBEE**. Tragedy came to the family in Oct 1904 when their oldest daughter, Ethel Ann, married and with two small children, passed away. **Ethel Ann** and **Hyrum Thomas MOSS** had been married for a short three years. Hannah took her two small grandsons, **Royce** and **Elmer MOSS** in to care for with her own. It is interesting to note that on 28 Sep 1904, Hannah gave birth to her tenth child, **Willis Gillott MORGAN**, who passed away on October 09 of that year. This was Hannah's second child to lose in infancy. On 21 Dec 1897, **Ava Lyle MORGAN** passed away at only six months. Ethel, their oldest, died on Oct 28 of the same year. What a hard time that must have been, losing two children in the same month, her first child and her youngest, and at the same time inheriting two babies to care for. Through the years, John was able to build a better home for his family. He was Bishop of the new Labelle Ward, serving for many years and loved by the members of his ward. To quote from "Hannah's" Diary: "On the 21 of November 1914, my husband, John, was taking a load of potatoes to market at Lorenzo when he fell from the wagon and broke his neck, resulting in his death. It was a sad blow to our family as he was a very loving and devoted husband, father and grandfather. The little children really loved him. I was only 55 years old at the time. As I write this personal history, I am 92 years old. I have had a happy life; but have been very lonely without my husband." After her husband's death, she continued to farm with her son, Leo, helping her. Later, Hannah sold her "place" in Labelle and spent the rest of her days living with her children. She spent the winters in California with Ora, Grace & Leo; and the summers in Idaho with Zella, Fay, and Eldon.

One of the highlights of her later years was the return of her brother, **Simeon SCOTT**²⁹, who had disappeared 25 years previously. The family believed him dead. Instead he had struck it rich. He gathered his brothers and sisters together for a six-week paid vacation in California and the Catalina Islands. He bought new suits for each of his family. It was indeed a memorable vacation.

Hannah was an example to all who knew her. She lived to be 93, and never spent an idle moment. She studied the scriptures and firmly believed in the gospel. Until a month or so before she passed away, she was very active and healthy in mind as well as body. She was spiritual, and caring. Just before her death in the home of her grandson, J.

32.1 **Ethel Ann MORGAN**, (Hannah³², John⁵, Jacob¹) daughter of **Hannah Maria SCOTT** and **John Gillott MORGAN** was born on 23 Dec 1881 in Mill Creek, Salt Lake Co., UT. Her family moved to Idaho while she was still a child. The family settled in LaBelle (at that time Fremont), ID. She was the oldest child in a family of 10 children. She married **Hyrum Thomas MOSS**, son of **Hyrum Ralph MOSS** and **Fanny WATSON**, on 03 Oct 1901 in the Salt Lake Temple. "Tom" was born on 29 Aug 1880 in Enterprise, Morgan Co, UT. The couple lived in Labelle, ID. Two sons were born to them: **Thomas Royce MOSS** and **John Elmer MOSS**. Ethel died of pneumonia as a young mother, on 28 Oct 1904 at LaBelle, ID, and was buried in the Cedar Butte Cemetery in Annis, ID. Before her death she was privileged to see the place where she was going and asked Tom (her husband) to let her go.

Royce was blessed on 22 Aug 1922. When he was only 2 years old, a little brother, Elmer was born. At that time, his mother was very ill. On 28 Oct 1904, she died, leaving her two little boys. Elmer was just a baby when she passed away. Ethel's mother, Hannah, took the little boys in and added them to her large family. There was no plumbing then and that made three little ones in diapers. Ethel's younger sister, Fay, had the dubious pleasure of washing out all the "didies." The boys were well taken care of, and were surrounded by love. Then, their father married **Nora Emma COOK**. She was a good mother taking care of Royce and Elmer, as well as the children who were born to her. On 07 Jun 1922, Royce married **Margaret Isabell NELSON** in the Salt Lake Temple. He was Bishop's counselor for ten years; Bishop about seven years. Royce's wife, **Margaret Isabell NELSON** was born on 09 Feb 1902 at Thornton, ID. She was the daughter of **Margaret Ann REID** and **James Douglas NELSON**.

32.2 **Luzella Scott MORGAN**, (Hannah³², John⁵, Jacob¹) daughter of **Hannah Maria Scott** and **John Gillott MORGAN** was born on 24 Aug 1884 in Menan, Bingham Co., ID. Mother was born on 02 Dec 1859 in Mill Creek, Salt Lake Co., UT. Father was born 10 Feb 1857 in Mill Creek, Salt Lake Co., UT. My parents, with their first baby, Ethel Ann, left Utah in 1880, where they homesteaded 160 acres on what is now called Lorenzo; was then Cedar Buttes. They were true pioneers, along with the other settlers in the valley. Our first home was a one room log house with dirt floor and roof. Our furniture was all hand-made by Father. Father helped build canals in the wild sage brush country that Indians used to trail through to the Big Horn Country. We children were afraid. But Father treated them well, gave them food and whatever they needed; also trading with them. I remember when all sloughs and swales were filled with water (during high water time) and there was a deep swale between us and Uncle Rube Scott's³¹ place. 32.5 **Myra Fay MORGAN**, (Hannah³², John⁵, Jacob¹) daughter of **Hannah Maria SCOTT** and **John Gillott MORGAN** was born on 07 Jul 1892 in Labelle, Fremont Co., ID. Fay attended 8 years of schooling; but she loved to read and to learn. Throughout her life she studied and listened, reaching out for new horizons. When Fay's oldest sister, Ethel, was married to **Hyrum Thomas MOSS**, Fay rode on the train with them and met her grandparents. She was only nine years old. Ethel passed away three years later, leaving two little boys: Thomas Royce and John Elmer. Hannah took the little boys in to her home to care for them. It was Fay's job to take care of washing diapers for her two nephews and her little brother. She had to carry them in a bucket down to the river, where she would scrub them by hand in the cold water to get them clean. She said that was a very distasteful chore. But she did it cheerfully, as was her nature. When Fay was a little girl, she and her cousins were roasting potatoes on the coals of an outside fire. Her clothes caught fire, and she was burned badly. The painful burns were treated by her mother, and her father gave her a blessing. Fay said she looked around at their sad faces and decided to cheer them up with a song. She sang, "Oh, My Father," and this frightened her parents more. When she was a teenager, Fay and a friend went to work at Hiese Hot Springs Hotel, just above Ririe, ID. They worked for about a year; during which time she was courted in a unique way by **John Etsel WHEELER**. He and his friend, both on horseback, would come tearing down the hill above Hiese ... waving their hats

in the air and whooping! Fay and her girl friend enjoyed this display immensely, but not Mrs. Gavin, who owned the hotel. Fay spent the summer prior to her marriage, making quilts and sheets and canning fruit and vegetables. On 29 Sep 1912, Etsel arrived at Fay's home in LaBelle on horseback and leading another horse. They were "Old Mag" and "Chief." The following Monday, they left on the midnight train for Salt Lake City. Arriving in Salt Lake at 11 a.m., they stayed at Fay's Uncle Joseph Scott's²⁷ home that night. They were married in the Salt Lake Temple on 03 Oct 1912. Etsel and Fay took out a homestead at Antelope. They lived near Fay's sister, Grace, and her husband, "Curly", as he was called. The homesteads were on the banks of Snake River, across from Table Rock. Etsel and Fay worked side by side to clear the land and plant crops. In later years, they lived in Poplar and in Ririe. In 1937 they purchased a dry farm in the mountains of Antelope. This was to be their "haven of peace" as they lived there every summer until a year or two before Etsel died. Fay and Etsel had a lot of grief, as well as happiness during their married life. During five years, they lost three children: Everett, not quite three years old, died of the dreaded Flu Epidemic in 1919; Baby Thelma in 1920 when she was just a month old, and in 1921 Everett was killed in a farm accident. Fay and Etsel enjoyed their girls, though, as well as life together. The hardest time she had to bear was when her dear husband, Etsel, was burned severely, 2nd and 3rd degree burns, in October of 1955, and passed away on New Year's Eve of that year. Her faith carried Fay through the ordeal, and she was a widow for 23 years. Mother was a wonderful person and an example to everyone. She, too, was kind, loving and compassionate. From her I learned two great lessons that I have tried to follow. (1) Beauty can be anywhere. You just have to look; and (2) If you can't say anything good about a person, don't say anything at all. On 28 Sep 1978, my mother **Myra Fay Morgan WHEELER** passed away in Idaho Falls, Bonneville Co., ID, leaving 8 daughters and their families and a lifetime legacy of goodness, integrity, and fun. Fay and Etsel had eleven children.

milked cows regularly, and worked in the fields along with my parents. After graduating from high school in Ririe, ID, I attended Ricks College and BYU. I also taught School (3rd Grade) in Ammon, ID. On 03 Mar 1950, I married **Garrick Wayne FILLMORE** in the Idaho Falls Temple for all eternity. (Had a double wedding with my sister, **Belva Lou** and **Vance E. SPAULDING**). Since our marriage, we have lived in Montana, California, Arizona, and Utah. We had four children born to us. We have a foster daughter, **Natasha Jeanne DUNHAM**, who joined our family in 1981, and is very much a part of us. We moved to Taylorsville, UT in 1975. I worked at the Hilton Hotel in Salt Lake City for 8-1/2 years, and at Beehive Clothing in the Cottonwood Mall for over ten years. I retired in Jan 1994. I have served in the church in many, many callings and loved them all. I am a "People Person," and consider being able to love people so easily and so much, probably my greatest talent. Some of my hobbies are sewing and crafts; hiking & camping; reading; and drama. We have 22 biological grandchildren, and four of Natasha's children, so we claim 26. My husband, Wayne, and I have served a mission together in Kingstree, SC (from 02 May 1994 to 07 Nov 1995). We recommend this to everyone. We love it and hope to be able to accept another mission call in a few years.

32.9 **Leo Milton MORGAN**, (Hannah³², John⁵, Jacob¹) son of **Hannah Maria SCOTT** and **John Gillott MORGAN** was born on 05 Mar 1902 at LaBelle, Fremont Co., ID. When Leo was 12 years old, he lost his father. Just the day before, Leo and his father had sorted potatoes all day. Then that evening, they loaded the sacks of potatoes on a wagon. His father started towards Lorenzo, ID to sell the potatoes at the potato house. On the way the wagon hit a rut in the road, throwing his father off the wagon and breaking his neck. Two years later, at age 14, Leo and his mother were left to shift for themselves. In the spring of 1916 his mother, Hannah, filed on a homestead in the eastern end of Bingham Co., ID on Meadow Creek near Grays Lake and Caribou Mountain. They lived there each June to October until 1921. Leo said these were some of the happiest times of his life, with horses to ride, lambs to care for, cows to milk, and chickens to feed. They raised a nice garden each year, and went swimming in the creek. He completed School through the 8th Grade and four months of high school at which time he had to quit School to earn money to take care of his mother and buy clothes. He and his mother did janitorial work at the School and at the church for three years trying to make a living. In October of 1928, Leo met and danced with **Juanita ANDRUS**, daughter of **William Spencer ANDRUS** and **Rose Victoria BATEMAN**. She being quite young for him, he never advanced or strengthened the acquaintance. However, he kept seeing her and before Christmas in 1928, he found himself engaged to her. They were married in Idaho Falls, ID on 18 May 1929. Leo and Juanita were sealed in the Logan, UT Temple on 30 Jul 1930. Leo worked at various jobs in Idaho; a press foreman for the Lincoln Sugar Factory, Jan and Feb 1930; potato sorter and bagger for Knudsen and Co; worked for a farmer in Grant, ID; Associated Seed Co. working in the fields and warehouse during pea sorting season, from Jun 1930 to Feb 1931; and sheep herding. He trapped for furs of muskrats, mink, badger and more in the Meadow Creek Valley. This was during the depression of 1932-1933. He hauled cinders with his team and wagon from the Little Buttes in Annis, ID. On 30 Oct 1939, Leo, Juanita and their children, Leo Allyn, Milton Vaughn, Enid and Ronald Marion, packed up and moved to California. On arriving in California, Leo was hired by his nephew, **John E. PEARSON**^{32,4,3}, as a carpenter. Being a carpenter also included concrete finisher and wheel barrow expert and every sort of task to complete a house. Leo and Juanita bought some property in El Monte, CA and built a home. They lived in that home for about a year, then they bought another home in El Monte on 06 Jul 1941. He continued to work as a carpenter until July 1945. Leo's health became a problem. A partial paralysis started to effect his left leg. The doctors told him to find something else to do for work. He decided to write life insurance. He had good success. After about two years he bought an insurance business. These were trying years. The paralysis began to spread to his other leg and spine. During this time they had five more children, John William, Jason Juan, Marilyn Ann, Timothy Craig and Daniel LaMar. During all these years he remained an active member of The Church of Jesus Christ of Latter Day Saints, serving in various assignments and callings. **Leo Milton MORGAN** passed away on 04 Apr 1983 at Baldwin Park, Los Angeles Co., CA. Juanita passed away on 14 Jan 1992 at Riverside, Riverside Co., CA.

SARAH MELISSA SCOTT

1864-1946

Daughter of John Scott and Sarah Ann Willis

34. Sarah Melissa Scott daughter of John ⁵ (Jacob ¹) and Sarah Ann Willis, was born 13, February 1864 at Mill Creek, Utah. She married Winslow Farr WALKER on the 22 December 1881. After living in Holiday and Limington, Utah, they moved to Idaho in the spring of 1884. The roads were very bad and there were no bridges and much storm. They were happy to reach Pooles Island at her brothers homestead with their four month old baby.

A year later in the spring of 1885, they moved to LaBelle, Idaho where Apostle John Taylor ordained her husband Bishop of the new Ward. With her husband Bishop, their home was open to all visitors, coming and going. A lady Doctor stayed two weeks one time and while she stayed with them Sarah learned to help doctor those around her. She was called Dr. Walker, serving as midwife and nurse, serving with love and herbs and blessings when her husband was away.

About 1900 they moved to Lewisville and in 1902 to Rexburg so their children could attend Ricks academy. She was called to serve on the Ward Genealogy Committee and two years later the stake committee, which position she held until 1930. She loved Relief Society and worked there many years.

She and her husband went south each winter to do temple work in Salt Lake and St. George Temples. In 1910 Sarah was put in Genealogical and corresponding secretary of the Scott organization for life. She was successful through corresponding with cousins back east in getting a copy of grand father Jacob Scotts family. She also got nearly 1000 Scott names from Ireland and had the temple work done for them. Following is the testimony of Sarah Melissa Scott Walker on temple work.

In answer to your request I will try to relate the circumstances which caused me to become interested in Temple work and genealogical work. About twenty five years ago we had not thought of this work. Our interest was centered on our family, other church work and making a living for our family.

One night a man came to the front door of our home in Rexburg. I met him and let him in. He said, "You are wondering what I have come for." I said, "Yes, I am. I don't even know your name." He replied, "My name is William Henderson and I have come to you to see about your doing my temple work and others too." I answered rather surprised, "But, why have you come to me over this work?" He said, "Because your name is Sarah and that is an old family name." He then walked to the table in the center of the room and piled up a large stack of cards with names of these people needing work done for them. He looked at me and said "See, all of these people are waiting for you to see that their temple work is done." I replied, "Where can I get their genealogy, births, deaths and so forth?" He answered, "In the bottom of your mother's old trunk you will find many of these names. I have delivered my message and I must go now, remember what I have told you and do as I have told you to do." He then left and I opened the front door.....stood there and watched him go.

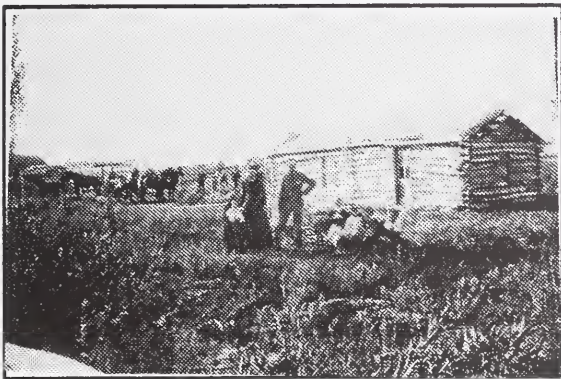

Then I went back to bed and woke my husband. I told him of this strange visit. He told me I was probably dreaming as there was no one of that name related to me. It seemed I must agree with him because I had never heard of it. My mother's people were Willis, and I had never heard her

mention the name of Henderson.

It was getting morning so I decided to get up and write to my sister Hannah, who is nearly five years older than myself, and see if she had ever heard mother mention that name. I told my husband to take the letter and post it as he went downtown to work. I wrote and asked her to answer by return mail. She answered immediately and said, "William Henderson married our great Aunt Sarah Willis. Why do you want to know?" This completely convinced my husband that he had been there and wanted his temple work done. My sister found the letters in the trunk and my brother helped us copy births and deaths of mother's people. Mother had corresponded with cousins back east and had gotten all the genealogy she could concerning her people...expecting to do the work herself, but she died before she could do it. We found that Sarah was a very old family name. Our great grandmother's name was Sarah, our great Aunt, Sarah Willis Henderson, my mother and myself were all named Sarah. It also ran back through my father's family.

I had never seen the card with names on such as they use in the temple until William Henderson piled them on our table, but they were just as they have used in the temple. We went to the Salt Lake Temple in the fall and did the work for Wm. Henderson and his wife and his family. We have done all the names that mother had collected from her family.

My husband and myself have done considerable work in the Temple since that time and hope to work at least one more winter for this was a testimony to my husband as well as myself. This is my testimony of Temple Work. Sarah M Scott Walker 1930.

Benjamin Franklin SCOTT

35 **Benjamin Franklin SCOTT** was born on 7 AUG 1869 in Millcreek, S.L., UT. He was the 26th child born to **John SCOTT** and the 9th child born to John and his third wife **Sarah Ann WILLIS**. He died on 4 JAN 1923 in Salt Lake City, Utah. Buried in Wasatch Lawn Cemetery, S.L.C., UT.

He married **Rebecca (Becky) Brown HEMSLEY** on 26 SEP 1894 in Salt Lake City. Rebecca was born to **Edward HEMSLEY** and **Margret Daniels BROWN** on 19 APR 1875 in Salt Lake City, Utah. Died on 14 APR 1938 in Salt Lake City, Utah. Buried in Wasatch Lawn Cemetery, S.L.C., Utah.

Benjamin and Rebecca lived in S.L.C. for a few years then began to build their home. Rebecca's father had a large amount of property in the area of 12th East and 1900 South that went South and East a long distance. Rebecca [Becky] and Benjamin were given a lot at 1937 South 1200 East, Sugarhouse. Benjamin built the home himself with help from all of his children. He probably had help from Becky's family since most of her brothers and sisters lived very close on property also given to them by their father.

The home was sold after Becky and Benjamin died but is still in very good condition. It remains just as it was built except for gray paint on the brick and white paint on the wood. Even the shrubs and trees seem the same as I remember them as a child.

Benjamin worked as a guard at the Utah State Prison at 1500 East and 2100 South. Highland High School and Sugarhouse Park are now on the property that was the property of the old state prison. His work was within walking distance of his home.

When Benjamin was just 53 years old he died from pneumonia leaving a wife and 7 children. [3 young boys still in their early teens.] There wasn't welfare or social security for widows in 1923. All of the family had to help support their mother and younger brothers. Becky took in boarders and usually had one of her married sons and wife that lived with her paying her room and board.

Becky was a wonderful cook and a meticulous housekeeper. She loved making patchwork quilts completely by hand and had tried to make a quilt for each of her children before she died. She died of a heart attack 14 APR 1938. All but one quilt was done. Her daughters-in-law completed that quilt.

All of the sons and Vera had great love and respect for their parents. The grandchildren remember being together very often with cousins, aunts and uncles for dinners, fishing trips and hunting trips.

Becky's oldest sister **Sarah J. HEMSLEY** was married to Benjamin's oldest brother **Joseph Lemuel SCOTT**²⁷. Sarah was always called "Aunt Sade" by all of the HEMSEY-SCOTT clan. **Gladys (CAPSON) SCOTT** remembers going to Aunt Sade's home on 3300 South 700 East to pick berries for pies. Aunt Sade lived in the home that **John SCOTT** built for his third wife **Sarah Ann WILLIS**, until the home was torn down. All of the oldest grandchildren of Benjamin and Becky remember Aunt Sade as always being to the HEMSLEY reunion that was held each year at Washington Park up Parleys Canyon.

Benjamin and Becky instilled in their family the importance of family togetherness. All of the family has been very close. Cousins keep in contact. We show our love and respect by attending family member weddings, missionary farewells, blessings or funerals. We truly love and care about each other. I'm sure Becky and Benjamin are watching from above and are very proud of their descendants that have now reached great great great grandchildren. As of January 1996 well above 325 people have been born from them.

A Benjamin and Rebecca SCOTT family reunion has been organized by the John [Jack] SCOTT family that is held the last Sunday of June at Big Bear Park, 9695 South 930 East, Sandy, Utah. Every Jacob SCOTT descendent is welcome.

Benjamin And Rebecca had the following children:

- + 35.1 **Willis Benjamin SCOTT**
- + 35.2 **John Edward SCOTT**
- + 35.3 **Vera Rebecca SCOTT**
- + 35.4 **Winfield Franklin SCOTT**

35.5 **Simeon Winslow SCOTT** was born on the 4 DEC 1902 in Salt Lake City, Utah. He died on the 15 AUG 1919 in S.L.C. and was buried at the Wasatch Lawn family plot.

The Benjamin Franklin Scott Family

L to R: Willis Benjamin Scott (Insert), Mother Rebecca Hemsley Scott, Simeon Winslow Scott,
Melvin Joseph Scott, Winfield Franklin Scott, John Edward Scott, Father Benjamin
Franklin Scott, Vera Rebecca Scott,

When Sim was 17, he and Mel went hunting wild birds up Parleys Canyon. About one mile East from Suicide Rock they split and each climbed higher to hunt on their own. Sim did not meet Mel at the bottom of the mountain at the scheduled time. After looking for Sim until it was getting dark, Mel went home to get his family. Sim was not found for three days. He had fallen off a cliff and had died. Sim's gun had been bent in the fall. The gun was repaired and given to Mel.

Mel loved and idolized his older brother and took very good care of Sim's gun. When Mel was older he decided the gun should stay in the "SCOTT" line and gave the gun to Lee SCOTT, Roy's son.

John (Jack) Edward SCOTT was raised in Sugarhouse. He attended Granite High School. Jack had a mission call for the LDS Church, but he had some problems and decided to go into the Navy during World War One. He was the ship cook and supply purchaser and was stationed in Europe around France and Italy.

Jack married **Marcile Rose RASMUSSEN** on 31 July 1930 in Ogden Utah. As a husband, our Father set a wonderful example for us to follow. He loved our mother and showed it in every way. As a Father he was the best. He was always there when we needed him. He was a loving hard working, inventive, industrious, funny, warm, sincere, friendly, caring, concerned and everything else that made up a good Father. He had a twinkle in his eyes and a smile on his face that warmed your heart and made him the best looking man I have ever known. We never felt insecure about our Father's feelings for us or how we would live. He made a good life for his family. He loved fishing and hunting and would include his family in the outings as often as possible. In fact he would rather see one of his children catch a fish, than catch one himself. You could read this on his face.

We lived during the depression knowing that every Sunday morning we would read the Sunday paper together and then we would make new soles for our shoes by cutting out several thicknesses of the paper to fit the size of our shoes and our Dad would tack them on. In good weather they would last us about two weeks.

Dad worked for the Union Pacific Railroad as a pipe fitter. We could ride the train free so we went a lot with him when he had to go out of town to work.

Dad came from a large family and he stayed close to them all. We had great family reunions. We loved our Aunts and Uncles very much. It was through their example that we learned how important it is to stay close to our families.

Our father's influence is always with us and I feel very proud to have been his daughter.

By **Janice Scott BROWN**

Marcile Rose RASMUSSEN, was born December 31, 1905 to **Peter RASMUSSEN** and **Mary Elizebeth HALL** in Salt Lake City, Utah. She grew up around the avenues of Salt Lake and attended West High School. She went to beauty college and become a beautician. She was beautiful. She met, fell in love, and married **John Edward SCOTT** July 31 1930, in Ogden, Utah. She was 24 years old, seven years younger than him. She was a wonderful wife and mother. She worked along side him in all of his endeavors. They built a duplex together. One thing I remember the most is when Mom helped Dad bring home 40 or 50 stewing hens alive. They could buy them for 25 cents each, then. Mom and Dad both started chopping off there heads and turning them loose to run around headless until they bled to death. Then Mom had a pot of boiling water ready, and Dad would clean them and Mom and us kids would start plucking them clean. It was hard work but the rewards were worth it. Homemade chicken and dumplings or Chicken Ala King or Chicken Pot Pie. We loved them all.

In my opinion, Mom was the mother of the year every year I can remember. She loved our father and her children more than life itself. Mom had a secret way of making everyone think that they were her favorite child, friend, sister, brother or in-law. She could accomplish more in one day than most people could do in a week. She was always making quilts, dishtowels, clothes, crocheted doilies or etc. I still have my Raggety Ann and Andy dolls that she made for me. Her hands were never idle, except when she slept. I can remember waking up at 2 or 3 in the morning and Mom would be sewing a new dress or a birthday or Christmas gift for one of us. Besides that she was a wonderful cook. Just ask anyone of her neighbors. She died 38 years ago but her friends still remember her chocolate cakes.

Once a month she would take one of her children to lunch uptown [there were seven of us] and buy us something special. We would go to the Lion House or ZCMI luncheon bar for carrot juice and a tuna sandwich on whole wheat bread. We loved it when it come our turn.

Because she was a beautician, we always had beautiful hair and because she was a seamstress we always had wonderful clothes.

It was Mom's dream to get us kids raised so that when Dad retired they could travel and see the world, but Mom's life was cut short. She had a massive heart attack and died in her sleep at age 52. We were all devastated, especially our father. He pined himself to death for the next seven years, but because of there love and the example they set for us, we have all managed to stay close. To this day, we all still love and miss them.

They had the following children:

35.2.7.2.1 Kayden Kiona GASU was born on 3 NOV 1993, Salt Lake City, Utah.

35.3 Vera Rebecca SCOTT, daughter of **Benjamin Franklin SCOTT** (John⁵, Jacob¹) and **Rebecca Brown HEMSLEY**, was born on 16 APR 1899 in Salt Lake City, Utah. Died on 11 JUN 1960 in Salt Lake City, Utah. Buried in the family plot at Wasatch Lawn Cemetery S.L.C. UT.

She was the only daughter and third child born to Benjamin and Rebecca SCOTT. She had seven brothers.

Vera married **George (Judd) Jensen MILLER** on 23 June 1923. He was born on 14 OCT 1898 in Salt Lake City, Utah. His parents are **Alfred Oscar MILLER** and **Antonette JENSEN**. He died on 14 OCT 1979 in S.L.C. UT.

Buried in the SCOTT family plot at Wasatch Lawn Cemetery S.L.C. UT.

They had 5 children. Shortly after the birth of the youngest child Arlon, Vera started to find it difficult to walk. Tripping or falling occasionally. The ailment became worse and she then used a Cane. When her children were still very small she was forced to use a wheelchair. She still was able to cook for her family and we all remember her wonderful candy at Christmas time. Her unknown illness progressed more and the use of her hands was gone. Uncle Judd not only worked long hours to support his Family but worked late into the night cooking and cleaning and taking care of the needs of Vera and his now teenage children. Vera lived in great pain. Judd was always looking for a doctor that could cure or relieve Aunt Vera of this terrible ailment. It was never known what the illness was. The last few years of Aunt Vera's life were very painful but an "angel" by the name of Pearl came to live with her. Pearl was a very tall and very strong lady that could pick Vera up and put her in the bathtub or into bed or into her wheelchair without batting an eye. Aunt Vera would dictate a favorite recipe and Pearl would cook. Pearl kept the house spotless.

Life was still very painful for Aunt Vera but Pearl made life so much more pleasant.

Aunt Vera died 11 June 1960. All of her brothers loved their only sister very much and it broke their hearts to see her live her life in so much pain. Her death was also very hard on Pearl and she kept in touch with the family for many years.

Vera and Judd's children are all hard working, family caring, and successful good people their parents can be proud of. They remember their mother and father fondly and with much gratitude and love.

Melvin was the first child born in the new home his father built in Sugarhouse, S.L.C. Utah.

He told us that everyone within 2 blocks square was a relative and had the right to paddle his bottom if he misbehaved. [He said he was always a very good boy.]

Dad's closest friend was his older brother Simeon. While the two of them was hunting wild birds up parleys canyon, Sim did not return as scheduled. Three days later he was found dead. He had fallen off a cliff. Dad was given Sim's gun and treasured it all his life. He wanted the gun to stay in the "SCOTT" line and gave the gun to his nephew, **Lee SCOTT**, Roy's son.

He was 18 when his father died. All of the boys had to help support their mother and their younger brothers.

Dad was one of the best baseball pitchers in the state of Utah. The family has many newspaper articles to attest to his fame. He was hired by Utah Copper Co. [Now named Kennecott Copper] to just workout all day and play in competition at night.

Baseball came to an end when the Japanese bombed Pearl Harbor. All men were needed to produce ore. Baseball was not resumed after the war was over by Utah Copper Co. And the pitching muscles were gone but he loved baseball on television and was glued to the TV during every series. When Dad died, 14 JAN 1979, **John MOONEY**, Sports Editor of the Salt Lake Tribune, wrote a very nice article about Dad's great "slider" pitch.

Dad married **Gladys LaVera CAPSON** 7 SEPT 1929. They had 5 children but both sons died tragically. This was very difficult for them to endure. They filled their lives with fishing at the Strawberry Reservoir and going for long rides sightseeing all of Utah and spoiling their grandchildren. They also traveled a lot with Ina and Keith in their motor home. Dad fell down the stairs at their home, possibly breaking his back, and died 14 JAN 1979.

He was a very loving father and grandfather and we all have very fond memories of our Dad.

Gladys LaVera CAPSON was born on 16 MAR 1910 in American Fork Utah to **Frank Cornelius CAPSON** and **Grace CRYSTAL**. Mel and Gladys loved to have family gatherings in their back yard with wonderful barbecue dinners. Everyone was welcome always. Roy and Edith were there often and it was a great reunion when Win and family or Rod and family came from California.

Gladys was also known for her home made hand dipped chocolates and her caramel pecan rolls that were made for each family member for Christmas. For Easter she made very large Easter eggs with each persons name and their choice of filling. Then the egg was decorated beautifully with flowers and pretty designs all around the edge. She made several hundred pounds of candy every year. Some of the candy was sold but most was given to friends, neighbors, and family.

Roy was always a very happy person. He smiled so much that he had permanent crinkles at the side of his eyes.

He, like all of the Benjamin SCOTT family, loved hunting deer, ducks, and pheasant and he and his wife Edith seldom missed a hunt. They had a dog by the name of Don that was the envy of all his brothers and every hunter that witnessed the dog "work a field". He also liked to go fishing.

As a young girl she remembers how special Christmas was in her family. Dipping chocolates was a family tradition and she enjoyed sneaking them and thought her parents didn't know, but later found out that her parents knew and were amused. Christmas morning was special because her father always arose early to make breakfast. He made sure to drop a few pans in order to let everyone know what he was up to and wake everyone up. Only Santa himself could be more jovial than Roy.

Colleen remembers many times when her father was inspired to control situations that would have otherwise been disastrous. On one occasion, Colleen was planning on a trip with her Dad in the truck, but was told upon leaving, that shoe could not go. This proved to be life saving, as the truck was demolished shortly thereafter when another vehicle hit the truck broadside. Roy was hospitalized for six months. This proved to be a faith promoting experience throughout Colleen's life.

Colleen graduated from the University of Utah in Elementary Education. She taught in the Salt Lake and Jordan School Districts, taking a fourteen year break to raise her children.

She married **Russell Gregg ELDRIDGE** on 10 JUN 1977 in Salt Lake City, Utah. He was born on 24 May 1955 in Long Beach, L.A. California. He was a graduate of BYU and the U of U and was working for the Industrial Commission of Utah.

Buried in Kanab, Utah. Rod was born in the home his Father and brothers had built in Sugarhouse, Utah. His father died when he was 12 and his mother died when he was 27.

He married **Grace Fredericka SIMONS** SEP 28 1938, 5 months after his mothers death. Grace had never met his mother. They were married in the LDS Salt Lake Temple. She was born on 4 DEC 1916 in Salt Lake City, Salt Lake, UT. His brother Roy and sister-in-law Edith who were already married went through the Temple the same day.

Two children David and Marsha were born in Salt Lake City, then the Japanese invaded Pearl Harbor, Hawaii and many ship yards in California were put into full force producing as fast as possible. This created numerous jobs and a great need for manpower. Rod and Grace moved to San Pedro, California where Rod worked at one of the ship yards until after the war. He then went to work for his brother Win, as a plumber. Five more children were born while Rod and Grace lived at San Pedro.

Rod loved playing golf and like all of his brothers loved fishing and hunting. He and his growing family made

many trips back to Utah for fishing and hunting with his brothers and their families.

As a plumber, Rod worked for various companies in Los Angeles but received an early medical retirement. In 1974 Rod and Grace moved with most of their children to Kanab, Utah and built their "dream home" in the beautiful red foothills of Kanab.

Rod died before his older brothers Win and Roy on OCT 14 1985 at age 74 in Kanab.

- 39 Sarah Mirrinda SCOTT, daughter and fourth child of John⁵ (Jacob) and Esther YEATES, was born 22 Nov 1867 in Millcreek, Utah. She married Henry BAIR JR., Nov 22 1884 in Salt Lake City, Utah. They were later sealed in the Logan Temple on 13 Mar 1895. Henry was born 11 Nov 1861, in Providence, Cache County, Utah, a son of Henry BAIR SR., and Barbara AFTERHOLDEN, of Bern Switzerland. Sarah Mirrinda Scott died 4 Feb 1945 in Logan, Cache County, Utah. Henry died 25 Feb 1930 in Idaho Falls, Idaho. They are both buried in the Millville, Cache County, Utah Cemetery. This is Sarah's own story:

"My mother was left a widow when I was nine years old. She had a family of six small children to support alone, with what help the three oldest children could give her.

At the age of 11, I did washings for two large families each week to get the necessities of life. I worked in numerous homes for one dollar a week and was very thankful to get that much. The wages were paid in eggs and butter.

We had a very small home, as most of the families did at that time, with none of the modern conveniences. Our lights were from candles my mother made herself and most of our clothing was made from homespun linsey.

My father had a large family, five wives and 36 children and was not able to do much for each family. But we got along somehow with each one doing his part. However, there were times when we were very short on this world's goods, but we did not mind too much. We were just that much more thankful when the Lord did bless us with something.

I had learned at a very young age to help myself as much as possible. I have spent many a long day out in the fields gleaning wheat and gathering straw suitable to make the boy's hats and helping to kill grasshoppers, but I had lots of fun even at that. I always was able to see the humorous side of most everything, often so much so that I got into a lot of trouble, distracting the other children from their work. I was always hunting for an easier way to do the job and to make a little fun out of it.

I was married at the age of 17 and had a family of nine children, three of whom died at birth.

I lived in Providence, Utah, for the first 17 years of my married life, then we moved to the farm at Millville, and lived there for 35 years. In 1930 my husband died. That made it necessary for me to leave the farm home that we had worked so hard to improve and make a pleasant place of. From the farm home I moved to the Logan Fourth Ward. Two years later I bought a home in the Logan Seventh Ward.

My children have one by one all married and all but my daughter Juna have moved from Cache Valley to make their homes.

I have always been able, regardless of the hard work required on a farm, to spare time for religious activities. I have been a Relief Society teacher for over 45 years. When I was first asked to take the job of Relief Society teacher I refused. At that time I wasn't converted to it. It seemed all unnecessary to me. But things happened to make me see differently, and I did accept the job.

Shortly after my baby became very ill with pneumonia. I called a doctor to my home, and he told me the baby would not live until morning. I also called on the Elders, but the baby grew worse all the time. One night it seemed that every breath would be his last. I gave right up to the most terrible despair I had ever known. I passed the baby to my mother who had been with me all night. I said, "Mother, take him, I can't take any more." I had fasted and prayed for days. I told my mother then, "I won't ever pray again, don't tell me the Lord hears prayers." I threw myself down on the bed and wept the most bitter tears of my life. After a few moments I fell asleep and dreamed in those few minutes that someone shook my arm and told me to get up and get some of the Relief Society sisters to come and wash and anoint the baby, and he should be healed by their prayers and faith. It was still very dark, and I thought of those vicious dogs they had, and I turned to go back home. I had the same feeling again, "You were told to go now go." So I started down the road again but expected the dogs would charge at me the moment I opened the gate. They did, but a voice called them off and asked who was there. I told her, and she said, "I know what you have come for. I dreamed last night I was called to wash and anoint a baby, and he should be healed instantly". "They came and he was healed almost instantly".

39 Sarah Mirrinda Scott (continued)

Juna, Sarah's daughter said the organization of the Sunflower Camp of Daughters of Utah Pioneers took place in their home in Millville with a Mrs. Heninger as its first president and Mrs. Mauchley and Sarah M. Bair as her counselors. Singers on the program at that first meeting were Oneata Thorpe, her sister Mabel and another sister.

After moving to Logan, Sarah joined the William B. Preston Camp and was Vice President for a time.

She served as a member of the Cheer-Up Committee in the Seventh Ward and also sang for a short time with the Relief Society Chorus.

I remember my grandmother fondly as a loving, kind, and thoughtful person. She was a wonderful cook. I spent many summers and holidays with her. Those were some of the happiest times in my life. She died Feb. 4, 1945 in Logan, Cache, Co. Utah when I was 14. I loved her dearly and will cherish her memory.

39.3 Mariner BAIR, third son of Sarah Mirrinda SCOTT³⁹ (John⁵, Jacob¹) and Henry BAIR, Jr. was born 20 Apr 1893 in Providence, Cache County, Utah. He married Maggie Oneata THORPE, in the Logan Temple on 3 Apr 1918. Maggie Oneata was born 4 May 1897, the daughter of John Henry THORPE and Elizabeth Ann FIFE. She died 8 Feb 1964 and was buried on 12 Feb 1964 in Logan, Cache, UT. Mariner later married Syble Arlene Olzen NELSON 12 Nov 1965.

Mariner was originally named Marriner Merrill, after the first president of the Logan Temple, who performed the marriage of his parents. The name was later changed to Mariner.

He lived in Providence until he was eight years old. Mariner had pneumonia three times during the winter. As a result he didn't learn to walk until he was five years old, but the neighbors said he could crawl as fast as most people walk.

He started milking a little cow named "Brownie" when he was six years old and worked hard for the rest of his life. By the age of nine he was milking nine cows night and morning.

The family moved to Millville and the home they were building wasn't finished as yet so they had to live in a two story grainery. In the Fall, Mariner got typhoid fever. He was very ill and to make matters worse, he got pneumonia. He had to learn to walk all over again and missed most of that year of school. He had another setback in his early teens with a kidney infection. After that time he seemed to have good health.

Mariner used to collect tithing and sometimes people would pay in jars of fruit, a sack of flour, a slab of bacon etc.

When he was about 12 or 13 years old he fell off his horse while taking cows to pasture and when he was a little older fell off his bicycle (he was riding too fast) and broke a couple of ribs.

In the fall he spent many days shoveling beets into wagons for ten cents a ton, and then later for twenty cents. This enabled him to earn Christmas money and a dance ticket.

Most of Mariner's entertainment consisted of dancing and sleigh riding.

He spent a lot of time taking care of the stock cattle and milking cows and caring for the horses. He had double duty when his brothers, Parley and Ervin went on missions.

One winter Mariner had another accident. A neighbor rode up fast on his horse while he was cutting up wood with an engine driven saw. He didn't hear the horse which nearly hit him, threw his ring finger back and had it ripped off. The little finger on that same hand had been broken years before and was never set, so he said, "It made a heck of a looking hand".

Mariner worked in a gravel pit, hauling gravel, and worked in a sugar factory in Shelley, Idaho.

39.3 Mariner Bair (continued)

On April 3, 1918 he married **Maggie Oneata Thorpe**, in the Logan Temple. They lived for five years in a little house on his father's farm and continued to help with the farm work. His first two children Veloy and Glen were born there.

In 1920 he bought his first car, a Ford, and overhauled it every year.

In 1921 he went to Oregon looking for land, but bought forty acres southwest of Idaho Falls. They moved into a four room house in Mar 1924. Beatrice, Lavon and Barbara were born there. He later added a large porch and a coal cellar. Much later he extended the front room and a stairway and attic, sleeping rooms and a bath were added.

The family worked hard raising grain, hay, potatoes, some beets, and some peas for seed. They had horses, pigs, chickens, and a dairy cow. They also had an orchard and a big garden. The farm expanded over the years and there were good times but many hard times.

Oneata had a stroke in 1949 at age 52, and a second one later. She fell down some stairs in 1963. Each of these things put her in the hospital for a time. In January she had another stroke and died on Feb. 8, 1964 and was buried Feb. 12, 1964.

On Nov. 12, 1965 Mariner married Syble Arlene Olzen **NELSON**, a widow who had kept house for the family.

They eventually built a new house near Battle Creek in 1967 and sold the old house and most of the rest of the farm.

Carol was born 19 Dec 1929 in Fairview, Franklin County, Idaho. They were later divorced.

When LaVelle was a about six months old he was stricken with encephalitis (water on the brain). His head swelled out of proportion and his eyes turned out of sight. His parents took him to the doctor and they said there was no cure for it and that he would die. A neighbor told his parents of another doctor and he and several other doctors decided to tap his spine. On the day they did this procedure his grandmother Sarah Bair put his name in the Logan Temple. The doctors were amazed that LaVelle's eyes came partly back into sight. However he was left cross eyed for a long time and he was having double vision. This left him somewhat handicapped for the rest of his life.

LaVelle had all of his schooling in Idaho Falls, Idaho.

In March of 1944 he enlisted in the Army and served in the second World War. He served in England, then France and then Belgium where he was in some of the worst fighting that they had, called the Belgium Bulge. He suffered many hardships and was in terrible danger. He didn't have much to eat but canned meat and was in mud up to his knees. He was later sent to the Panama Canal (Philippines) and then went to Japan where he stayed until the war was ended.

He was discharged from Fort Lewis Washington 27 Apr 1946 as a Technical Sergeant. Since he had left for overseas from New York, he had gone around the world during his time in the Armed Services.

LaVelle had been corresponding with Carol Harding while overseas. They were married Sept. 14, 1946 by President Henry H. Rawling at Carol's mother's home in Fairview Idaho. They were sealed for time and eternity in the Logan Temple 17 June 1947.

The couple lived in Idaho Falls, Idaho for a short time, also Fairview and then they moved to Ogden, Utah.

LaVelle and Carol were divorced Nov. 14, 1984.

39.9 Barbara BAIR, daughter and ninth child of Sarah Mirrinda SCOTT⁹ (John⁵, Jacob¹) and Henry BAIR Jr., was born 23 Apr 1908 in Nibley Cache County, Utah. She married Sylvan William MARLER 20 Feb 1929 in the Logan Temple. Sylvan was born 5 Dec 1905, son of Loron William MARLER and Florence Maria ANDERSEN. Barbara died 26 Sep 1975. She was buried 30 Sep 1975 in Sandy, Utah.

Barbara spent most of her early life in Logan, Utah. She attended Logan High School and College. Barbara was a prolific writer and thus wrote many poems and stories during her lifetime. She received the Barber Poetry Medal while at Logan High School. She was a dancer, singer and writer. She participated in the Opera and many clubs while at school.

While singing and dancing in a musical Barbara met and fell in love with Sylvan William Marler. He was born Dec. 5, 1905 in Lewiston Cache County, Utah and spent most of his younger years on the farm.

After High School Sylvan completed a mission to Canada. They were married Feb. 20, 1929 in the Logan Temple. The couple moved to Salt Lake City to make their new home.

Sylvan and his brother opened a tire shop and they were in business together for a few years. On March 31, 1930 a daughter Yvonne, was born to Barbara and Sylvan.

Barbara was a gifted seamstress and during the ensuing years she was the costume designer and seamstress for Manya Martell, a dance instructor for her daughter, Yvonne and subsequently her second daughter, Jeanine, born Sept. 23, 1934. Barbara was very talented with a needle and a sewing machine. She would design a costume and cut it out of newspapers and when it was made it would fit perfectly.

A son, Orion William, was born May 5, 1936. It was at about this time that Sylvan decided to go into business for himself and opened up his own tire shop. They purchased a home on State Street with a shop attached. Making a living was difficult because it was just after the depression. There were occasions when the family had to burn old used rubber tires for heat in a coal stove, however the children were always dressed impeccably because of Barbara's sewing ability and the family seemed to want for nothing. There was a big garden by the side of the house and Barbara was a good cook so the Marlers ate very well. Times were tough but Barbara and Sylvan worked very hard to see that their children had the necessities of life.

During the second World War Barbara and Sylvan bought another home on the East side of Salt Lake City. By this time Yvonne was in Junior High School. This was to be the last home Barbara would live in. She worked for a time at the Utah Arms Plant helping to make parts for the war effort. After the war she worked for the rest of her working years as a personal and Legal Secretary.

Besides doing a lot of writing Barbara was an expert at crocheting, sewing, crafts, etc. She loved the out of doors and spent a lot of time camping, fishing and just plain enjoying nature.

Barbara and Sylvan were divorced in 1949 and she was briefly married to Earle Seares. She married Kenneth Gregory Aug. 28, 1954 in Elko, Nevada.

Barbara found out that physical problems she suffered for years were related to having Rheumatic Fever when she was a young girl. As a result she had two successive open heart surgeries. The next five years were very poor quality of life for her. Barbara Bair Gregory had subsequent strokes which finally took her life on Sept. 26, 1975. She was buried Sept. 30, 1975 at Memorial Gardens of the Valley, Sandy, Utah. We, her children and grand children miss her very much.

39.9.1 Yvonne MARLER, daughter of Barbara BAIR^{39.9} (Sarah³⁹, John⁵ Jacob¹) and Sylvan William MARLER, was born 31 Mar 1930 in Salt Lake City, Utah. She married Douglas Victor ERICKSON 12 May 1952. Douglas was born 28 Jul 1929, the son of Henry LeRoy ERICKSON and Erma Sophia ANDERSON. Yvonne divorced 24 Dec 1968. She married Gerald Richard STEIGER 10 Apr 1975 in Elko Nevada.

Autobiography:

I was born during the depression, not a good time to raise a child. However my mother worked very hard to enable me to have the advantage of taking dancing, ballet and singing lessons. I started at three years of age, and continued these lessons until the age of 13.

Mother was a gifted seamstress and during the ensuing years she was the costume designer for Manya Martell, my dance instructor. She really knew what to do with a needle and sewing machine. She made all of the costumes for the studio, fabulous dresses for Jeanine and I and also terrific doll clothes.

I looked forward to the annual dance reviews that we had at the Utah Theatre. Performing there and all over the Salt Lake Valley for several years gave me a taste of show business which has remained with me throughout my life.

I also enjoyed other things such as the wonderful times we had in the summer staying with my grandmother Sarah Mirrinda Bair in Logan. We played in the ditch and hunted for rock rollers. We went fishing with our cousins, Farrell and Val Broberg. Almost every year we spent Christmas in Logan with our grandmother and our cousins. These were the most pleasant of times.

During my high school years I concentrated on my studies and participated in many extra school activities. It was during this time that I began to focus more on singing and took several years of private vocal lessons. I was fortunate enough to play the lead in the high school play and sang leads in the Opera and other musicals.

My ambition was to have a career in the theater but that changed quickly when I met and fell in love with my high school sweetheart and decided that marriage and motherhood were more important.

After High School I sang in a professional group for a while and at funerals, weddings, Ward's, parties etc. I also performed for a couple of years in the Salt Lake Theater and on KSL TV.

My sweetheart went on a mission to the Southern States and when he returned we were married May 12, 1952. The Korean War was in full swing at that time, but, fortunately Doug wasn't drafted until the occupation after the war was over. He worked as a dental assistant.

While Doug was in Korea I was working at a Secretarial job during the day and teaching dancing at Arthur Murray at night. During this time I found out that I had to have a spinal fusion. I spent three months in Fitzsimmons Army Hospital in Denver. I was very ill. Gordon B. Hinckley a friend and First Counselor in the Stake Presidency with my Father-in-law, at that time, wrote a letter to the Army which helped the Red Cross bring my husband home. Doug was transferred to Fort Douglas for the rest of his time in the Army and I finally recovered.

We moved to Cedar City, Utah and I had my first child, Brad Douglas Erickson Oct. 25, 1956.

I moved to Salt Lake City, then Ogden, and then Twin Falls Idaho where I had my second child, Brian Victor Erickson Jan. 8, 1960.

We moved back to Salt Lake City and I had the great opportunity of singing the lead of Celia in the production of Promised Valley. I auditioned and was accepted into the Tabernacle Choir. I have had many spiritual and thrilling experiences with the Choir. I truly believe that I was supposed to devote my time and talents to the Lord. While singing in the Choir I traveled to Mexico, Canada, Europe and all over the United States. This was a wonderful missionary experience. We were just like one big 350 member family.

It was during this time that my husband and I were divorced. I then had the challenge for the next seven years of raising my two boys alone. Thus we became a very close family.

Subsequently, I met someone who also sang in the choir and we were married on April 10, 1975. I sang with the choir for 13 years.

My husband and I both joined the Jay Welch Chorale for two years. We next joined the Utah Opera Company and have been with that group for the past 14 years.

My last working experience before retiring in 1992 was for the Utah Arts Council. I worked there for 8 1/2 years. This was the most enjoyable job I have ever had. It enabled me to work with and for many talented people. I was able to attend all types of events and performances etc. I was in the realm that I wanted to be in and gained many friendships which I will always cherish.

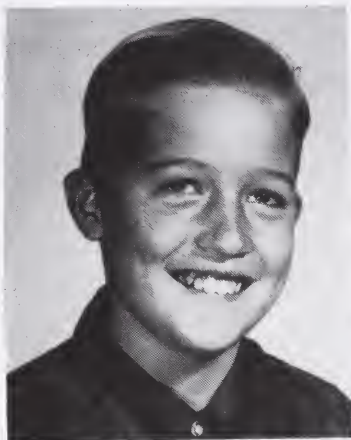

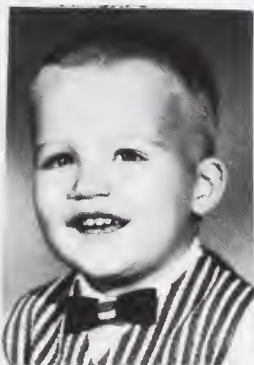

I have had many positions in various wards serving the Lord and at the present time I am privileged to be the Primary chorister. I love the little children that I teach, they are very precious to me.

I have been blessed with two great boys, three step children, four grand-children and four step grand-children whom I love very much. I am grateful for my love for music, writing, sewing, oil painting, and all arts. I enjoy life and my theme is "Let All My Life Be Music."

- 39.9.1.1 Brad Douglas ERICKSON, son of Yvonne MARLER^{39.9.1} (Barbara^{39.9}, Sarah³⁹, John⁵, Jacob¹.) and Douglas Victor ERICKSON, was born 25 Oct 1956 in Cedar City, Utah.

When Brad was born his cry could be heard above all of the other little babies in the hospital. He was destined to be a singer.

Brad was born in Cedar City, close to the canyons and he loved to go with his parents to Cedar Breaks or Zions or Bryce Canyon as he was fascinated by the wonders of nature from a very early age. He would oh and ah at every tree and rock along the path.

Most people take toys to bed, but Brad liked to take one of his books to help him fall asleep.

Brad started singing with coaching from mom at the age of two. He and his brother Brian were fortunate enough to sing in the outdoor production of Promised Valley for three years. He also sang two leading roles at the Pioneer Theater, and acted in a Movie for BYU.

Brad enjoyed school, was Drama Club President and participated in several productions at school. He was offered a Drama scholarship but did not want to pursue a career in the theater. He enjoyed playing and teaching the piano and had a lot of friends.

He completed his Merit Badge requirements and became an Eagle Scout when he was 15.

Brad's ambition most of his life was to be a doctor, but he started working at Dan's Foods at the age of 16 and at the time he left for his mission he was an Assistant Manager.

Brad completed a mission to Paris France in 1978 and has a desire to return to that country that he grew to love.

He has stayed in the food business and at the present time he is working on a new computer program for for Smiths Food Co.

His latest hobby and challenge is oil painting.

Jeanine Marler was born Sept. 23, 1934 in Salt Lake City, Utah. Since big sister, Yvonne was taking dancing lessons and her mother Barbara Bair Marler had been a dancer herself, it seemed natural for Jeanine to start at an early age. She danced and took acrobatics for a few years. Jeanine had a pleasant childhood spending many summers in Logan at grandma Bair's house playing in the ditch and going fishing with cousins Farrell and Val Broberg. When Jeanine was in High School she met and fell in love with Lawrence Delano Lambert. They were married June 28, 1952 just one month after her older sister Yvonne was married.

Jeanine and Lawrence started their life together and had their first child, Rochelle, one year later. After having three more children they started to build their own house in East Mill Creek. They still live in the house to this day, with many improvements over the years. While residing there they have had three more children.

Jeanine has many talents, one of which is making beautiful porcelain dolls. She has also decorated cakes and has made dozens of quilts and a lot of sewing projects. This sewing talent was passed to both Jeanine and Yvonne from their mother Barbara Bair Marler.

Jeanine raised three of her son's children for four years.

While two of her daughters were attending Nurse's training she cared for many of their children enabling the girls to complete their training and become proficient in their field.

Jeanine and Lawrence have always taught their children good values. Three of their boys have completed missions and all of their children are productive and contribute a great deal to the community and to the Church.

The Lambert family are very close and they all love the outdoors and do a lot of camping, hiking, and enjoy nature.

Lawrence and Jeanine are about to embark on a new venture as they are going to build a winter home on land they have purchased near St. George.

Their large family is a tribute to the two of them.

39.9.2.1 Rochelle Jeannine LAMBERT, daughter of Jeanine MARLER 39.9.2 (Barbara^{39.9}, Sarah³⁹, John⁵, Jacob¹) and Lawrence Delano LAMBERT, was born 29 May 1953 in Salt Lake City, Utah. She married Nile Reeve LARSEN 14 Apr 1972 in Salt Lake City, Utah. Nile was born 29 Sep 1950, the son of Alvie Smith LARSEN and Mildred BERRY in Salt Lake City, Utah. They were sealed in the Salt Lake Temple 26 Aug 1975. This is Rochelle's autobiography:

Probably my biggest accomplishments have been giving birth to nine great children. Each one has given me more happiness and added to my life in some way. Each one has taught me and helped me grow. My memories of before I got married are of my family, brothers and sisters and what we did together. The times we all went roller skating together, trips to grandma's house and the park. I remember mom and dad building our house (where they still live) and putting our small handprints in the new cement in the driveway. Every one of my children has tried their own hand in my handprint at eight years old.

There were sad times too. I remember how emotional I was when Fancy, the family dog died. I remember when my grandmother (Barbara) died on the day my brother was getting married at our parents house. I remember my sister and I getting together to try to clean the house the way my mother would, had she not been with her mother at the hospital.

My last memory before I left home to start my own family is of my younger sister Melissa who was five at the time, clinging to my leg not wanting me to go and begging Nile not to take me away.

But Nile did take me away and our life together began in April of 1972. When we had been married about six months we bought our first home in Sandy, Utah.

39.9.2.1 Rochelle Jeannine Lambert (continued)

We very rapidly started to build our family. In just two and one half years we had three children, a son and two daughters. We moved to East Millcreek in January of 1976 at 3445 South 3170 East where we are still residing. After moving to our new home, we added six more children to our family, the last two being twins, a boy and girl. It has been rewarding (mostly), exciting (always), hectic (for sure) and loads of fun having a large family.

Nile works for Utah Transit Authority. He has been with them for 14 years. He started as a driver and is now an operations supervisor. He enjoys his job and the people he works with. He also enjoys camping, hiking, bike riding and volleyball. His main (only) hobby lately has been working on an addition to our house.

I worked for Service Blueprint for 12 years, and while doing that I accepted the challenge of going back to school to complete my R N training. I now work at the University Hospital working in the premature baby Unit. I love to cook and decorate cakes. I also love to camp and hike and be in our beautiful mountains.

Ft. Lewis WA

39.9.2.4.3 Landon Mathai LAMBERT b 28 Feb 1994 SLC UT

Loren Mitchell Lambert was born on Oct. 25, 1958 in Salt Lake City, Utah. He had two older sisters and an older brother. When he was still quite small his family moved into the house which he grew up in and in which his parents still live. Two younger brothers and a younger sister followed him, keeping his mother very busy.

Mitch (as he was called by his family) attended Skyline High School, where he participated on the wrestling team. He also became an Eagle Scout as a teenager and was a river guide in Wyoming during the summers, both of which were big influences in his life. When Mitch turned 19 he served a mission for the Church of Jesus Christ of Latter Day Saints to the Chicago Spanish Speaking Mission. He had always been a faithful member of the LDS church and knew this was what he should do.

Upon returning from his mission, Mitch attended the University of Utah in Salt Lake, majoring in Spanish and becoming known as Loren by those who hadn't grown up with him. "Loren" had sounded too mature and sissy to a small boy, but more businesslike and professional than "Mitch" to an ambitious young man. In working toward his degree at the U of U, Mitch spent nine months studying at the University of Seville, in Seville, Spain. During his college years he continued to work on the river in Wyoming and Idaho, even competing and winning the Wyoming Governor's Cup in canoeing and teaching kayaking at the U of U.

39.9.2.4 Loren Mitchell Lambert (continued)

After Mitch finished his undergraduate work, he attended Law School and graduated in the class of 1987. This was a big year for Mitch as that is when he met and married his wife, Denae Carol Simmons. They were married on Oct. 10, 1987 in the Boise, Idaho LDS Temple. They spent the first eight months of their marriage in Provo where Mitch had a job as law clerk and bailiff for Judge Ray M. Harding in Utah's Fourth District Court. Mitch then signed up for a three year stint with the Army Judge Advocate General (meaning he was a lawyer for the Army). This sent Mitch and Denae to Virginia for his military training (though he didn't have to go to boot camp) for three months, then to Georgia where he learned to parachute from an airplane. Then it was off to Fort Lewis, Washington to live. While there they had two sons: Connor Tarek Lambert, born 12 April 1989, and Cameron Mitchell Lambert, born 9 Mar 1991. Life in Washington was good and Mitch learned a lot in his jobs at legal assistance and then trial defense. He also earned his black belt in Tai Kwan Do while at Fort Lewis, and finished his first two books. Setting goals and striving to reach them are traits Mitch learned as a young man and which he has continued to apply throughout his life.

Denae Carol Simmons was born Nov. 22, 1960 in Safford Arizona to Robert and Elzada Simmons.

Denae's family moved to Idaho before she was one. She lived in St. Mary's Boise, and Pocatello, finally settling in Boise.

At the age of 11 her parents moved to Argentina for a year as her father worked for the United Nations. Denae learned to speak Spanish, ice skate, and have an appreciation of other cultures.

She moved back to Boise and participated in track and choir, Drill Team and her love for dance blossomed as a result of her ice skating.

Denae spent one year of college at Boise State University and then went to Brigham Young University in Provo, where she completed her degree in Dance and Secondary Education. She had secretarial jobs during college and through the summers while completing her studies at BYU.

She planned to go to New York to dance but she met Loren Mitchell Lambert. He changed her plans and they were married Oct. 10, 1987 in the Boise, Idaho Falls, Temple.

While Denae and Mitch lived in Provo, Denae worked five hours a day at a secretarial position then danced four hours a day in her third and final year with BYU's Dance Company. In May 1988 the dancer's Company went on a month long tour to South America, which was exciting as she was able to revisit Argentina and an Argentine friend she had kept in touch with.

At that time Mitch and Denae began their sojourn with the Army, first to Virginia for three months, where Denae kept busy with a temporary secretarial position. While there, she gave birth to two sons: Connor Tarek Lambert, born April 12, 1989, and Cameron M. Lambert born March 9, 1991. In addition to learning to be a parent, Denae spent her time in Washington taking occasional dance classes, teaching dance, piano and choreographing for Pacific Lutheran University.

Since the Lamberts have moved back to Salt Lake City, where Mitch practices law, the couple have had another son, Landon Mathai Lambert born Feb. 28, 1994.

39.9.2.5 Roland Wade LAMBERT, son of Jeanine MARLER^{39.9.2} (Barbara^{39.9} Sarah³⁹, John⁵, Jacob¹) and Lawrence Delano LAMBERT, was born 21 June 1962 in Salt Lake City, Utah. This is his story:

I was born in Salt Lake City, Utah on the first day of summer June 21, 1962. I am the fifth of seven children born to Lawrence Delano Lambert and Jeanine Marler Lambert. I have two older brothers and two older sisters and one younger brother and sister. June 21st is the first day of summer (summer solstice), which is the longest day of the year. My mother can safely claim it to be the longest day of her life because she had her most difficult time giving birth to me. I was blessed and given the name Roland Wade Lambert. I read in a book of names that the name Roland means "adventurous" and the name Wade means "wanderer". I find that my name fits me well. I am very adventurous and always enjoy seeing and experiencing new things.

I grew up in the house that my father built in Salt Lake City and I graduated from Skyline High School in 1980. I lettered in wrestling and I attained the rank of Eagle Scout in scouting. I also spent three summers working as a counselor at Scout camps in the Uintah mountains in Eastern Utah for the Boy Scouts of America. My father taught me how to fish when I was young and our family spent many summer vacations camping and fishing. I learned a great appreciation and respect for the outdoors from my father and that appreciation has grown through the years.

After High School I served an L.D.S. mission in Seville, Spain. I returned from Spain in 1983 and enrolled at the University of Utah. I worked my way through school and received a B.S. degree in Political Science in the spring of 1988. I also received a certificate in International Relations and a minor in Spanish Language. While attending the University of Utah, I spent two summers traveling through Mexico and Central America. Having learned to scuba dive, I spent a good deal of that time diving in the Caribbean off Mexico's Yucatan Peninsula. I also spent time exploring Mayan ruins throughout Mexico and Guatemala.

While attending the University of Utah, I was a volunteer ski patrolmen at a local ski resort (part time), I learned to rock climb, travelled to Canada, took up mountain biking, and discovered southern Utah. During my senior year at the University I was chosen to attend a leadership conference in Washington D.C through the University's Hinkley Institute of Politics. In the summer of 1988 I was chosen to serve an Internship in Washington D.C. with a consulting and lobbying firm. A few months after returning to Salt Lake, I was hired by a new business called rocky Mountain Water company. In July of 1990 I left Rocky Mountain Water Co. to take a position working for a government contractor. I was hired as an inspector escort for soviet inspectors here in Utah in accordance with the I.N.F. treaty between the U.S.S.R.

I am currently the only unmarried member of my family (still looking). I am very active outside of work. I restored a Toyota Land Cruiser four wheel drive and I spend much of my free time exploring and photographing the deserts of southern Utah and the mountains. I also pursue other hobbies including oil painting and hiking. I have climbed all of the mountain peaks that surround the Salt Lake Valley as well as many throughout Utah. I also travel abroad often and traveled to Europe with my parents in the spring of 1992. I believe in setting and accomplishing goals. Reaching my goals and spending time with my family and friends are the greatest sources of happiness in my life.

She married Norman Lee HANSON 25 Aug 1984. They were sealed in the Salt Lake Temple 18 Mar 1986. Norman Lee HANSON was born 21 May 1966 in Salt Lake City, Utah, the son of John Fisher HANSON and Gwen SIDDOWAY. They are the parents of five children:

I, Melissa Hanson, was born on Jan. 8, 1967 in Salt Lake City, to Jeanine Marler Lambert and Lawrence Delano Lambert the youngest of seven children. I grew up in the house that my parents built and in which my parents still reside.

On 25 August, 1984 at the age of 17 I married my high school sweetheart Norman Lee Hanson. Norm was born on May 21, 1966 in Salt Lake City, Utah to Gwen Siddoway Hanson and John Fisher Hanson, the fifth of their six children. Norm grew up just two blocks from my home. Although we knew one another we did not begin dating until high school. Norm graduated from Skyline High School in June of 1984.

We were married in a small church ceremony presided over by my Ward Bishop and a reception followed with all the food and a beautiful cake provided by the loving hands of my family.

Norm and I then moved into our own apartment to start our life together.

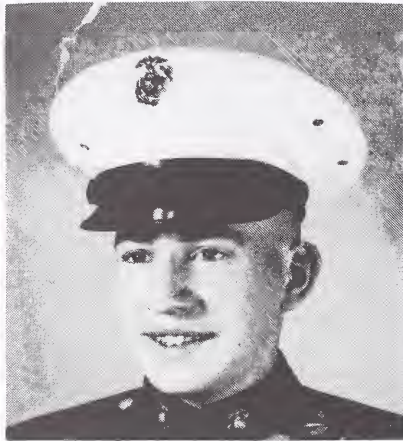

On March 5, 1985 I gave birth to our oldest son Trenton J. Hanson and three months later I graduated from Skyline High School with my parents, my husband and a bawling three month old baby in the audience.

On March 18, 1986 Norm and I were married for time and eternity in the Salt Lake Temple and our precious one year old son was sealed to us. I will never forget how I felt when he was brought in dressed all in white.

Our second son was born Feb. 7, 1987. When Collin was three months old we moved into our own home across the valley from our childhood homes. Two years later I found I was pregnant with our third child and I also decided it was time to continue my education, so during my pregnancy I made the necessary arrangements to begin college.

Trace Zachary Hanson was born Aug. 31, 1989 and when he was a little over four months old I began my college education pursuing a degree in nursing. It is an education made possible because of the support of my husband and my mom who spent many hours caring for our children and three beautiful little boys. I became pregnant again and had our fourth child in July 1991. I graduated from Salt Lake Community College in Mar 1992 as an R.N with an Associate of Science Degree. Since that time I have had another addition to our family, Garrett Tanner Hanson born 16 Mar 1994. At the present time I work in Labor and Delivery at the University Hospital which I really enjoy.

Section 40

Esther Ann Scott

1869-1936

Daughter of John SCOTT and Esther YEATES

40 **Esther Ann SCOTT**, daughter of **John SCOTT** (Jacob¹) and **Esther YEATES**, born 23 Dec 1869 in Millville, Cache, UT; died on 9 Jun 1936 in Logan, Cache, UT; buried in Millville, Cache, UT.

She married **Joseph BINDRUP** on 31 Oct 1888 in Logan, Cache, UT. Joseph was born on 26 Mar 1867, son of **Christian Christensen BINDRUP** and **Martine PETERSEN**, in Hyrum, Cache, UT; died 4 May 1913 in Millville, Cache, UT; buried in Millville, Cache, UT.

Joseph was called to serve a two year mission for the LDS Church in 1895, leaving a wife with three small children to care for themselves. Joseph's parents and many of Esther's family lived in the area so there must have been a cooperative effort to assist Esther and her children in the absence of Joseph.

Joseph and Esther are remembered as hard working, loving parents, friends and neighbors. They were active in church callings as well.

Times were hard and there was meager medical help available to assist with accidents and illness, so a number of the children died at an early age. Joseph, himself died at an early age from complications of a cold that resulted in pneumonia and subsequent death.

A new baby was born shortly after Joseph died, but lived only three weeks. Hardships continued to come to the family - insufficient finances, grain crops destroyed by hail, children going to bed hungry because of lack of food. Another child, Royal, was taken in death, so the family moved from their home to a new one built by the Priesthood brethren of the ward on a plot of ground purchased from their Grandmother Scott before their father's death. The flu epidemic of 1918 took two more of the children, so the sad mother took her children to Logan to live, where the older ones might find employment to help in supporting the family.

They are the parents of thirteen children; three that died in infancy, two that died in childhood and three that died as young adults:

Arela's memories of home and family include learning to count in Danish from her grandmother counting in Danish the eggs she gathered. The children especially liked the times when the wheat thrashers came because of the big meals that were served and the children being to stuff themselves on the leftovers.

When Arela started school she assisted her older brother, Ervall, and sister Etta, with their duties as school janitors - building the fires and getting the school rooms warm for the other children. One winter morning, walking nearly a mile through deep snow, her feet were frozen and much of the winter she could only wear black overshoes because her feet were so sore and swollen. Also because of ill health that winter, she was not able to keep up with the other students. The following year the family moved to Millville (now Nibley), living on a fish hatchery/apple orchard where her father was the caretaker. By the fifth grade she had worked hard enough to catch up with her age group and was very proud of her accomplishments. She loved school and was almost glad when she broke her right arm. Now she didn't have to top the beets and could stay in school more.

One evening after shopping, a nice young man in military uniform asked if he could carry her packages. He had

just returned from France, fighting in World War I. Arelda felt that the high opinion her Grandmother Esther Scott had of this young man brought them together in marriage.

She married **Fredrick William MARSHALL** on 14 Feb 1921 in Brigham City, Box Elder, UT. Fredrick was born 4 May 1895, son of **Fredrick James MARSHALL** and **Emma Amelia HANSEN**, in Logan, Cache, UT.

Times were hard for the young couple, losing a six month old baby son. Being active in the Church helped them "sing their heart-aches away."

EVENTS IN THE LIFE OF ARELDA BINDRUP MARSHALL (#40.6)

(1996 condensation of history written in 1976)

Arela Bindrup Marshall, daughter of Joseph Bindrup and Esther Ann Scott, was born 17 Feb 1900 in College Ward, Utah. She was the sixth child in a family of thirteen. Their parents were a loving couple and worked in several Church callings.

One of the happy times for the family was when the wheat thrashers came. The family was noted for the good meals they "put up" for the workers. The children could not remember seeing so much food at one time and could "stuff" themselves after the men had eaten their fill.

On a sad note - it seemed that many of the brothers and sisters died because of the lack of good medical help. "I'm sure my parents did the best they could for us, for sure they loved us dearly."

The Bindrup grandparents emigrated from Denmark and the grand children loved to hear their grandmother count the gathered eggs in Danish. Relda learned to count to 12 in the Danish language and also some other words.

Their father was called on a two-year L.D.S. mission, leaving his wife and three children to care for themselves. He spent that time proselyting without purse or script, converting many and baptizing several.

She started first grade school in College Ward, also helping her older brother, Erval, and sister, Etta, with their duties as school janitors - building the fires and getting the school rooms warm for the other children. One morning walking nearly a mile through deep frozen snow, her feet were frozen and much of that winter she could wear only black overshoes because her feet were so sore. Also because of ill health that winter, she was not able to keep up the other students. The following year the family moved to Millville (now Nibley Ward), living on a fish hatchery/apple orchard where her father was the caretaker. By the fifth grade she had worked hard enough to catch up with her age group and was very proud of her accomplishments. She loved school and was almost glad when she broke her right arm. Now she didn't have to top beets and could stay in school more.

One cold spring morning, her father was trimming fruit trees in the orchard. A very bad cold turned into pneumonia. Due to the lack of modern medicines, he was not able to survive. Before he died, he told his family not to feel too bad, because he knew he was being called on another mission in heaven, and that he would always be watching over us. "This I know because I've felt his presence many times." A new baby was born shortly after their father died, but lived only three weeks. Hardships continued to come to the little family - insufficient finances, grain crops destroyed by hail, children going to bed hungry because of the lack of flour and other food. Another little brother, Royal was taken in death, so the family moved from their home to a new one built by the Priesthood brethren of the ward on a plot of ground purchased from their Grandmother Scott before their father's death. The flu epidemic of 1918 took two more of the children, so the sad little mother took her children to Logan to live, where the older ones might find employment.

One evening after shopping, a nice looking young man in military uniform asked if he could carry her packages. He had just return from France fighting in World War I. Relda felt that the high opinion her Grandma Esther Scott had of this young man brought the two of them together in marriage in 1921 and later sealed in the Logan Temple. Times continued to be hard for the new couple, losing a six-months' old baby son. Being active in the Church helped them "sing their heart-aches away". The whole family sang together even after the death of another child. Two more children blessed their lives. They have watched their children grow up, make mistakes, as they did, yet they love each one dearly.

Now in the sunset of their lives, they're enjoying their nine grandchildren and six great grandchildren. They are blessed by their love and visits. Their testimonies have never faltered and they have prayed always.

1.5.42. Daniel Scott (from handwritten copy), son of John Scott and Esther Yeates Scott was born at Millville, Cache County, Utah. Nov. 16th 1875. I am the seventh child in the family. I was blessed by Richard Jessop at Millville, Utah Aug 3rd. 1876 was baptized by Ola Olson Nov. 18th 1884 confirmed a member of the church Nov. 18th 1884 by Johanna Anderson Millville Utah I was ordained a Teacher when 13 years old and was called to be a ward Teacher and acted in that capacity until 1902 I was ordained an Elder by Ephraim Yeates in 1902 and in May 1903 I was called to fill a mission to the Eastern States after taking missionary training course at the Old Brigham Young College in Logan, Utah prior to this time I had been a member of the Millville Ward Choir for several years. I spent 28 months in the mission field I had many faith promoting experiences I had the privilege of leading six converts into the waters of baptism and baptizing them I labored in New York, Pennsylvania, Maryland, Virginia and West Virginia. I saw the ears of the deaf unstopped I saw two people who had heart trouble very badly completely healed I saw one who had stomach trouble very badly completely healed I saw one old lady whom the doctors said could not possibly live more than four hours completely healed. I saw a young lady 17 years old who was given up at 2 o'clock p.m. by four doctors who said she could not possibly live more than a few hours completely healed and walking around out of doors by four P.M. that same day these wonderful things were all done through administering by my companion and myself I know these things of a surety I made many converts and very good friends through the blessings of the Lord I was promised that these things would follow my labors if I would be humble and ask for the spirit of the Lord to guide me in the things I would do while in the mission field. I really was blessed beyond my expectations after receiving an Honorable release. I returned home to my widowed mother July 13 1905 in Millville, Utah and I can say

truthfully that these 28 months was the happiest and most profitable in my life thus far when I got home I was kept in the harness I was set apart as the 1st counselor in the Mutual Improvement Association. I was chosen as president of the Elders Quorum 1st Assistant in the Sunday School Suprentency President of the Ward Choir President of a club of young men called the O.K. Club and through this organization quite a number of them became active church goers and also some of them accepted responsibility in the ward. I was also Ward Teacher. I was ordained a Seventy by Johnathan G. Kimball in the Logan Tabernacle. I married **Emma Mc Niel** in the Logan L.D.S. Temple Dec. 11, 1907. We lived in Millville until 1914 We had two children born in Millville this year of 14 we spent six months in Trenton, Utah on a dry farm we moved back in Sept to Millville where one more child was born to us the names of these three were Brigham D. Virginia and Ellwood in 1916 we moved to Logan Utah joining the 2nd Ward while there I was called to be 1st counselor in the Young Mens Mutual Improvement Association. We lived here two years I was also called to be a Ward Teacher I worked as custodian at the Logan Post Office two years in 1919 we joined the Logan 6th Ward we lived there two years while there I was called to be Ward Teacher and also while there one more child was born to us her name is Marjorie from there we moved to Logan 5th Ward we only lived there a short time from there we moved to Logan 7th Ward this was in 1920 May 10th soon after arriving here I was Ordained a High Priest by Wm. Owens a member of the Stake High Council I was Called as a teacher in the Mutual and also a Ward Teacher I have been a Ward Teacher and a member of the Ward Choir ever since we joined the Ward I was 1st Assistant in the Genealogical Organization for about 4 years. Our 5th child a girl was born to us Nov 4th 1923 here in the 7th Ward her name is Esther. I have tried to magnify every call made of me in the church We are now in the Logan 13th Ward and I have had my name on the Church Tithing record since I was a small boy, I still know the gospel is true. this is April 20th 1948. My widowed mother kept me while on this mission she died April 21st 1920 in Logan, Utah. I had three full brothers and three full sisters their names are: Brigham Yeates, Mary Levina, George Thomas, Sarah Marinda, Esther Ann, Fredrick Walter. 1.5.42.4 **Marjorie Scott**, daughter of **Daniel Scott 42** (John 5, Jacob 1) and **Emma Hoth Mc Niel** was born 16 Sep 1918 Logan, Cache, UT. I went to school at Logan High School, lived there 20 1/2 years. Married **Elwyn F. Peterson**, born 14 Jun 1911, Smithfield, Cache, UT. We were married 3 May 1939 in the Logan Temple. We have lived most of our married lives in Clearfield and surrounding areas for the past 50 years. I have been active in the Church of Jesus Christ of Latter-day Saints all my life. I love the Church and accept it's principles. I know God lives and his son Jesus Christ and the Holy Ghost. This is the only true church, it has been manifest to me many times in many ways. I know if we are true and faithful, we shall have eternal life. We cannot know these things unless we have been visited by the Holy Ghost and he has touched your spirit. I hope I can always be prayerful, study scriptures, be faithful and true to the Church and myself, set good example, love my fellowman, be honest, be committed "Know the truth and the truth will make you free." I say these things in the name of Jesus Christ Amen. We have been into music, taught our children music and had a family orchestra and entertained which brought joy into many lives. When we go in the car we would sing the L.D.S. Hymn Book was our constant companion. We read many good Books as a family, it brought us much happiness. Some times we would laugh until we'd cry. Families are forever. I have done geneology by organizing family materials, correcting and adding records and temple work. Marjorie and Elwyn have three children born to them.

John Scott and Roxy Angeline Keller

Angeline Keller was born 29 April 1851 in Millcreek, Utah. She was the eighth child of Alva Keller and Roxy Lucina Elliot. Her older sister, Nancy Ann, was fifteen years old when their parents came to the valley. She had walked nearly every mile of the long trek across the plains. Alva Keller settled in South Fork for the first winter before moving to Millcreek. He dug a two roomed house into the bank of Millcreek. He planted apple seeds and sugar cane and he also dug the first irrigation ditch. Angeline watched the crickets come like a great black blanket. When the seagulls came and did their work there was nothing left but a patch of potatoes. She was four years old when the grasshopper pest came. They did much damage, but not as much as the crickets. When Johnson's Army came Angeline was six years old. Her father took his family to Alpine for protection until they could return to their home in safety.

In 1868 Angeline became the fifth wife of John Scott. She was seventeen and he was fifty-seven. Her parents encouraged the marriage as they were good friends and knew John to be a good man. Angeline lived in Millville, Utah where her four children were born. They were: Winfield Madison, Mary A., Jacob Thaddeus and Roxy Lucina. Life was not always easy for Angeline as a young wife and mother. John was away much of the time. He died 16 Dec 1876. Five years later Angeline married Tillman Benoni Clifford (1881). Angeline had six more children: Orren, Mathau, Hulda, Ella, William and Leal. William died as an infant. Mary passed away when she was about twelve years old.

Angeline and Benoni left Utah for Canada in 1893. The LDS Church encouraged it's members to take advantage of the free homesteads there. They traveled by wagon with their four children and Angeline's three Scott children. Winfield was twenty-two, Jake was seventeen and Lucina was fifteen. They settled in Aetna, Alberta and took a homestead there. While living in Canada, the three Scott children married: Winfield married Johannah Katherine Jensen, (he passed away three years later). Jake married Winifred Thomas and Lucina married Edward Blaser. The family became tired of the cold weather in Canada and moved to Oregon in about 1907 leaving three loved ones in the cemetery: Winfield, Mathau and a little granddaughter , Luella Blaser. Jake and Lucina followed them to Oregon later.

Angeline was a good manager and a very hard worker. She canned and dried fruit and vegetables. She dried herbs which she used for different ailments. She was a good cook and a devoted mother. She knitted and sewed and made quilts for her family. Angeline lived mostly with Lucina after Benoni's death. She died in Lucina's home 19 Mar 1924 from complications of diabetes. Her family had great love for her and will always remember her as a good, kind person.

JOHN SCOTT and ANGELINE KELLER were the parents of four children:

- + 43 WINFIELD MADISON b 4 Apr 1871 md Johannah Jensen
- 44 MARY A. SCOTT b 8 Jan 1874. Died about 12 years of age.

He lived and grew up in Millville with his mother and sisters, Mary and Lucina, and his brother Jake. When he was about ten years old his mother married Benoni Clifford. In the spring of 1893 they moved to Canada. Winfield drove cattle all the way. He married Hannah Jensen 19 Oct 1898. All the family gathered at Hannah's home, however the Bishop failed to show up to marry them, since he was harvesting, he had not picked up his mail. He was finally sent for and the marriage took place. They lived in a little house on their homestead. They became the parents of a little girl. It was a proud day when Winfield took his family home in the buggy. As

they got to the top of the hill in Cardston, he knelt down on the side of the road and offered a prayer of thanks for his wife, and the safe deliverance of a beautiful daughter. He was a kind husband and father. When Hannah was expecting their second child, Winfield became very sick and was taken to a hospital in Lethbridge, forty five miles away. Hannah went to Lethbridge by stagecoach to see him. She could only afford to stay a week, Winfield said he was feeling better so she left for home. As they neared home, on 27 July 1901, a man hailed them down and said her husband had died. Four months later Hannah gave birth to a son, Winfield Scott Jr.

One year later she sold a cow and went by train to Salt Lake City to be sealed as a family in the Salt Lake Temple. Five years later she married Henry J. Byrne. One son was born to this union, Harry James Byrne, the marriage ended in divorce. Harry was killed in a farm accident at 13 yrs. of age. Hannah married Erastus Olsen and helped raise his family.

She was an independent lady, she drove her own car until she was ninety. She had a wonderful sense of humour in spite of many trials. She passed away 3 July 1972 at the age of 98 years.

Edward had emigrated from Switzerland to Idaho with his family, in 1893 he joined with some families and moved to Canada. Edward worked as a cowboy for some of the ranchers in the area, he also ran the flour mill in Cardston for several years and did some carpenter work. Lucina and Edward were married 12 July 1898, Edward took up 160 acres of land in Boundary Creek, Alta. He built a log house which he later moved to Aetna, Alta.
